Lessening the Life Toll

THE value of the lighthouse is especially appreciated by seafaring folks. Many fascinating stories of averted disasters originate from these structures the world over. Their first purpose, however, is preventing the loss of human life. In this they are closely connected with the purpose of Milburn's Heart & Nerve Pills, around which there are also interesting facts of averted disasters.

People to-day are using Milburn's Heart & Nerve Pills as their "Lighthouse" on which to steer a course for good health. There are very few to-day taking an active part in any walk of life who do not require, at some time or another, an additional food for the Heart & Nerve system, for without these properly carrying out their duties every other organ in the

body must suffer. The effects of weakened Heart & Nerve centres vary. With some, the heart thumps harshly and irregularly. They feel irritable and are easily excited. Others are afflicted with sleeplessness at night, and drowsy sensations during the day. If you feel unfit in any way you owe it to yourself and friends to try a box of

the Big Show.

Fredericton, N. B., April 5.—The City Council last evening decided to make a grant of \$3,000 in favor of Agricultural Society No. 34, against a deficit on the Fredericton 1921 exhibition.

Rushing Work On Madawaska Bridge

Augusta, April 5.—Information is given out here that no new bids will be offered on the Madawaska-Bridgewater bridge, and that construction work will be pushed without delay.

It is said that much of the concrete work, especially on the Canadian side, can be done without waiting for a fall of water. As the St. John river waters are subject to big freshets as early as August, and that last some times through the fall, this early beginning is likely to avoid trouble of that kind and enable the construction to proceed in as short a time as is consistent with the state policy.

Unfavorable weather, as Fredericton exhibitors in the past had never failed to at least break even.

FUNERALS.

The funeral of Frank Whitehead took place in Vancouver on Monday, March 28 and was very largely attended. Rev. Mr. Craig of Christ Church conducted the services, and interment was made in Cedar Hill cemetery.

April 5.—The funeral of the late Mrs. Sarah Ann Puddington took place on Friday afternoon from her residence here. After a brief service, the remains were taken to the church at Riverbank. Many friends gathered there to pay their last tribute of respect. Among the floral offerings was a beautiful broken circle of roses from the Women's Aid Society of the Apostolic Baptist church, the departed lady having been a life member. Rev. C. Standerson was the officiating clergyman.

Catarhal Deafness May Be Overcome

If you have Catarhal Deafness or head and ear noises, or are growing hard of hearing, go to your druggist and get 1 ounce of Parment (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy, and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarhal Deafness or head noises should give this prescription a trial.

Prominent Citizen Dies Suddenly Given A Medal And An Address

Joseph F. Merritt Passed
Away Yesterday Morning
—Stricken on King Square.

Joseph F. Merritt, a well-known citizen, died from heart failure yesterday, following a collapse on the north side of King Square, almost on the spot where Murray McLaughlin died a few days ago. Mr. Merritt had suffered to some degree with heart trouble for several years, but his condition was not supposed to be at all serious. Yesterday morning he left his home to attend to some business and while passing the Park Hotel was suddenly stricken. He managed to reach an automobile standing by the curb, and he sat there for a moment trying to get his breath, but before any of the bystanders could reach him to give assistance he fell forward. The ambulance was immediately summoned, but it was seen that Mr. Merritt was fatally stricken.

Joseph F. Merritt was a son of the late Gabriel Merritt, of Marlboro, Ulster County, New York, and Mary Elizabeth Merritt (nee Flowering) of Clinton, sister of Hon. William P. Flowering. Joseph F. was born at Marlboro on Feb. 8, 1849. After completing his education in New Brunswick he entered into business with his father and made several ocean voyages to familiarize himself with navigation and with the freight business. In 1872 he took a position with Turnbull & Co., and in 1878 became a partner in that concern, which did a very extensive wholesale grocery and shipping business. Mr. Merritt for the last ten years has been engaged in lumbering operations. He was married on August 26, 1897, to Georgia J. M. Oakes, daughter of the late Hon. Edwin Randolph Oakes, of Digby, N. S. Besides his wife he leaves two daughters, Mrs. W. K. Ganong, wife of the manager of the Corona Co., Ltd., and Miss Helen, at home; three brothers, G. W. Merritt, manager of the Great West Life Assurance Co.; Frank S. Merritt, Portland, Ore.; and W. Hawkesley Merritt, Vancouver. Deceased was a member of St. John's (Stone) Church.

