MEANS THE CONSERVATION OF WORLD'S RESOURCES

OTTAWA, Feb. 26.—The report of the Canadian commissioners to the international conference at Washington on the conservation of natural resources of North America was presented to parliament today. The report, which is signed by Hon. Sydney Fisher, Hon. Clifford Sifton and Dr. Beaud, M. P., embodies the unanimous findings and recommendations of representatives of Canada, United States, Mexico and Newfoundland as to the principles which should guide the policy of the government of each country in taking active measures to prevent further waste and extravagance in the disposal of the natural heritage of the people and conserve for the future the forests, waters, lands and minerals on which so largely depends the whole future welfare of any country.

Form Common Basis

The recommendations, while not in any way binding on any of the countries concerned, form a common basis for legislation on one of the most important subjects of national policy which can engage the attention of parliament. The members of the conference found that the waste of the natural resources in Canada, United States and Mexico was practically the same, and, starting from this common basis, a unanimous agreement was reached as to recommendations to be made to their respective governments. The active principle of these recommendations is that each country shall appoint a conservation commission and shall make an inventory of natural resources which remain to be conserved. This first step, it is understood, is to be undertaken in the near future by each country and the principles recommended by the conference as a guide to the future disposal of natural resources will probably be gradually embodied in the legislation.

In brief, the report recommends a world's conference on conservation; the adoption of the principle that timber, water, lands, minerals, water powers, fuel and other natural resources should be regarded as public utilities and protected from monopoly and waste; that extensive forest reservations should be created under the control of trained forestry officers; that a more adequate system of fire protection should be established under government supervision in all forest lands; that taxation on standing timber should be so regulated as to encourage re-forestation and owners of land suited for agricultural purposes encouraged to re-forest; that no private monopoly of water powers should be allowed and leases should be granted only for limited periods and subject to government control of rates, and

that irrigation works should be under government rather than private control. Hon. Clifford Sifton, one of Canada's commissioners at the international Conservation Conference at Washington, returned to Ottawa last night with a fractured collar bone as the result of a fall from his horse while riding in Washington. He will be confined to his home here in consequence for some days.

Catarth Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarth is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarth Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarth Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription of the medical profession. It is a tonic known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarth. Send for testimonials free.

CALL TO BE MADE UPON SHAREHOLDERS

TORONTO, Feb. 26.—A call of above 65 cents on the dollar is to be made within a month upon all of the 721 shareholders of the Ontario Bank. This is the first official information that a call would be made and it would likely amount to \$100,000,000. The call is now being sent out telling shareholders that they will be contributors, and if they have any reasons why they should not be they must so notify Official Referee George Knappe, K. C., at once. The Royal Trust Company, it was believed, would delay the call until the outcome of suits launched against former directors, but it appears they have no such intention. The Bank of Montreal is sole auditor of the Ontario Bank, and the call to be levied on the shareholders will all go to the bank, who took over the assets at the time of the failure of the Ontario Bank.

REWARD IS OFFERED FOR GIRL'S SLAYER

HAMILTON, Feb. 26.—T. L. Kinrade, father of Miss Ethel Kinrade, who was murdered in her home yesterday afternoon by a supposed tramp, has decided to offer a reward of \$1,000 for the slayer. The father's latest theory of the tragedy is that the desperado mistook Ethel for Elsie and thought she was going outside to call for assistance. It has been discovered that there were seven shots fired into the girl, three into the eye, two in the mouth, one in the cheek and the seventh in the temple. The Hamilton city council has decided to offer a reward of \$100 for the arrest and conviction of the murderer. The Ontario government will also offer a reward.

IMMENSE PLANS FOR PROMOTING MISSIONS

Officials Representing a Million Men Decide to Co-operate With Laymen's Missionary Movement.

PITTSBURGH, Pa., Feb. 26.—Thirty officials of sixteen national Protestant lay organizations, representing a membership of more than 1,000,000, met here today and organized the International Brotherhood Conference. It was decided to co-operate with the laymen's missionary movement. The first of this series is to be addressed by President Taft next month, and the last is to be at St. Louis in March of next year. The national congress of men to be held at that time and place is expected to be the largest Christian meeting ever held in America. Robert H. Gardner, of Boston, was made chairman of today's conference, and the national organizations represented were:—St. Andrew's Brotherhood (Episcopal), American Institute of Social Science, Laymen's Evangelistic Conference, Laymen's Missionary Movement, Young Men's Christian Association, International Young Men's Christian Association, Federal Council Churches of Christ of America, Presbyterian Brotherhood of America, Interdenominational Brotherhood of Andrew and Philip, Presbyterian Brotherhood in the Southern Church, Brotherhood of Disciples in Christ, Congregational Brotherhood, Methodist Brotherhood, United Presbyterian Men's Movement and National League of Universalist Laymen.

