TELEGRAPH AND TELEPHONE SERVICE STILL HANDICAPPED

Thursday's Storm Has Demoralized the System—Hundreds of Poles Down—Telegrams Sent by Trains.

Thursday's storm caused a greater amount of damage east of Moncton than was at first supposed and it is now thought that practically all the poles are down between Sackville and Amherst and a great many between Dorchester and Sackville.

Yesterday afternoon the Western Union succeeded in getting one wire through on the cable but that is the only communication they have to the east of Moncton. Large crews of men are working night and day to repair the damage but it will likely be some days before the service is back to normal.

The C. P. R. report that they have been able to get only as far east as Moncton and their estimate of the number of poles down is one hundred. They hope to get one wire through today before noon.

The New Brunswick Telephone Company have only been able to get as far as Salisbury, but they hope to get a line through to Moncton this morning. Reports received by them would indi-

cate that conditions were nearly as bad as they were last winter at the time of the Halifax explosion. All Fitchcote roads are blocked with snow and it is very hard to get around with a team.

Owing to the storm all stock wires were down and it was impossible to get the market returns through in the regular way. It was yesterday decided to go back a few ages and send all messages by the courier method. On each train leaving for the east was one or more special messengers bearing in his grip private telegrams and press matter for the several stations along the line.

ESPECIALLY GOOD AT THIS TIME

Hood's Sarsaparilla—Best Medicine to Build Up the System.

After influenza, grip, fevers, blood-poisoning and prostrating diseases, that leave poor appetite, weakness, that tired feeling and other ailments, Hood's Sarsaparilla has benefited thousands by purifying and enriching the blood, curing skin diseases, stomach, liver and kidney troubles.

Forecast: Maritime—Moderate winds, fair or a little higher temperature.

Northern New England—Fair Saturday and probably Sunday, not much change in temperature. Fresh south winds.

H. Milburn, superintendent of the Canadian Red Cross Transportation, is in St. John, arranging for the winter shipping. Mr. Milburn wishes to impress most earnestly upon all Red Cross workers the great necessity of not slackening upon the supplies, as it must be kept in mind that this society will take over the care of the refugees, as well as continuing the care of the wounded soldiers.

DIED.

McCART—On November 14th, 1918, Peter McCart, aged 76 years, leaving one daughter to mourn. (Boston papers please copy.)

BETTINSON—On the 14th inst at his residence, 89 Pleasant street, West Side, C. Enley Bettinson, leaving besides his wife, seven children, two sisters and two brothers.

BELL—On the 15th inst, Mildred Viola, aged 13 years, youngest daughter of Mr. and Mrs. W. H. Bell, 60 Wentworth street, leaving her parents and two sisters to mourn. Funeral arrangements later.

PLAN TO CONSOLIDATE WESTERN AND POSTAL

Washington, Nov. 15.—Investigation into the feasibility of consolidating Western Union and Postal Telegraph facilities, begun by a special committee when the government assumed wire control last summer, has been practically completed. Orders providing for the consolidation in a number of cities over the country probably will be issued shortly.

WILL REMAIN IN SERVICE.

Boston, Mass., Nov. 15.—General hundred merchant marine apprentices in training under the direction of the United States Shipping Board met here today and pledged themselves to remain in service notwithstanding the cessation of hostilities, to aid in manning the growing fleet of merchant vessels.

WILL HELP WILSON ON RECONSTRUCTION.

Washington, November 15.—Prince George Lovell, first prime minister of Russia, after the overthrow of the Czar's government, arrived in Washington today after a long journey by way of Japan. He expects to see President Wilson and Secretary Lansing and give them the benefit of his views upon the great task ahead of his countrymen in restoring order and setting up a permanent government.

Former United States Senator Mason, Pioneer in Pure Food and Drugs Legislation, Father of Rural Free Delivery System Says Nuxated Iron

Increased His Power and Endurance so much, That He Feels It Ought to Be Made Known to Every Nervous, Run-down, Anaemic Man, Woman and Child

Opinions of Dr. Ferdinand King, New York Physician and Medical Author; Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.) New York and the Westchester County Hospital; Former Health Commissioner Wm. R. Kerr, of the City of Chicago and others.

