WHY NOT OWN AN AUTOMOBILE?

If automobiles are needed anywhere at all they are in the country. One of the speakers of the Women's Insitute, at Guelph, recently predicted that the time was near at hand when farmer's wives would run their own automobiles. Nor is the prediction a visionary one. Like the telephone and the trolley, the automobile seems destined to add to the comfort of country life, and the cost will not interfere with your buying. We can sell

Good Second-Hand Machines

at a mere fraction of original cos. These cars are taken by us as part payment for the newest and latest models, and are such as we can thoroughly recommend. Any machine we send out is guaranteed to be in first-class condition, and beyond the fact that second-hand cars are not this year's style, there is nothing wrong with them in any way. We use them as a means of introduction to the country trade, and make the values extra special to encourage quick buying. If interested, send your name and address for fuller particulars.
