MS OF PROSE

It has, indeed, no that which is told in the confessions of such complete and unreserved by the strange Italian, Benvenuto of unbecoming. But there is hard-ware which is more attractive than Gibbon in which he recounts the same stately, pure prose in which he Rome.

faith in a man's self to write those in them have passed into the history describes how, in Rome, on the 15th amid the ruins of the capitol while ng vespers in the temple of Jupiter, and fall of the city first started in ge in which the great historian reth of June, 1787, between the hours the last lines of the last page in a how then, laying down his pen, he, or covered walk of acacias, which ntry, the lake and the mountain." exalted. It is full of the feeling of a great literary work as great and completion of an empire—

Speaking to an agricultural association in Washington a day or two ago, Mr. C. C. James, deputy minister of agriculture for Ontario, used these words:

"In the Province of Ontario we have 175,000 farms, whose annual productions total about \$250,000,000. If by some magic of process of regeneration we could turn all the indifferent farmers into wide-awake, progressive, up-to-date farmers, the total production would easily be doubled, and it is not beyond the reach of possibility to triple our output."

If that be true of Ontario, what is the truth regarding New Brunswick?

There has been public interest in the market investigation. Many citizens are now asking whether all these revelations are to be followed by any useful action, or whether the customary neglect or half-hearted course will be the result. It would be well to keep in mind that the market was established, and should be maintained, for the benefit of the consumer. As a matter of fact it has long been useful chiefly to the middleman. In the Common Council is to keep faith with the public in this matter the sweeping out process to follow the present investigation will have to be a very thorough one.

Walt Philosopher

couch with a big three-cornered labors with the manners of a and will wish you'd slide to the and, like any other bruin, do "lair" have figured it this way day, if I want to fuss and clamor u. I should seek a place remote, and kick up a holy rump till the en't get the right to go snapping, burden to the people that I say, I at it's reasonably hard and sour, I is it's stuff; just pretend that you a bear; just pretend that you are that they'll say you are a daisy.

CURED OF CONSTIPATION

Mr. Andrews praises Dr. Morse's Indian Root Pills.

Mr. George Andrews of Halifax, N.S., writes:

"For many years I have been troubled with chronic Constipation. This ailment never comes single-handed, and I have been a victim to the many illnesses that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It seemed that nothing would expel from me the one ailment that caused so much trouble, yet at last I read about these Indian Root Pills.

That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial.

They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine."

For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c. a box.

FREE TO YOU

The best premiums and the best values ever offered. Gold and Silver Watches, Gem Rings and Brooches, Laughing Pictures, Moving Picture Machines, Finely Decorated Tea Sets and many other premiums given FREE for selling our High Class Gold Embossed Picture Post Cards. The very latest designs in Views, Birthdays, Floral, Solid Gold, Comets, etc., at 10c. each. Sell \$2.00 worth and win one of these fine premiums. You can sell them in an hour or two, and don't delay, for we give an extra premium for promptness. Write today and we will send you a package and our big premium list. DECLARES GOVERNMENTS SHOULD ACT AT ONCE TO STAMP OUT TUBERCULOSIS

Dr. Smith Walker Tells How it Can Be Done

Maritime Provinces Could Be Free of Disease in 40 Years

Slogan Should Be "No Tuberculosis in 1950"—Mr. Hazen Says Provincial Government Cannot Raise the Required Amount—Annual Meeting of N. B. Association—The Officers.

Wednesday, Nov. 16.

There was a large and representative gathering of ladies and gentlemen at the annual meeting of the New Brunswick Association for the Prevention of Tuberculosis, which was held in the board of trade rooms last evening, and they heard several interesting addresses. The chief speaker was Dr. Smith L. Walker, of Truro (N.S.), and he dealt with the subject of tuberculosis in a very able manner. One of the suggestions he made was that the three governments of the maritime provinces should provide a sum sufficient to stamp out the spread of the disease, which he claimed could be done inside of twenty years if it was gone about in the right manner. Premier Hazen, Dr. C. R. Flanders, Rev. T. Hunter Boyd and ex-Governor McLean made addresses that were followed closely by the audience.

