JAMES I. FELLOWS, Esq.—Dear Sir:
From a general knowledge of the prominentingredients of your Compound Syrup of Hypophosphites. I formed such a favorable opinion us to be induced to recommend it to my patients as preparable, and more convenient than my come prescriptions of the Hypoposphites. For several years I have continued to prescribe it, in many cases with very beneficial results. Since, upon solicitation, you kindly afforded me a more intimate knowledge of the composition of your Compound Syrup of Hypophosphites, I have used it freely in my practice, both in diseases of the prima via, or Stomach and Bowels, with eminent success, considering it superior to any similar preparation yet offered to the public.
