SAYS BIG INDUSTRY IS LIKELY TO BE ESTABLISHED IN PROVINCE VERY SOON

Expert Makes Favorable Report on Shale and Clay Deposits and Explains What Development Will Mean—Lots of Material for Manufacturing Purposes—Rumors of Still Another Industrial Undertaking.

Monday, Aug. 5. A new industry, which has every chance of increasing to large proportions, is likely to be established in New Brunswick at an early date.

The business in clay products is rapidly increasing and with such a supply of raw material in New Brunswick, it is probable that there is no doubt that the industry will be materially increased.

Mr. Keele has been on a prospecting tour through New Brunswick examining the shale deposits in the various sections with a view of determining the value of the clay. In conversation with a Telegraph reporter yesterday he said that in Quebec county there were some fine deposits and there were great possibilities of a big manufacturing plant being erected for the purpose of producing tiles, drain pipes and other articles of this nature.

Mr. Keele will spend two weeks more in the province and will then go to the Montserrat district where he is to examine the shales there. The Telegraph learned on Saturday that negotiations are in progress for a site for a large and important industry in the vicinity of Courtenay Bay, and it was said by competent persons that a most important announcement would probably be made in the near future.

OBITUARY

Mrs. Agnes Palmer. Friday, Aug. 5. At the age of seventy-four years, Mrs. Agnes Palmer, wife of Caleb B. Palmer, died yesterday at her home in Duke street. Mrs. Palmer was formerly Miss Murray, of Kings county. For many years she lived in Moncton, where her husband was a prominent I. C. R. official. They had been living in this city about two years. Mrs. Palmer is survived by her husband, for whom she will be much sympathized. The body will be taken to Penobscia.

daughter of Henry B. Cunningham, took place yesterday morning at the residence of her father, 30 Hilda street. Mrs. Cunningham had been ill only a short time and has died with a surprise to her friends. She was a member of the Methodist church and took a prominent part in the work of the Sunday school. Besides her father and mother she is survived by one sister, Miss Jessie M., and one brother, Glen.

Miss Jane Romans. Miss Jane Romans is dead in Halifax. She and her sister, Sarah, who survives, once conducted the Waybury House here. Two brothers, Henry, of Dartmouth, and George, of Londonderry, also survive.

The death occurred at his home in North street, Fairville, on Saturday of George W. Read, who for some years conducted a brick yard in Fairville and during late years has been employed in the James Ready Company. Mr. Read had been some time for some time and his death was caused by a complication of diseases. He is survived by his wife, five sons and two daughters. The sons are George, William, John, Charles and Louis, all of Fairville. The daughters are Mrs. Michael Keenan and Miss Katie, both of Fairville. One sister, Miss Annie, who is at present living in Rosberry (Mass.).

Mrs. E. Ryder. Monday, Aug. 5. (Special)—Mrs. E. Ryder, mother of Mrs. Robert Scrimshaw, wife of the I. C. R. station agent at Penobscia, died at the home of her daughter in Penobscia this morning aged thirty-three years.

Mary Hourihan. At her home in 280 City Road, Mary M. J. Rita Hourihan passed away leaving her mother, one brother and many school friends to mourn her untimely death. She was a daughter of the late Thomas and Mary A. Hourihan. For some years she has been suffering from heart trouble but never, for any great length of time, was absent from school or unable to join in the pastimes of her companions. On Sunday afternoon she became ill and passed away. The funeral will take place from her late home on Tuesday morning at 8:30 o'clock to Holy Trinity church where a requiem high mass will be celebrated.

Mrs. Margaret Barton. Monday, Aug. 5. The death took place in Montreal on August 3 of Margaret M., wife of Malcolm Barton. Mrs. Barton formerly resided in St. John. Besides her husband and three small children she is survived by two sisters, Mrs. Elizabeth Emms and Miss Jessie Orr, of this city, and one brother, John Orr, of the St. John fire department. The body will be brought here for burial and will arrive on the Montreal express today at noon.

