GERMANS TRYING TO PROVOKE REVOLT AMONG THE POLES

Doing All They Can to Incite Inhabitants of Upper Silesia and Eastern Prussia.

Paris, June 17.—(French Wireless.)—The Germans, who were gathering their troops on the Polish frontier in Upper Silesia a few days ago and appeared ready to assume the offensive, have ceased their activities for the moment, says the Warsaw correspondent of the Journal Des Debats, in describing conditions on the Polish-German boundary. He adds: "The Germans are doing all they can to incite the Polish inhabitants of Upper Silesia and Eastern Prussia. They are imprisoning hostages and making efforts to provoke a revolt of the Polish element. Despite these actions on the part of the Germans, the Poles in the territory controlled by the Germans are showing a wonderful discipline and endure, without complaint, all sorts of vexatious measures."

TO PREVENT APPENDICITIS

Here is the Experience of a Man Who Escaped the Surgeon's Knife.

You hear almost daily of some one going to the hospital for an operation for appendicitis. Do you know of any one who was ever really well afterwards? Besides the risk and expense of the operation, the results are usually disappointing. For this reason alone it is well worth while to try to avoid appendicitis by keeping the digestive system in healthful condition.

Many have written us about Dr. Chase's Kidney-Liver Pills as a preventive and cure for appendicitis. This letter is a fair sample of the cases described.

Mr. John Poole, R. R. No. 5, Dresden, Ont., writes: "I was taken very sick with severe pains and cramps in my stomach. I called in a doctor, who said I had appendicitis in the worst form, and my case was very serious. He gave me medicine, which relieved me at that time, but I was far from being cured. He said I would have to go through an operation before I would be well, but this I did not wish to do. One day in looking through Dr. Chase's Almanac I saw that Dr. Chase's Kidney-Liver Pills were recommended for appendicitis if taken in time, so I thought I would try them. I took them regularly for two years, and now I am perfectly cured. I can do all kind of hard work without any trouble. I would not be without Dr. Chase's Kidney-Liver Pills in the house under any consideration, for I can truly say that they will do just what is claimed for them."

Perhaps the one greatest rule of health is that which calls for daily movement of the bowels. With this program in effect there is no danger from appendicitis or similar dangerous diseases.

Chronic constipation of the bowels is cured by Dr. Chase's Kidney-Liver Pills because they get the liver in healthful working order. In other words, they get at the cause of the trouble and remove it, thereby effecting thorough and lasting benefit.