Reports of the last year's work were presented and officers elected for the ensuing year. Dr. Thomas Walker being re-elected president.

Among those present were: His Lordship Bishop Richardson, Rev. T. Hunter Boyd, Premier Hazen, Dr. C. R. Flanders, Dr. H. C. Wetmore, George E. Barbour, H. W. Fiddington, Dr. J. S. Bentley, W. W. Hamm, Dr. Silas Alward, ex-Governor McLean, Timothy O'Brien, Alderman Lively, Dr. G. R. J. Crawford, Dr. Thos. Walker, H. W. Woods, M. P. P., Dr. McIntosh, Chas. A. McDonald and Mrs. McDonald, Mrs. E. A. Smith, Mrs. W. O. Raymond, H. E. Codner, Mrs. Thomas Walker, Mrs. D. McLean, R. J. Rising, Miss Stockton, Miss Hunter, Miss Chapman, Rev. J. W. B. Stewart, Dr. T. D. Walker, Mr. and Mrs. Louis Green, and others.

The president, Dr. Thomas Walker, on calling the meeting to order, asked His Lordship the Bishop to open the meeting with prayer. The president then read the annual report of the executive committee.

The report stated that while not much had been accomplished thus far a lot of educational work had been carried on as a basis for good practical work. Only five county associations had been formed, but one of these, in the county of St. John, showed a New York nurse and established a free dispensary for the treatment of cases of tuberculosis.

Reference was made to the action of the provincial government in putting on the statute book a bill to render compulsory the notification of all cases of pulmonary tuberculosis, also of the appointment of a tuberculosis commission to report on the establishment of a sanatorium for the cure of the disease. The work of Rev. T. Hunter Boyd was also touched upon and the need of a tuberculosis exhibit emphasized. The need of municipalities taking care of advanced cases of tuberculosis among the poor was also referred to. A large quantity of literature bearing on the subject has been distributed. Reference was made to the attendance of the president at the annual meeting of the Canadian Association held in Montreal last June and to the fact that the provincial association was now affiliated with the Dominion body.

Report of Executive.

The report stated that while not much had been accomplished thus far a lot of educational work had been carried on as a basis for good practical work. Only five county associations had been formed, but one of these, in the county of St. John, showed a New York nurse and established a free dispensary for the treatment of cases of tuberculosis.

Tuberculosis.

It was suggested that one Sunday in the province be set aside as tuberculosis Sunday, for the furtherance of the work.

Dr. Alward, treasurer, presented his report, duly audited by H. B. Robinson. It showed receipts of \$32,521, and disbursements of \$432,433, mostly to Rev. T. Hunter Boyd, for lectures, leaving a balance of \$89,083.

Dr. McIntosh, W. L. Hamm and Dr. J. S. Bentley were appointed a nominating committee to report on officers for the ensuing year.

Rev. Dr. Flanders.

The president then called upon Rev. Dr. Flanders, who he said had been a most active member of the executive.

The clergyman, after referring to the fact that there had been 107 deaths from tuberculosis in St. John last year and the need of earnest action being taken to prevent the spread of the great white plague, said he felt confident that progress was being made in the fight.

He urged the need of a "square deal" for the people who were afflicted by disease and by environments they were unable to better.

When he first came to St. John, he said, he had been brought in touch with several cases of tuberculosis. He had seen lately how measures for keeping down the spread of the disease were improving here and it was gratifying to note that the doctors of St. John were doing such good work and that the citizens were so generous in assisting the work. It showed that they were not insensible to the example of the Saviour who went about doing good.

Dr. Smith L. Walker.

Dr. Smith L. Walker, of Truro (N.S.), was the next speaker and in introducing him the president referred to the excellent work he was doing as the head of the Colchester Association for the Prevention of Tuberculosis.

Dr. Walker, after referring to the pleasure it was for him to come to St. John

and speak on this important subject, said he would like to suggest as a slogan for all tuberculosis associations—"No Tuberculosis in 1950," along the lines of the slogan of the Laymen's Missionary Movement.