Miss Josephine Costigan. The death took place on Saturday afternoon of Miss Josephine Costigan, youngest daughter of the late Dennis and Mary Costigan, at the home of her brother-in-law, Ben Allen, Main street. She was in her eightieth year of her age and had been ill for some time. She is survived by two sisters—Mrs. Ben Allen, Annie and Nellie. The funeral will take place tomorrow afternoon.

Miss Edna Cunningham. Monday, Aug. 5. The death of Edna Augusta, second

LAST MONTH HAD JULY RAIN RECORD OF LAST 39 YEARS

Total Downpour in St. John Reached Total of Four Inches

TEMPERATURE WAS LOW

Fires in Evening, Not Amiss in Homes of Suburbanites—Mr. Farris Brings Word of Danger of Hay Crop Failure Unless Rain Ceases.

Friday, Aug. 3. July 1912 established a new record for rain fall in St. John, and with a total of four inches exceeded the corresponding month in all of the last thirty-nine years, and by more than one inch, St. Swithin's Day, July 15, this year, passed without a drop of rain although the fog was very thick, but during the period from July 22 to 29 there was rain every day, while the 20th was the only real day of July weather.

Taking the month as a whole the temperature has been slightly lower than for the same month last year, and the highest thermometer registered was 77.5 degrees, while the lowest temperature reached during the month was 45 degrees. The average for the month was 60.3 degrees.

In some of the country homes of suburbanites it has been found not uncommonly to light a fire in the evenings. Hon. L. P. Farris, of White's Cove, arrived in the city yesterday afternoon and is registered at the Royal. In conversation with a Telegraph reporter he said that the heavy rains had been playing havoc with the crops in and around White's Cove, and that the hay crop would be a great failure if the rains continued. Mr. Farris will remain in the city until Saturday.

H. G. Marr, with a party composed of Mrs. Marr, Miss Lewis (Hillsboro, N. B.), Miss Helen Marr, Jack Marr and Master Robert Marr, arrived in Halifax last Thursday, having made the trip from St. John in their motor car. They left here Tuesday afternoon, July 30, and reached Moncton in time for supper, remaining in the railway town over night. Wednesday morning they resumed their journey, proceeding to Truro via Parraboro, arriving the same evening at Truro, where they spent the night and reached Halifax on Thursday afternoon. The trip was a most delightful one. They report the roads from St. John to Truro, as in fairly good shape, but not so good from Truro to Halifax. The party will spend a few days in Halifax, the guests of Mr. Marr's mother, Mrs. J. H. Marr, South Park street.

The University of New Brunswick engineering camp will hold this year on the military grounds at Sussex, Aug. 19 to Sept. 7. Special attention will be paid to individual work and each student will get his "hand in" on everything with no excess of anything. Besides the railroad survey, which will be most complete, there will be a topographic survey, city planning and heating, hydrographic surveying, adjustments and observations, topographical and stadia surveying, sewerage and street measurement, bridge location, and highway work. The same system of control will be used this year as last, that is, there will be a managing committee composed of the students, who will be in charge of the work from day to day and the examination system will probably be retained. The courses for the seniors and juniors will be entirely separate. Prof. Stiles is to be in charge.

Friday, Aug. 3. The St. John Board of Trade has been agitating for some time against river steamers carrying loosely baled hay from upriver districts. The board members say, with others, that it is very dangerous to have loosely baled hay in passenger steamers. The matter has been taken up with the marine department at Ottawa, and a letter was received yesterday by the secretary of the board of trade from the marine department stating that the steam boat inspector at this port had been ordered to enforce the law in regard to the shipment of hay on the river steamers.

Monday, Aug. 3. Henry Gallagher, of this city, has laid the word of the death in Malden (Mass.) of his sister, Mrs. Catherine McCaffrey, widow of John McCaffrey, and formerly a resident of St. John. She passed away Friday and leaves besides her brother, one daughter and two sisters to mourn. The daughter is Mrs. Jas. C. Kelley, of Malden, and the sisters are Mrs. Gallagher and Mrs. Michael Ryan, of St. John. The body is to be brought to St. John for burial, the funeral to take place from her brother's residence, 30 Waterloo street tomorrow afternoon at 2:30 o'clock.

