

DE LAVAL

It is impossible that DE LAVAL Cream Separators have attained by accident the position they hold throughout the dairy world—the accepted standard by which all other separators are measured and judged.

Superior in principles of construction, superior in materials used, superior in workmanship, for twenty-five years the name DE LAVAL has been synonymous with supreme excellence in cream separators.

There are no others "just as good."

THE DE LAVAL SEPARATOR CO.,
77 YORK STREET, TORONTO