REBELLION IN THE TENNESSEE SENATE

NASHVILLE, Tenn., Feb. 26.—That thirteen members of the state senate have fled the state to defeat the purpose of the recent election laws passed over Governor Patterson's veto, is asserted in well informed circles tonight. The thirteen members were declared in contempt of the senate by that body today and the sergeant-at-arms was instructed to go in pursuit of them. NASHVILLE, Tenn., Feb. 26.—It is declared further that the absentees will remain away during the remaining twenty-two days of the legislative session, thereby leaving in the hands of Governor Patterson the election machinery of the state and defeating the expressed will of the majority of both houses in passing over the protest of the governor, laws to relieve him of this authority.

SLOWLY GATHERING JURY FOR STANDARD OIL CASE

CHICAGO, Ill., Feb. 26.—The jury in the re-trial of the Standard Oil Company of Indiana for alleged acceptance of bribes to obtain a monopoly of oil from Whiting, Ind., to East St. Louis, Ill., was slowly gathering at the court house today when court reconvened on Monday. Of the twelve men in the box, three are retired farmers and the others are retail merchants. Five are Chicago men, eighteen men were examined in all.

NOTABLE GATHERING AT PEACE SOCIETY BANQUET

NEW YORK, N. Y., Feb. 26.—The Peace Society, of New York, brought together around the banquet table, at the Hotel Astor, tonight, a most notable gathering of men prominent in national, state and city affairs. The dinner was in honor of senator-elect Elihu Root, of New York and Joseph H. Choate, was toastmaster. President-elect William H. Taft, Governor Chas. E. Hughes, Right Hon. James Bryce, the British Ambassador, Baron Kogoro Takakura, Ambassador from Japan and Jozequin Nubeco, Brazilian Ambassador were the speakers and the guests numbered about eight hundred.

REVENUE CUTTER ON THE ROCKS IN HELL GATE

NEW YORK, Feb. 26.—The United States revenue cutter Mohawk, bound from New London for Tompkinsville, ran on the rocks in Hell Gate, off Ward's Head, known as Little Hog Back, late today, and at a late hour tonight was still hard aground, despite the efforts of several tugs to move her. The cutter's bow is resting on two sharp rocks and it is feared they will wear a hole in the ship's bottom. Wireless telegraph brought the news that the Mohawk is leaning badly and that there is some water in the fire-room but that the pumps are keeping ahead of the flow. Several plates in the cutter's bow are broken and others are bent.

THE BREW
One may have a delicious, wholesome cup of
POSTUM
if it is properly brewed—but Postum, like all good things, can be spoiled in the making. If cook has abused you have another try. It's easy—follow directions on package.
"There's a Reason."

FIRE SALE -LADIES' FUR LINED COATS- \$75 TO \$130 COATS FOR \$40

The object of this sale is to close out at one sale the balance of Ladies' Fur Lined Coats of which we have only one of each kind in stock. We have just nine of these coats left, and all are greatly reduced in price after the fire. The garments are odd lines—no two alike—and the prices have been cut to clear. It may seem odd to you that we should close out these splendid Dunlap-Cooke Co. made coats at such sacrifice prices. We give you our reason; we think it a good deal better business if we have to lose a few hundred dollars on the balance of our stock of this season's make, and be able to advertise next season that every fur lined coat in our stock is absolutely FRESH and NEW, than that we should hold them over for another season and make the additional money that you save in buying now. We are not going to lose in these goods—its the insurance company that pays the loss, and that's why we can cut the price of fur lined coats lower than you ever heard of buying high classed fur lined coats before.

Here are Discounts of from \$40 to \$60 on a single garment.

Goods will be on view Saturday and Monday.

Doors Open and Goods on Sale Tuesday morning at 9 o'clock.

HAD POISON IN HIS BEARD.

As He Ate It Fell on His Food and He Fell Over Unconscious—Pumped Out.

PHILADELPHIA, Feb. 26.—W. C. Deutz of 239 South Fourth street, on Monday was the proud possessor of a beard which was the admiration and the envy of a large circle of fellow employees of the Blufford Chemical Company. Today it is no more.

This morning while Mr. Deutz was weighing bichloride of mercury, his face came in contact with the deadly poison and many grains were secreted in it. Shortly afterward the whistle for the dinner hour blew, and being more hungry than discreet, the chemist went to lunch without preparing the facial appendage for the event, as was usually his wont. At the table as Deutz ate the whiskers kept time to the maddening process, showering little grains of bichloride upon each particle of food. Soon afterward companions were horrified to see him tumble to the floor, his body doubled up in agony. Antidotes were given him, but of no avail, and the unconscious man was hurried to the hospital. There the stomach pump was used and the poison drawn from his system. Deutz rallied quickly from the experience to face the fact that as long as the beard remained the grains of poison secreted in it there was a possibility that he might again eat it contents. So he has no whiskers now.

FIRST CALL FOR BREAKFAST.
On a Pullman sleeper, about 7 o'clock in the morning, when the passengers were almost ready to leave their berths, a tiny baby in the car began to cry lustily. Just at that identical moment the porter opened the door and sang out: "First call for breakfast."