Monday, Aug. 3. She—"I had that parrot two years, and it has never said a word." He—"Why don't you give it a chance?" NEVER HAD A CHANCE.

LOCAL NEWS

Registrar John B. Jones reports eight marriages for the week of August 1, 1912, six males and five females, and six males.

The Board of Health report six deaths for the week of August 1, 1912, three males, nephritis, paralysis, heart disease, and congestion of the lungs.

The body of Mrs. Agnes Palmer was taken to Penobscia Saturday for burial. Funeral services were conducted at her late home in Duke street Friday night by Rev. J. Danahat and Rev. C. R. Flinders.

A quiet wedding took place in the parsonage of the German street Baptist church Saturday evening, when Miss H. A. Porter united in marriage Miss Ada M. Jackson and George S. Sims, both of this city. Mr. and Mrs. Sims will reside in the city.

The Telegraph has learned from good authority that it has been practically decided to establish the vice-province of the Redemptionist Order in Toronto. The vice-province is to have charge of a large part of eastern Canada and Newfoundland. The change in rectors in St. John and elsewhere and the new vice-provincial are to be announced soon.

Canadian registered at the high commission office in London, in the week of July 23 were: George J. in Toronto, Miss Catherine O. Robinson, John W. Bartlett, Rev. J. A. Rogers, all registered at St. John; G. W. Stairs and Miss Kathleen Stairs, Halifax; Miss Martha E. Melntosh, Fredericton, and Rev. W. C. McIntyre, Newcastle. Also in London were Miss N. Chapman, of Amherst, and V. R. Smith, of Amherst.

The infant girl found in the Loch Lomond road last week and placed in the Municipal home is still in the care of that institution. Late in the week the chief of police from an elderly lady living outside the city was to the effect that she would be willing to adopt the child if it could possibly be arranged. It is probable that this offer will be accepted, if nothing new turns up in the case during the next week.

H. G. Marr, with a party composed of Mrs. Marr, Miss Lewis (Hillsboro, N. B.), Miss Helen Marr, Jack Marr and Master Robert Marr, arrived in Halifax last Thursday, having made the trip from St. John in their motor car. They left here Tuesday afternoon, July 30, and reached Moncton in time for supper, remaining in the railway town over night. Wednesday morning they resumed their journey, proceeding to Truro via Parraboro, arriving the same evening at Truro, where they spent the night and reached Halifax on Thursday afternoon. RECENT DEATHS OF CHATHAM PEOPLE

Chatham, N. B., Aug. 1.—Mrs. George Goddard died suddenly at her home in Douglastown on Wednesday evening at six o'clock, at the age of fifty. Her death was due to paralysis of the heart. The deceased is survived by her husband, three sons, George, James and Leo, all of Douglastown, one daughter, Mrs. Andrew Curry, of Chatham, and three brothers, John Sullivan, of Rogersville; James Sullivan, of Loggieville; and Daniel Sullivan, of Newcastle. The funeral will be held tomorrow afternoon at two o'clock from her late residence. Interment will be in Newcastle Catholic cemetery.

The death of Mrs. Robert Johnston occurred at her home on Monday evening at 10:30 o'clock. She was 71 years of age and was a native of Chatham. The deceased was two years old and had been ill only ten days, and was a bright child and a favorite with all who knew her. She was the wife of the late John Johnston, who died in 1908. The funeral will be held tomorrow morning at 8:30 o'clock from the home of Mr. Whalen, and interment will be in St. Michael's cemetery.

The death of Thomas Armstrong, aged 77, occurred at his home last evening, and was due to gangrene of the foot, from which he had suffered for about a year. The deceased was unmarried and leaves two sisters, Miss Maggie Armstrong and Mrs. Wm. Johnston. The funeral will be held tomorrow afternoon.

