Correction in Report. In The Standard's despatch from Fredericton on Monday, O. S. Crockett was made to appear as quoting Dr. Frank Phinney of Cincinnati, Ohio, as having expressed himself when speaking of reciprocity to the effect that he was ashamed of his father for advocating the adoption of the pact. As a matter of fact Mr. Crockett made no such statement, but he did refer to Dr. Phinney's earnestness in expressing to him (Crockett) his strong opposition as a Canadian resident of the United States to the adoption of the reciprocity pact.

ARRANGEMENTS MADE FOR SUSSEX MEETING

Mr. Borden will speak in Exhibition Building tonight—Special Railway Rates Have Been Issued.

DR. TOWNSEND TO HAVE CHARGE OF SANITORIUM

Formerly of Metapan Institution, near Boston—Mrs. Jordan Paying for Fire Protection—Opens Next Spring.

As a result of the efforts of Mrs. J. C. Jordan, arrangements have been made with Dr. Townsend, formerly of the Metapan Sanatorium near Boston, to take charge of the Jordan Memorial Sanatorium at River Glade. Dr. Townsend will take charge of the work of converting the former residence into a hospital about the first of October. Owing to the extensive alterations which will be made, it is not expected that the hospital will be open for the accommodation of patients before spring.

Dr. Townsend has had much experience in sanatorium work, and the sanatorium commissioners are being congratulated on having secured his services. At her own expense Mrs. Jordan has arranged to install tanks and pipes for the purpose of affording the sanatorium protection from fire. Mrs. Jordan left last night for San Francisco, accompanied by three of her nieces. She will return to River Glade next May. A comfortable cottage and stables are being erected for her, and are now nearing completion, and she expects to return each summer, both because of her liking for the place and on account of her deep interest in the sanatorium which is being established through her generosity.

POINTS A MORAL FROM TELEPHONE COMPANY

Correspondent Claims "Optional Agreement" is Like Reciprocity—Believes Canada No Easy Mark.

To the Editor of The Standard. Sir:—It is only a short time since the N. B. Telephone Co., sprung upon an unwary public an optional agreement (in order to raise its rental rates) similar to the present reciprocity pact which is now being sprung upon the same people by our present government.

The telephone company's representative assured us that the agreement was only for 30 days. Before the wise ones got busy, the telephone company had secured enough signatures to carry out its purpose and the subscribers have been signing "Can I Get Back" ever since. The organized effort of the board of trade backed by a Royal Commission has been defeated and the people must pay the advanced rates.

I submit that these innocent looking optional agreements are the latest methods of the Trusts for catching and fleecing the public and once they get the people on the hook there is no turning back. I further submit that the United States government is controlled by the trusts, therefore, the present reciprocity pact is virtually an agreement between the U. S. Trusts and the Canadian government.

The United States is not governed, it is "truster" and the trusts are very anxious to have the Canadians come under a similar state of organized chaos, but I am confident that there are not sufficient "easy marks" in Canada to force the people into the prepared meshes of organized price-risers.

Yours sincerely, DISTRUST.

W. B. FAWCETT'S TRUE POLITICAL HISTORY

Not Been Conservative for Many Years—Couldn't Have His Own Way, So Turned His Coat.

The Pugsley organs are making a great blow about W. B. Fawcett of Sackville going on the stump in York County in the interest of Dr. Alberton, the Liberal candidate. Mr. Fawcett is described as a prominent Conservative of Sackville, and the insinuation is that he had just decided to throw in his lot with the Liberals because of a strong endorsement of the reciprocity agreement.

As a matter of fact, Mr. Fawcett has not been a Conservative for a great many years. He was born on the proper side, but some twenty years ago, or a considerable time before the Telegraph and Times began to receive support from the dredges, Mr. Fawcett got his back up at Senator Wood. The trouble was that Senator Wood failed to secure for Mr. Fawcett a reduction in the intercolonial freight rates, by means of which Mr. Fawcett might be able to ship a few cattle from his farm in Westmorland County to the Halifax markets at carload rates. Since he was denied this privilege, he has been one of the most ardent opponents of the Conservative party in New Brunswick.

CORMIER WILL SWEEP VICTORIA-MADAWASKA

Conservative Candidate Addresses Large Gathering at St. Anns—Telling Arrangement of Government.

St. Anne's Mad. Co., Sept. 4.—If any person has had any doubts in regard to Max D. Cormier's powers as a speaker in public, those doubts were removed on last Sunday when he addressed one of the largest gatherings ever seen at St. Anne's. It is very evident the people of Madawaska County are getting in line to vote against reciprocity.

Rounds of applause were given Mr. Cormier as he ably and fearlessly showed up to the people scandal after scandal of the Laurier government. He also showed clearly to the voters the graft in connection with the Transcontinental Railway.

Mr. Cormier is an able, clear and candid speaker and makes a fine impression on the minds of the people, where ever he goes. His election on September 21 to represent Madawaska at Ottawa is practically assured.

Which? Headaches or Glasses

When there's a defect in your eyes it does not mean that you are likely to become blind if you do not wear glasses. But it does mean that unless you have the trouble corrected, your eyes will be under constant strain and you will have the headaches recurring more frequently. If you would rather have the headaches, than to wear glasses, don't buy glasses. If you want to get rid of the headache, come in early in the morning and let us examine your eyes. We will tell you just what they need and will make up for you glasses that will not only correct the trouble, but will look well too. The decision rests with you.

LAURIER'S LOYALTY IN ITS TRUE COLORS

Correspondent Recalls His Action in Boer War—No Desire for Closer Relations with Mother Country.

To the Editor of The Standard. Sir:—I read with much amusement a letter published in the Telegraph signed One of the British-Born. The letter in question refers to Laurier as The Grand Old Man of Canada and compares him with Gladstone.

British-Born eulogizes Laurier for his loyalty to the cause he holds dear. Yes! what is the cause he holds dear? Certainly not closer relations with the Mother Land. He showed his colors in the late Boer war. When Canadians volunteered to go to the front, was it Laurier who was enthusiastic about
