

20. A pupil may be promoted by the Rector to a higher class at any time on the recommendation of his Masters, if his age and general attainments appear to render it expedient.

21. The Rector alone shall inflict corporal punishment, and only when such shall seem to him absolutely necessary.

22. The stated meeting of the Rector and Masters shall be held every Friday, at 4 30, P.M.

The manner in which the ordinary class honors are determined is as follows :

Each Master keeps a "Daily Register" of the marks and of the conduct of each pupil. At the end of the month the various class marks are added together, and the average of the pupil's marks in each subject of study is found by dividing his sum by the number of recitations. All his averages are then added together, and to the sum is added, proportionally, his demerit marks, and the combined result being divided by the number of his averages, gives his monthly average. A similar result is obtained for each month of the session. The averages of the various months are then combined, and give the "Average of Monthly Results." At the end of each quarter, the pupil is subjected to a rigorous written and oral examination on his studies—it being so arranged that the classical and modern languages alternate with the mathematical and scientific department. The marks thus obtained give the "Examination Average," which is added to the "Average of Monthly Results," and the combination of these two constitutes the "SESSION AVERAGE" which determines the order of merit for the class honours.