Speaking again of his coming to St. John, he said, he did not know of such a progressive, enterprising citizenship anywhere as there was in St. John. He had always noticed that St. John delegations in going after something were always able to get what they went after because they were able to say "we have prepared for this and we want you now to do your part." It is, that preparedness in St. John that he had always admired.

The question of tuberculosis, he said, was going to treat in a little different way from the usual address on that subject and he hoped it would help to increase their knowledge of the subject.

"The campaign against tuberculosis is important both on account of the number and the character of those who die of this disease.

"The estimated death rate for the United States is 150,000 to 200,000. For Ontario 8,000 to 10,000, for the maritime provinces 2,500.

"There are also more than five persons suffering from the disease for every death, viz., 12,500.

"But the more serious fact is, the victims are usually young adults who have recently begun their personal contribution to our industrial wealth. At least two-thirds of the deaths from consumption occur between the ages of twenty and forty years. Then to this drain of 2,500 young lives add the fact that for years we have been sending our young men and women to the eastern states and now they are going to our great West. Therefore economic considerations are of great importance to us at present, and the financial loss sustained by a country on account of deaths from tuberculosis taken into figures so stupendous as to be incomprehensible.

"Of every 1,000 German workmen between the ages of twenty and thirty years, who are rendered unfit for work, the cause in 535 cases is consumption. Seventy-five per cent of the deaths from consumption are of breadwinners.

"The actuary of the Prudential Life Insurance Company states that 150,000 persons in the United States die of this disease when the total life expectancy was thirty-five years more. For this period the net value of a human life would be at least \$50 per year. Then the real loss resulting to the nation from this disease is \$125,000,000. No one does this provide anything for the care and nursing of a lengthy illness.

"Oiler places the loss in wages alone at \$140,000,000 each year in the United States and he estimates the nation thus. "The loss of \$30,000,000 annually paid to foreign ship-owners, caused a subsidy bill to be considered calling for an annual expenditure of \$9,000,000, yet here we have an annual loss three times as much in money (and not to mention the loss of life) and not a dollar appropriated or step taken to remedy it."

Dr. Thomas, of Illinois, makes the total of that state \$35,500,000, made up of the following items: Loss of wages; loss of life; cost of consumption under twenty years of age; loss of wages; loss of savings; and care of the sick and helpless. A similar accounting would make the annual loss in these provinces of \$127,500,000. This amount should be borne proportionately by the provincial, county and civic bodies; aided by a grant from the federal government.

The Economic Aspect.

"There is needed to check this fearful economic loss a general educational campaign as a preliminary to the enactment of a Compulsory Notification Law. Then every case must come under the supervision of a competent health officer or board of health, and according to conditions receive home, sanatorium, or hospital care. Then immediate provision must be made to care for these people, and this requires 1,250 beds in hospitals and sanatoria. The conclusion of expert economists is that any country with a tuberculosis death rate exceeding 140 per 100,000 of population can profitably spend \$100,000 per capita. Thus Nova Scotia would be justified in expending \$250,000 per annum. New Brunswick \$150,000 and P. E. Island \$100,000. The actual cost to the country for maintenance, after the amount required for construction account, which is chargeable to capital, and can be borrowed, would approximate for Nova Scotia \$121,500, for New Brunswick \$127,500, for P. E. Island \$85,000. This amount should be borne proportionately by the provincial, county and civic bodies; aided by a grant from the federal government.

A Gift Edge Investment.

"It would be a gift edge investment if this amount of money was expended. The money could be raised by federal, provincial, municipal and civic governments. The provincial government need only spend one cent of the \$127,500. This amount would be borne proportionately by the provincial, county and civic bodies; aided by a grant from the federal government.

Real Estate of Late Jane Ingram.

St. Martins, Nov. 15.—All the lands belonging to the late Jane Ingram were sold by public auction on Tuesday morning by Samuel C. Osborn, auctioneer, at the Quaco Hotel here. The following are the names of the lots, prices paid and names of purchasers:

A lot of about 50 acres at Greer Settlement, known as the Ungler lot, all for sale, sold to the Pejiscot Paper Company for \$180.