STILL ANOTHER PULPMILL MAY SOON BE ERECTED

Premier Flemming Brings Report of North Shore Project

GET POWER AT NEPISGUIT

Grand Falls Proposition an Excellent One, He Says—Successor to O. M. Melanson and Farm Settlement Board at Next Meeting of Government.

Saturday, Aug. 3. Premier Flemming, who, in company with Mrs. Flemming, was in the city on a visit yesterday, was asked by a Telegraph reporter about the proposed pulp mill and paper industry to be established at Grand Falls, and he characterized the project as an excellent one and said it would prove a big boon for the province.

"That is not the only paper mill that is likely to be built in the province, though," said Hon. Mr. Flemming. "While in Bathurst, recently, I had a talk with Mr. McLean, a prominent lumber merchant, and he informed me that there was a possibility of his firm erecting a paper mill. They were considering the Grand Falls at Nepisguit, where there is a possibility of generating a large amount of horse power. This would enable them to turn out 100 tons of paper a day. Another excellent feature in the establishment of such an industry would be the utilizing of a large amount of lumber, thereby benefiting that industry."

The premier said that at a meeting of the local government to be held in Bathurst on next Tuesday, a successor to O. M. Melanson, M. P., on the Public Works Commission would be appointed, and that the settlement board would also be organized.

Hon. Mr. Flemming said he was hopeful of having a conference held on the re-education question in Ottawa, previous to the sitting of the next parliament. He stated that Mrs. Flemming left for her home by the Boston express last evening.

TONIC TREATMENT FOR THE STOMACH

The Modern Method Most Successful in Treating Indigestion. The old-fashioned methods of treating indigestion and stomach troubles are being discarded. The trouble with the old-fashioned method was that, while the treatment was stopped the trouble returned in an aggravated form.

The modern method of curing indigestion and other stomach troubles is to tone up the stomach to do its normal work. Every step toward recovery is a step gained, and the loss of the stomach is a step toward health that those who have tried the tonic treatment remember distinctly. Dr. Williams' Pink Pills are a tonic medicine, every constituent of which is helpful in building up the digestive organs, and is therefore the very best remedy for chronic cases of stomach trouble. The success of the treatment is proved by thousands of cases like the following: Mr. W. W. Swan, Grand Valley, Ont., says: "For several years my mother had stomach trouble from which she got no relief whatever until she began the use of Dr. Williams' Pink Pills. She was treated at different times by three doctors, but their efforts did not avail. Then she was advised by her doctor to try Dr. Williams' Pink Pills. She suffered much during this time and food became distasteful. The trouble also affected her nerves and her general health, and she began to lose weight. One day a friend who was in a store to try Dr. Williams' Pink Pills. Without very much hope that the Pills would prove successful when other medicine had failed, she nevertheless got her a supply. In a few weeks she could see a decided change, and got six more boxes, by the time these were used mother was almost well, and every constituent of which is helpful in building up the digestive organs, and is therefore the very best remedy for chronic cases of stomach trouble. The success of the treatment is proved by thousands of cases like the following: Mr. W. W. Swan, Grand Valley, Ont., says: "For several years my mother had stomach trouble from which she got no relief whatever until she began the use of Dr. Williams' Pink Pills. She was treated at different times by three doctors, but their efforts did not avail. Then she was advised by her doctor to try Dr. Williams' Pink Pills. Swan, Grand Valley, Ont., says: "For several years my mother had stomach trouble from which she got no relief whatever until she began the use of Dr. Williams' Pink Pills. She was treated at different times by three doctors, but their efforts did not avail. Then she was advised by her doctor to try Dr. Williams' Pink Pills. She suffered much during this time and food became distasteful. The trouble also affected her nerves and her general health, and she began to lose weight. One day a friend who was in a store to try Dr. Williams' Pink Pills. Without very much hope that the Pills would prove successful when other medicine had failed, she nevertheless got her a supply. In a few weeks she could see a decided change, and got six more boxes, by the time these were used mother was almost well, and every constituent of which is helpful in building up the digestive organs, and is therefore the very best remedy for chronic cases of stomach trouble. The success of the treatment is proved by thousands of cases like the following: Mr. W. W.
