WOMAN ESCAPES DREADFUL OPERATION
How She Was Saved From Surgeon's Knife by Lydia E. Pinkham's Vegetable Compound.

Mogadore, Ohio.—"The first two years I was married I suffered so much from female troubles and bearing down pains that I could not stand on my feet long enough to do my work. The doctor said I would have to undergo an operation, but my husband wanted me to try Lydia E. Pinkham's VegetableCompound first. I took three bottles and it made me well and strong and I avoided a dreadful operation. I now have two fine healthy children, and I cannot say too much about what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. LEE MANGES, R. F. D. 10, Mogadore, Ohio.
Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?
For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.
If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

KIDNEYS WERE SO SORE
DIDN'T KNOW WHAT TO DO.
GRAVEL AND SMALL STONES PASSED THROUGH THE URINE.
One of the most painful forms of kidney disease is Gravel or Stone in the Bladder, and is caused by the acid and lime in the blood uniting and forming a gritty substance which lodges in the inner surfaces of the kidneys or bladder, and sets up a painful irritation.
To relieve these terrible pains it is necessary to keep the kidneys healthy for healthy kidneys secret fluids that dissolve the gravel and stones, and they pass out through the urine harmlessly and without pain.
Mrs. Elmire Baldwin, Windsor, Ont., writes:—"I was so weak I could not do my own work. I tried many doctors, and every one of them told me to go to some institution. Reading of Doan's Kidney Pills, I tried them, and am now well, and can recommend them to all. My kidneys were so sore I did not know what to do, but after using the Doan's Kidney Pills, you would be surprised at all the gravel and small stones that passed through my urine. Now I am well and able to do my own work."
Doan's Kidney Pills are 50 cents per box, 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. When ordering direct, specify "Doan's."

OCTOBER A GOOD MONTH FOR THE MEN

Associated Charities Secretary Reports More Employment and Fewer Requests for Relief from Needy Ones

At the monthly meeting of the board of associated charities yesterday afternoon, the matter of a children's protection act was further discussed. A number of cases were reported in which some legislation dealing with this phase of social work was shown to be urgently needed. The committee in charge of this movement have not, yet obtained full information showing that need for such an act exists in other portions of the province or whether, indeed, there is any demand for such act, and the suggestion was offered that as there is a pressing demand in St. John for authority to deal with cases that frequently arise, a measure might be passed which could be brought into effect by any municipality desiring the protection it would afford. The committee reported progress and will endeavor to secure fullest information and discuss the remedies for existing conditions with persons best qualified to assist in the campaign.

The secretary's report for the month went to show that as compared with October of last year, there is more employment among men and fewer requests for relief. At the same time it is felt that the prevailing mild weather has had something to do with the lessened actual suffering among the poor, while the existing good times improve largely laboring conditions. The report was as follows:

Report for October, 1912.

Applications received, 315; requests for employment, 57—2 men, 3 boys, 43 women, 6 young girls, 2 working housekeepers, 1 woman to do sewing at home; requests for maids, 12; requests for relief, 14; requests for women by the day, 35. Employment was found for 3 men, 35 women, 3 young girls and 2 boys. Requests from out of the city, 9; for transportation, 2; recommended, 33; advice given to 14; records given, 19; letters written, 45; relief procured for 13; clothing given to 9; visits made, 22; cases investigated, 8; three for other cities.

A number of matters of a routine nature were discussed, dealing with the finance of the association, etc.

LECTURE ON THE PALACES OF ROME

Mrs. Frank B. Ellis the Lecturer Before Ladies of Natural History Society Yesterday Afternoon.

Yesterday afternoon an interesting lecture was delivered by Mrs. Frank B. Ellis before the ladies' auxiliary of the Natural History Society. Mrs. Ellis' subject was "The Royal Palaces of Rome." In introducing the subject Mrs. Ellis referred to the great number of palaces and palatial ruins which are to be found in the Eternal City, and which have reflected her grandeur through ages. In an interesting manner she led her audience in fancy through Rome, and gave a graphic word picture of the palace of the Caesars, the Lateran palace, the Vatican, Quirinal and Castle of St. Angelo, and related some of the historic associations connected with these places as well as describing the art treasures they contain. Much interest was added to the lecture by the splendid collection of illustrated views shown in connection with the lecture. At the close of the lecture a hearty vote of thanks for her delightful lecture was tendered Mrs. Ellis by the president Mrs. G. F. Matthew.

