## TORONTO TO HAVE FIRE

## Baring Fire Chief

Deputy Chief ARTHUR MANN.
Deputy Chief Mann, who was serieusly injured this marning returning
from a fire, when his car collided with
a touring car at the corner of Mansfield and St. Gatherins.
—Photo by J. N. Lapres.

# MAN KILLED WHEN FIRE

Deputy Chief Mann Injured When His Car Collides with Touring Car

tion from Fire on Bishop Street--Many Were Injured.

## CHIEF'S CAR COLLIDES

## RETURNING FROM FIRE

Deputy Chief Was Going Back to Sta-

Many Were Injured.

Reckless driving cost the life of ore man, and the serious injury of four man, and the serious injury of four man, and the serious injury of four men, as crashed into and demelished by the motor cal used by Leputy Chief Arthur Mann, of the Montreal Fire Department. The accident occurred at the corner of Mans, field and St. Catherine streets shortly before four o'clock this morning, when Chief Mann was returning from a large fire in the west and of the digy.

The dead man is Arthur Charron, of Cote St. Faul.

The injured are:—

## HIGHER RATES HELP OF SHET LIGHTNING RODS MUTUH BOAT INSURANCE

Insurance Companies are

The increase it insurance rates on motor boats, according to the testimony of leading underwriters of this class of insurance, rather than having huit business seems to have greatly helped matters, and there has been more business written at the present rates, which have been raised from 50 cents to \$1 per \$100, than was written at the old rates.

Mr. Harold Hampson stated to-day that since the increase in rates business had improved, and the higher rates seem to impress people with the smidling and no insulators should be used. The increase th insurance rates

Another, well-known motor boat in-surance man stated this morning that since the higher rates his company had written more business, and strange to say, had had so far very few claims. Most of these being for damage done by fire. It was his opinion that the class of people taking out insurance on motor boats, would not allow a slight change in, the rates to prevent them carrying insurance.

## MR. HOWGATE ABROAD

Secretary of the Canadian Fire Under-Writers' Association Takes Vacation.

Mr. Leonard Howgate, the hard-working secretary of the Canadian Fire Underwriters' Association, has gone abroad for a well-carned vacation of many weeks

The dead man is Arthur Charron, of Jose St. Faul.

The injured are:—
Deputy Chief Mann, severe scalp acunds; crushed chest, and several roken ribs.

Wm. Ravenelle, chanfeur of the devalled car, injuries to the back of the head.

O'dia Dumas, 96 De Vallieres, arm nigred.

Edward Montmagne, 216 St. Andrew treet, scalp wounds.

## Personals

Mr. A. E. Horswell is occupying his summer cottage at Val Morin.

LIGHTNING RODS

Rods Have New Been Found to be 94/2

Per Cent. Efficient in Ortario by Government Tests.

The Wall Street Journal, in an article on the value of lightning rods, says. The reappearance of the lightning rod agent at Brantford can soon be expected. According to a bulletin of the Ontario Department of Articulture thirteen years of investigations demonstrates that lightning rods are now 94/2 per cent. efficient in that province. In the State of lowa they are 98.7 per cent. efficient in that province. In the State of lowa, they are 98.7 per cent. efficient in Michigan 99.5 per cent.

Total lightning claims paid by insurance companies on rodded buildings, which were of the same number, they paid 3841.065. In Ontario, out of every 200 farm buildings insured, forty-two are rodded. Yet out of every 200 struck by lightning in 1912 only three were residen buildings.

But don't let the agent put up rods that run through glass insulators. According to the Ontario builletin. they should be in metallic connection with the building and no insulators should be used.