FUNERALS AT WOODSTOCK

WOODSTOCK, N. B., Feb. 27.—The funeral of the late Margaret Ann Doherty, whose age was 79 years, took place this morning, from her residence. The only surviving member of the family, Mrs. Belle Holbrook, of Holyoke, Mass., was present. Requiem mass was celebrated by Rev. F. J. McMurray in St. Gertrude's Church, and the interment was made in the Catholic cemetery. The pall bearers were relatives of deceased.

MIXED METAPHORS.

(From "P's Weekly.")
The amateur historian is responsible for this: "All along the ever flowing stream of history you can discern the silent footprints of the crowned heads of Europe!"
The village reporter on the death of the village poet: "That dauntless pen shall write no more, for his eyes are closed forever!"
From the speech of a rising young politician: "The fierce light of public opinion shall die their footstep until it strangles them. Then shall they swallow the bitter pill and drink its very dregs."
Advice and warning from a successful man of business to a gathering of young people: "Every rung in the ladder of success is paved with slippery stones, on which only the clear head and the steady hand can retain their footing!"
The fearless suffragette was addressing a meeting of men. She said:

ENERGETIC EDITOR

IS UNDER INDICTMENT

Japanese Journalist in Hawaii Arrested for Inflammatory Articles

HONOLULU, Feb. 27.—Yosoka, editor of the Nippo Jiji, which for several weeks has waged a virulent campaign for a strike of Japanese plantation laborers for higher wages, and went so far as to advocate that all Japanese leave the Hawaiian Islands if their demands were not granted, has been indicted by the grand jury as a dangerous and disorderly person because of the inflammatory articles appearing in his paper. Yosoka's papers recently intimated the sentiments of a Hilo publication that the Japanese in the islands ought to ask the Government of Japan to send warnings to Hawaii to back up the demands of the plantation laborers for higher wages. Yosoka's bail was fixed at \$50.

FALLING OFF IN SURPLUS

Ontario's Accounts Laid on Table

SLIGHT SURPLUS

Total Expenditure, \$8,557,064.60—Total Receipts, \$8,602,902.72

TORONTO, Ont., Feb. 26.—The provincial public accounts which were laid on the table this afternoon show a decided falling off in surplus, which is decreased by about \$500,000. The total expenditure is listed at \$8,557,064.60, while receipts amount to \$8,602,902.72, giving a total surplus of \$45,838.12. The explanation of the decreased surplus is said to be found in the department of crown lands. Last year was a hard one and many settlers were unable to pay dues through the difficulty experienced in selling lumber. The money is expected to come in eventually, but it was desired to sell out many of the new arrivals in just opened parts of the province. The total revenue from the department was \$2,430,428.29. On the other hand the succession duties have gone very much above the expectation of the treasurer's department, showing the total receipt of \$1,124,596.88. The provincial indebtedness to the Dominion has been wiped out, while the supplementary revenue shows the figure of \$355,482.31. The indirect liability of the province has been reduced by nearly three millions. Entered on receipts side of public accounts stands \$1,974,084.65, brought forward from last year. Dominion subsidies (on population and others) were \$2,128,772.05. Mining licenses have netted \$71,721.28. The total amount received in the shape of hunting licenses and penalties for infractions of game laws was \$28,940.20.

HIRAM PERRY IS

HELD FOR MURDER

BOSTON, Mass., Feb. 26.—Suliste pact is the explanation Hiram Perry, the south end coal dealer, gives for shooting and killing Catherine McDougall, of Digby, N. S., at her lodging house last Wednesday. Perry, who afterwards swallowed carbolic acid, was pumped out and has recovered. At the hospital today he told the officers he and Miss McDougall made an agreement Tuesday night to die together. The next morning he fired two shots killing the girl, but the remaining cartridges did not fit the revolver and he was unable to shoot himself. He attempted to keep the agreement by drinking poison. Miss McDougall had been out of work and despondent. Perry had lost all his money by robbery. Perry was formally arrested and charged with murder.

NEW BRUNSWICK

EXHIBIT TAKES

NEW YORK, N. Y., Feb. 26.—The fifth annual Sportsmen's Show was opened at Madison Square Garden tonight with the usual display of all the paraphernalia fond to the hunter, the fisherman and devotees of every other sort of out-door sport. Finding particular favor with the thousands of out of door enthusiasts who visited the show tonight, was the exhibit of the government of New Brunswick, which has erected a picturesque spruce log cabin and sent down eight of its best forest guides.

MOTHER

This happy mother, like thousands of others, believes in nothing so much as Mother Seigel's Syrup. The days when household work was a burden and the least exertion painful, when even her own children irritated her, are a long way behind. So are the headaches, the starchy taste, the heartburn, the dizziness and the constant feeling of fatigue. They vanished like a bad dream the day she first bought Mother Seigel's Syrup, and they will stay away as long as Mother Seigel's Syrup has a place in her cupboard. It is the standard remedy for indigestion and liver disorders, and the regular family medicine in thousands of Canadian homes. Good for mother. Good for father. Good for all the family!

Price 60c a bottle. Sold everywhere.
A. J. White & Co. Ltd., Toronto.