H. A. Powell Home from Montreal

H. A. Powell returned to the city last evening after attending a meeting of the International Joint Waterways Commission at Montreal. When seen by a Standard reporter Mr. Powell said the commission meet to consider the business to be taken up at the meeting in Washington on Nov. 18th. He said the questions regarding the channel in Lake Erie, the dam at Kettle Falls, together with the Waterous boom on the Rainy River, and the raising of the water level of Rainy Lake would be dealt with then. The jurisdiction of the commission has been questioned in the matter of the Waterous dam and the raising of the water level of Lake of the Woods. These two matters will receive the special attention of the commission.

WEDDINGS

Logie-Fraser.

Chatham, N. B., Nov. 13.—One of the prettiest and happiest matrimonial events of the year took place on Tuesday evening at the home of Mr. and Mrs. George B. Fraser, when their daughter, Helen C., became the bride of Gordon H. Logie, son of Mr. and Mrs. Robert Logie of Chatham. The bride looked lovely gowned in a directoire satin bertha and panel of Venetian point lace with bridal veil and orange blossoms and carried a shower bouquet of white roses. As Mrs. H. B. McDonald played The Voice that Breathed O'er Eden, the bride entered the drawing room, where the ceremony took place, leaning on the arm of her father. She was attended by her sister, Miss Marion Fraser, who wore a gown of corn colored ninon over silk and carried a shower bouquet of roses and daisies. The decoration of the room had been carried out with such excellent effect that it had been transformed into a bower of evergreens with rowan berries intermingled. The groom was supported by his brother, Wallace Logie, and the ceremony was performed by Rev. George Wood. Only the families of both parties were present. A wedding supper was partaken of and Mr. and Mrs. Logie left on the Maritime for Montreal, Toronto and other points. Mr. Logie is manager of the Bank of Nova Scotia branch in Sydney.

Butler-Collins.

St. Rose's church was the scene of a very pretty wedding at 6 o'clock yesterday morning, when Miss Maud M. Collins, of Main street, Fairville, was united in marriage to Frederick Butler of Musquash. Rev. Charles Collins officiated at the ceremony. The bride looked charming in a tailored suit of white serge, with black beaver hat, trimmed with black and white ostrich plumes and carried a bridal bouquet of white roses. Miss Nellie Flemming was bridesmaid. She wore a very pretty suit of black velvet with black beaver hat with white trimmings and carried a bouquet of pink and white carnations. Leo Collins supported the groom. Following the ceremony a dainty wedding breakfast was served at the home of the bride, after which the happy couple left on a honeymoon trip to Boston and New York. Returning they will reside in Fairville. They were the recipients of a large number of magnificent presents in silver and cut glass. The groom's present to the bride was a gold watch and chain, to the bridesmaid a signet ring and to the groomsman a set of gold cuff links.

SEES CHANGE IN THE EAST

Spirit of Optimism Abroad Says Business Manager of Big Fish Concern in Montreal.

"There is one thing that struck me forcibly on this trip down east," said A. H. Brittain of Montreal, business manager of the big Maritime Fish corporation, who was at the Royal yesterday. "Everywhere I met manifestations of the new spirit of optimism. That's what I have been looking for. You people have got the best part of Canada, and as soon as you realize it things will begin to move in a way that will astonish you."

Speaking of the operations of the Maritime fishermen this year Mr. Brittain said the catch had been good, and that prices were strong.

"Our company is shipping fish right out to Vancouver and we are not the only company engaged in the development of the fisheries of the Maritime Provinces. The only trouble we have is the difficulty of securing railway facilities to handle the increasing business in fish. The railway companies say there has been a revolution in the fish business in the last few years, and that, in order to handle the fish shipments, they will have to increase their facilities for handling traffic here. There is no doubt that the shipments of fresh fish through St. John have increased rapidly in recent years, and that there will be great developments along this line in the near future. The demand for fresh fish in Canadian cities is increasing rapidly. All that is wanted is to assure a steady supply. To meet this condition the beam trawler will prove a factor of importance. We have two of these vessels at work now. In spite of the agitation against them I believe they are destined to play an important part in the future development of the fishing industry.

NEW STANDARD OF MISSIONARY GIVING IS BADLY NEEDED

General Secretary of Laymen's Missionary Movement Says Canada's Churches are Not Keeping Pace with Progress

The fifth anniversary of the Laymen's Missionary Movement in Canada was observed last Sunday in cities and towns from coast to coast. Reports were given as to increased offerings and in many places one entire hour on Sunday afternoon was given to prayer.