A very pleasing event took place yesterday afternoon at City Hall in the presence of the members of the common council and a number of citizens, when His Worship, Mayor Schofield, on behalf of the city presented to J. A. Gregory a medal in commemoration of his gallant feat in saving the life of Albert Nier in August last.

The Address.

Before the opening of the council meeting His Worship called Mr. Gregory to the front and read the following address and pinned the medal on his breast:

Dear Sir:
I esteem it a great honor and privilege to be called on in the performance of my duty, to make this presentation to you today.

At such a time, human words would seem to almost fall on deaf ears, because of the noble thought that permitted you to carry out the heroic deed which we are gathered here to recognize, an act which touches our hearts to such an extent it is almost impossible to give expression to the emotion which rises within us, and yet your fellow citizens as represented by the members of this Council feel that they cannot let the occasion pass unrecognized, therefore it is that I am called on to pin this medal to your breast, that you may be continually reminded of the gallant act performed by you on the afternoon of August 27th, 1920, in rescuing and successfully, one ALBERT NIER, from losing his life.

I can think of no more noble impulse than that which prompted you to give no heed to your own safety, but to plunge in, take the chances, and finally to save our young friend.

So much of this has been visible in the last five years, that we may have learned to more or less fall to realize what such an act means, but I hope we all always remember the Scripture saying:—Greater love hath no man than this, to lay down his life for another—and especially so in these days of seeming selfishness and self-seeking, and although you were not called on to give your life, you took the risk.

Let us hope that the life you have saved to the nation, may be productive of much real good to the world at large in further recognition of your work.

Let us also add that I know it will be the earnest wish of this Council that you may long be spared to enjoy the honor you have won and to continue to merit the good wishes and hearty congratulations of your fellow citizens on accomplishing in safety so grand and so heroic an act.

E. A. SCHOFIELD, Mayor.

Only His Duty.

Mr. Gregory was visibly affected by a short address thanked the members of the council for the gift which would assuredly be treasured by him. He assured them it was the proudest moment of his life. "Take all true heroes he claimed the deed for by Mrs. Wm. Bell of Derby. The groom's present to the bride was a gold bracelet watch. The young people left for Londonderry, N. S. After the honeymoon they will reside in Truro. The bride's travelling dress was of brown serge with hat to match.

At the close of Mr. Gregory's remarks three cheers and a tiger were given for him.
The trophy is of sterling silver. On the face it bears a female figure holding aloft a laurel wreath and on it is engraved, "Presented to J. A. Gregory by the City of St. John." On the reverse, which is plain, is inscribed: "For rescuing from drowning at the Old Fort, Albert Nier, August 27, 1920."

A number of lads were swimming in the slip near the Old Fort in West St. John, which is just west of Navy Island, when young Nier, getting beyond his depth became exhausted and was carried into the harbor by the currents. About young chap ran to Mr. Gregory's mill and gave the alarm. Mr. Gregory, arriving at the scene, waited only long enough to take off his coat and jump in. After some what of a struggle against the currents, for the rescuer is fairly well along in years, he brought the lad to shore.

File Teeth, Bride Moans, Band Plays

When a Malay girl arrives at the age of 14 and becomes engaged, she begins to look forward, not with so much pleasure toward married life as with dread for the days preceding the ceremony. On that day her parents call in numerous guests and an orchestra of drums and shells. The band strikes up a terrific clatter, and at the same moment one of her parents seizes a file of steel and a Sumatran stone as a rasp. They open her mouth and begin an attack on her front teeth that does not stop until they are filed and chipped to one-half their original length, and somewhat pointed so that wide spaces are left between them. The result is horrible. After the filing is done they are stained with betel nut.
The presence of the orchestra is understood when it stops for a moment. The terrible pain of the filing causes the girl to moan with pain, and the music is supposed to drown this. The result, of course, becomes inflamed and swollen, and the gums are like boils. The girl can scarce sleep for the pain, and can not either eat or talk for several days.
The Malay women submit, in fact, a bride would be horror-stricken at not having her teeth filed, because the ordinary mouth full of teeth "look like the fangs of an animal."

Wait until a pudding is cool before putting on the meringue. Otherwise the eggs will squelch.