A lot of land about 100 acres at Little Beach, known as the McLeod place; cuts about ten to twelve acres of hay; no house but a good barn and considerable lumber. Sold to Cudlip Miller for \$405.

A lot of about 100 acres near Shanklin Settlement, about three miles from St. Martins; nearly all cleared; cuts a few tons of hay; one house, one barn, wagon shed and outbuildings. Sold to Robert Shanklin for \$135.

A lot of about 300 acres, all forest, south of Henry Lake on both sides of the St. Martins Railway, sold to the Ungler lot, all for sale, sold to Samuel A. Fowles for \$2,225.

A lot of about 110 acres near Hanford Brook on both sides of the St. Martins Railway; some wood land; no house; good hay; cuts seven or eight tons of hay, and fronts on the main highway. Sold to Samuel A. Morrow for \$150.

A lot of about 150 acres on the road from St. Martins towards St. John via Ten Mile Creek, distant about two and a half miles on the north side of the road, small clearing, about all forest lands; no buildings. Sold to Patrick H. Nugent for \$900.

About 300 acres at Hardingville, all forest and about 150 acres at Hardingville, good mill site and store; no house or barn; clearing cuts a few tons of hay, St. Martins Railway. Sold to Flewelling Brothers, Hampton, for \$2,550.

A lot of cleared land about ten acres close to the village; no buildings; suitable for farming or building lots. Sold to one almost entirely cleared. Sold to the Crawford Oborn for \$255.

Also a piece of land close to the railway station on Park street in the centre of the village suitable for building lots. Sold to A. F. Bentley, M. P. P., for \$150.

WILL NOT HEAR APPEAL IN THE CURREY CASE

Privy Council Decides Justice McKeown's Judgment Must Stand—Application Dismissed.

London, Nov. 15.—The Privy Council today gave judgment in the New Brunswick case of Eliza Currey, versus Lemuel A. Currey. The point was whether the petitioner was entitled or not to a divorce on the ground of alleged cruelty by the husband. The petition for special leave to appeal was dismissed.

This case first developed in a suit for divorce brought by Mrs. L. A. Currey of St. John against her husband, and this was followed by an action for divorce brought by him against his wife. The cases were tried before Mr. Justice McKeown and after a great deal of evidence had been heard he delivered a lengthy judgment dismissing both cases. Mrs. Currey appealed to the full bench from this decision but lost.

There was talk of an appeal being taken to the privy council, but later little was heard about it. It is known that at St. John, K. C. counsel for Mrs. Currey, left for London some little time ago, and it is stated that he expected to make application before the privy council last Tuesday for leave to appeal the case. This is the application which their Lordships have refused.

The effect of this decision is that the original judgment of His Honor Mr. Justice McKeown stands and the marriage tie is not dissolved.

A. E. WALL ELECTED IN DIGBY COUNTY

Digby, N. S., Nov. 15.—Allen Ellsworth Wall, of Digby, was elected in today's by-election in Digby county by the handsome majority of 287 over W. E. Van Blarcom, of Digby, the opposition candidate. Even Digby town, which is always Conservative, went against Van Blarcom today. Wall having a majority of five.

In Tiverton, where Van Blarcom was born, Wall had 94 and Van Blarcom only 32.

The Conservatives had a host of speakers during the campaign and did the utmost in their power to win.

The tactics used on nomination day to prove that Mr. Wall had no vote ruined Van Blarcom's chances in Digby and the result sent here from the Conservative machine in Halifax also proved a great assistance to Wall.

Mr. Wall arrived here tonight and was loudly cheered. He made a brilliant address from the platform of the Royal Hotel being loudly applauded by the large crowd present.