What Senator Mason Says

CHICAGO, Ill.

GENTLEMEN: I have often said I would never recommend medicine of any kind. I believe that the doctor's place, however, after the hardest political campaign of my life, without a chance for a vacation, I had been starting to court every morning with that horrible tired feeling one cannot describe. I was advised to try Nuxated Iron. As a pioneer in the pure food and drug legislation, I was at first loath to try an advertised remedy, but after advising with one of my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to let my friends know about it, and you are at liberty to publish this statement if you so desire. I am now 65 years of age and I feel that a remedy which will build up the strength and increase the power of endurance of one at my age, should be known to the world.

Yours very truly,
Wm. E. Mason

Senator Mason's statement is a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country. While former Health Commissioner Dr. Ferdinand King, a New York physician, still has no personal experience in handling public health problems, he gives his opinion heartily in favor of Senator Mason's recommendation in regard to Nuxated Iron. Dr. King, of St. Elizabeth's Hospital, New York City, said: "I have never before seen any man or woman with such a degree of iron deficiency. The skin is pale, the muscles are flabby; the muscles lack tone; do not believe in it. But in the case of the brain fags, and the memory fails, and often they become weak, nervous, despondent and melancholy."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, said, "Senator Mason is to be commended on his handling of this statement on Nuxated Iron for public print. There are thousands of men and women who need strength and blood builder but do not know what to take. In my own opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day."

Former Health Commissioner Wm. R. Kerr, of the City of Chicago, says: "I have taken Nuxated Iron myself three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for three weeks. Then test your strength again and see for yourself how much you have gained."

MANUFACTURERS' NOTE: Nuxated Iron, which was used by Senator Mason with such surprising results, is due today to my personal use of and recommendation above by physicians is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Wason's Drug Store and other druggists.

From the Congressional Directory published by the United States Government—"Wm. E. Mason, Senator from Illinois, was elected to the 50th Congress in 1887, to the 51st Congress in 1891—defeated for the 52nd Congress in 1893—Elected Senator to the 55th Congress in 1897 to 1903."

Senator Mason is now Congressman from the State of Illinois. Senator Mason's championship of Pure Food and Drugs legislation, his fight for the rural free delivery system, and his strong advocacy of all bills favoring labor and rights of the masses as against trusts and combines make him a national figure at Washington and endeared him to the hearts of the working man and the great masses of people throughout the United States. Senator Mason has the distinction of being one of the really big men of the nation. His strong endorsement of Nuxated Iron must convince any intelligent thinking reader that it must be a preparation of very great merit and one which the Senator feels is bound to be of great value to the masses of people everywhere, otherwise he could not afford to lend his name to it especially after his strong advocacy of pure food and drugs legislation.

Dr. George F. Baker, formerly Physician and Surgeon in Monmouth Memorial Hospital of New Jersey, says: "During convalescence from SPANISH INFLUENZA (La Grippe) I find Nuxated iron to be of great benefit."

We Save You \$3.00 to \$4.00 On Every Pair of Spectacles or Eyeglasses Our Price \$3.25

LAST DAY FOR FILING OF

Employers of Labor Statements to Compensation

terday—What Provides.

Yesterday was the last day for employers of labor to file statements of wages, etc., for the year ending on Dec. 31, 1917. The workmen's compensation act, which was passed in 1915, provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1917. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1918. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1919. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1920. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1921. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1922. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1923. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1924. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1925. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1926. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1927. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1928. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1929. The act also provides that employers must file a statement of wages for each employee for the year ending on Dec. 31, 1930.

OUTLOOK HOPEFUL FOR GERMAN

Copenhagen, Nov. 15.—The outlook here from Germany is more hopeful than it has been for some time. The German government has announced that it has decided to accept the terms of the armistice. This has led to a general feeling of optimism in the city. The German government has also announced that it has decided to accept the terms of the armistice. This has led to a general feeling of optimism in the city. The German government has also announced that it has decided to accept the terms of the armistice. This has led to a general feeling of optimism in the city.