H. K. Caskey, the general secretary of the movement in Canada, was in St. John yesterday en route to Halifax and other points in Nova Scotia where he will conduct committee conferences next week. He says that the combined gifts to home and foreign missions by all Canadian churches in 1908-09 was $1,492,000 and for 1911-12 this was increased to $2,500,181, an increase of 66 2-3 p. c., but still more than $10,000 under what the Chinese immigrants to Canada paid in 1911 for that privilege. This sum must be multiplied by twenty-four to equal Canada's liquor bill. Canada's export trade from her farm, forests, factories and fisheries increased from $81,523,903 in 1901 to $178,999,003 in 1911; bank deposits last year were $880,434,000, and field crops alone in 1911 were valued at $558,109,000. A new standard of giving to missions must be established in the church and the most important thing is to get every one giving something. Mr. Caskey will spend Sunday, the 24th, in St. John and Monday, the 25th, at Fredericton.

ST. ANDREWS CURLERS IN ANNUAL SESSION

Officers Elected at Meeting Held on Tuesday Evening—Club Adopts Pretty Emblem Badges.

Lack of space yesterday morning was responsible for the non-appearance of the report of the annual meeting of St. Andrew's Curling Club, which was held on Tuesday evening. The club elected officers as follows: E. A. Smith, president; E. L. Rising, vice-president; C. H. Ferguson, secretary-treasurer; Rev. Gordon Dickie, chaplain; John White, R. G. Haley, J. H. Tillotson and S. P. McCavour, managing committee.

The new members elected were: A. C. Skelton, E. A. March, A. G. Stevens, G. F. Palmer, Thomas Nagle, Jas. Burgess, Fred W. Fraser, L. W. Peters, C. F. Inches, Hugh Mackay, Colin Mackay, A. E. Scott, E. C. Weyman, J. C. Belyea, M. McAvity, F. B. Ellis, Harold Perley, A. C. Jardine, W. C. Rising, H. W. Rising, G. H. Lounsbury, W. H. Harrison, S. A. M. Skinner, Rev. J. W. Holland, James McMurray, H. A. Cosman, R. M. Rive, E. E. Bishop, L. C. Prime, J. A. Tilton, H. G. Weeks.

The club adopted as its emblem a very pretty badge designed by the new president The emblem is an enamel pin the size of a twenty-five cent piece. There is a St. Andrew's cross in white over a maple leaf in autumn tints, the white on a field of blue, while in a circle about the rim are the words St. Andrew's Curling Club, St. John, N. B., 1855. The design has been very artistically worked up by the Canadian manufacturers and the embelm is a distinctive and effective one.

At the meeting it was reported that the repairs made to the rink during the year had entailed an expenditure of $2,872.50. Seven concrete walls were placed under the rink and new hard pine stringers and covered with two-inch spruce plank were laid with galvanized wire nails, so the floor now is perfectly level and should never shrink. One result of this improvement should be to give ice much earlier than in previous years.

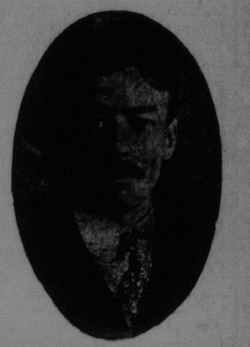
"The Only Cure for Piles"
Writes Mr. Taylor in Telling His Experience With Dr. Chase's Ointment.



Mr. M. Taylor.

Because Dr. Chase's Ointment brings almost immediate relief from the dreadful itching, burning, stinging sensations of piles, it is well worth the attention of everyone suffering from this annoying disease.
In most cases, even after years of standing, Dr. Chase's Ointment makes a thorough and lasting cure of itching, bleeding and protruding piles.
Mr. Maxwell Taylor, Charlottetown, P.E.I., writes: "To all sufferers from piles in any form I would recommend Dr. Chase's Ointment as the only cure. Over a year ago while in Boston I became afflicted with a dreadful itching. I went to a doctor, who gave me some ointment, which made me no better. A friend advised the use of Dr. Chase's Ointment, and by the use of two boxes I was entirely cured. You may publish this statement in order that other sufferers may profit by my experience."
Dr. Chase's Ointment can better prove its value by the relief it affords than by all the words we could use in its praise. 60 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.
A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a good, gentle cleansing, too.