The following are the returns for the county:

	Van Blarcom.	Wall.
Bear River	63	123
Marshall Town	142	62
Digby	61	46
Digby A	41	61
Sandy Cove	48	68
Westport	49	80
Plymouth	52	47
Weymouth	66	45
St. Bernard's	125	96
Church Point	105	100
Meteghan	86	110
Salmon River	65	148
Tiverton	32	94
New Tuxet	73	47
Rosaway	41	27
Smith's Cove	41	40
Culoden	52	78
Cresce Coques	63	55
Comeauville	27	150
Meteghan River	41	100
Chesapeake	41	54
Weymouth Bridge	115	73
Little River	50	50
Barton	51	31
	1392	1579

Majority for Wall, 287.

DIGBY MUNICIPAL ELECTION RESULTS

Digby, N. S., Nov. 15.—(Special)—The elections for councillors in Digby county today resulted as follows:

Hillsborough—C. H. Purdy defeated John N. Nichol by 104.

Brighton—Harry H. Marshall defeated Samuel E. Woodman by 27.

Sandy Cove—Edwin A. Gidney defeated Ingram Saunders by 10.

Freeport—Edwin Haines, acclamation.

Westport—Hubert P. Bowers, acclamation.

Plymouth—Harry W. D. Warner, acclamation.

Weymouth—Freeman Nichol defeated Wm. H. Brooks by one majority.

Tiverton—Heber Joshua, acclamation.

Rosaway—Chas. H. Cossaboom defeated Jas. A. Robbins and Major Timmons by one majority.

Smith's Cove—William Cossaboom, acclamation.

Culoden—Leander Elds defeated John Henry Post by 29 majority.

Weymouth—J. A. Gidney, acclamation.

St. Bernard's—Auguste C. Gaudet defeated Alphonse H. Doucette by 24 majority.

Comeauville—Manda Donant defeated John T. Saulnier by 84 majority.

Meteghan—Thos. Germain defeated Philip Thibodeau by 104 majority.

Meteghan River—M. O. Comeau defeated Adolphe V. Comeau by eight majority.

New Tuxet—Chas. R. Nolan defeated Chas. S. Melson by 23 majority.

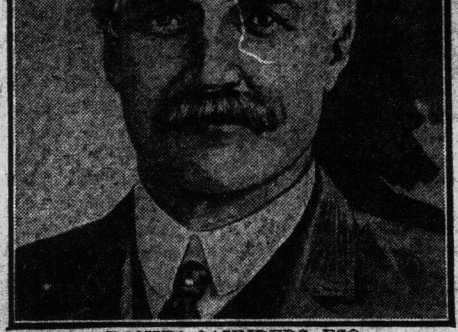

District No. 12—Ivan Pothier, acclamation.

Church Point—Antoine Doucette defeated John B. Bellevue by 37.

Window and door screens usually get very dusty during the latter part of the summer, and it is poor economy to put them away in that condition; neither is it a good idea to wash them just before using unless they are most carefully dried to prevent rusting. Last year I tried kerosene, applying it with a paint brush, and found that it cleaned the wires better than water, besides preventing rusting.

SUFFERED FOR YEARS WITH STOMACH TROUBLE

"Fruit-a-tives" Promptly Cured Him

DANIEL SAUNDERS, ESQ.

Last summer, Mr. Ontway, a druggist of my town, recommended "Fruit-a-tives" to me. While taking "Fruit-a-tives" I in no way gave up any foods that I was in the habit of eating, neither did I stop smoking. Yet in spite of all, "Fruit-a-tives" has done wonders for me and I strongly advise all my friends to use it."

"Fruit-a-tives" is the only medicine in the world made of pure fruit juices, and will always cure Indigestion, Dyspepsia, Sour Stomach, Bilelessness, Constipation, and any other disease that comes from disordered Stomach, Bowels, Kidneys or Skin. 50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Mr. Daniel Saunders, of Shoal Lake, Manitoba, is one of the best known gentlemen in Canada's great wheat country. He lived for years in the West—made a success of his farming and has now retired from active business life to enjoy the fruits of his work.

When a man of such financial and social standing voluntarily testifies to the great benefits he has received from taking "Fruit-a-tives" there can be no doubt but that "Fruit-a-tives" deserves the confidence of every reader of this paper.

