HOWARD'S ALE.

The Ring

being a piece of Jewellery about which so much interest centres, must be up-to-date in **Style**, up-to-the-mark in **Quality**, and to show a **Value** to recommend it to the buyer.

A VISIT to our show rooms will convince you that our Ring Stock embraces all the above qualities.

WE BUY our Diamonds and other stones direct from large brokers in Europe. There being no duty on unset diamonds, we save that for our customers.

WE MAKE our Rings in our own workshop of Nova Scotia or Guinea golds and guarantee the quality.

WE WATCH the London, Paris and New York styles and always show something new.