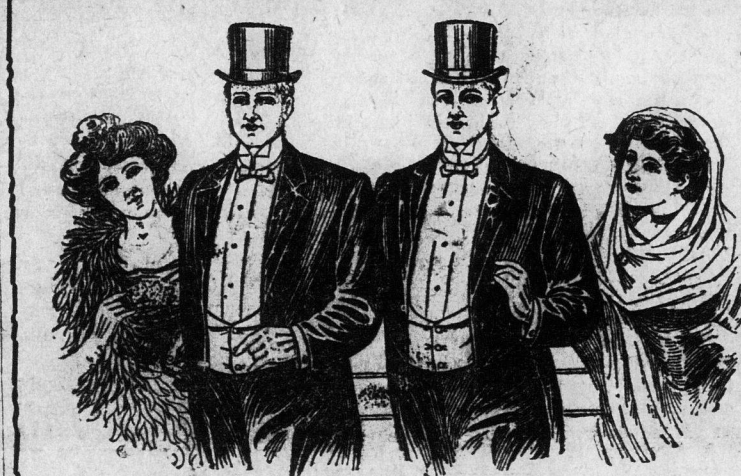

SHOAL LAKE, MAN., June 11th, 1910.

"For years, I was bothered with persistent Dyspepsia and Indigestion, having severe pains after meal time. I tried everything that I could get but the pain in my stomach became no better.

DANIEL SAUNDERS.

VIGOROUS MANHOOD

Two "Health Belt Men" One 50 Years Old, the Other 30 CAN YOU PICK OUT THE YOUNGER?

I can show you how to restore your youth and how to keep it. A "Health Belt man" CANNOT grow old; he must be young forever. Years count for nothing in this life, so long as you have great vitality. Weakness, Nervousness, Unmanliness are conditions to be laughed at by the intelligent user of my great appliance, for it gives, in abundance, all that vim, vigor and nerve force which the weakened system craves. Worn every night and all night for two or three months, it sends a great, warm, glowing volume of electricity into your body through the nerve centers at small of back; from the first hour's use you experience a decided benefit; there is a great, mysterious force which gets right to work. No drugs to be taken; no conditions imposed except that dissipation must cease. Help nature that much; the Belt will do the rest. It takes the weakness and kink out of your back; it drives rheumatic pains away from all parts of the body; you will feel and look young and strong again; women and men no longer your physical change will be more attracted toward you on account of your new vitality and life; in two months you can experience the full vigor of perfect manhood, or you need not pay me. I will accept your case on the "No Cure, No Pay" plan, or if you prefer to pay cash, I will give you a discount.

Let Me Send You These Two Books Free

They fully describe my Health Belt, and contain much valuable information. One is called "Health in Nature," and deals with various ailments common to both men and women, such as rheumatism, kidney, liver, stomach, bladder disorders, etc. The other, "Strength," is a private treatise for men only. Both sent upon application, free sealed, by mail.

If in or near this city, take the time to drop in at my office that you may see, examine and try the Belt. If you cannot call, fill in the coupon and get the free booklets by return mail. They are better than a fortune for any one needing new vigor.

DR. E. F. SANDEN, 140 Yonge Street, Toronto, Ont.

Dear Sir,—Please forward me your books, as advertised, free.

NAME

ADDRESS

Silence!

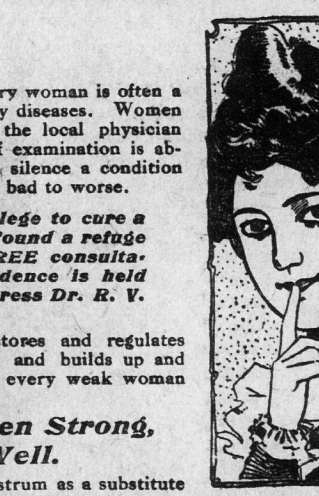

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indiscreet. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. E. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition.

Raw Furs

I pay the highest prices for raw furs and pay all express charges. Write for price list.

J. YAFFE, 72 COLBORNE ST., TORONTO, ONT.
