

## Our Telephones Chosen by Majority Of New Systems

**I**N Ontario where the fight for business is keenest—where all telephone manufacturers enter into competition—this company has assumed a commanding position. Last year The Majority of municipalities and new companies entering the independent telephone field selected our telephones and equipment.

### QUALITY WINS

Price cut no figure in securing the business of these companies. Other telephones were offered for less. SUPERIOR QUALITY won us the victories.

Our telephones were selected not only by new systems, but by those who had been using other makes, because they were proven to be the clearest-talking, strongest-ringing, simplest and best constructed. They were given the severest tests, the most minute and rigid examinations. They established their superiority beyond question.

### BUSINESS DOUBLING

Between 400 and 500 Independent Canadian Telephone Companies are buying their supplies from us. Our business is again repeating last year's record, when it doubled in volume. What better guarantee of satis-

faction could a municipality or local telephone company want than the evidence of the satisfaction we are giving others?

### 10 YEARS' GUARANTEE

Everything we sell is guaranteed. Our Telephones are guaranteed for 10 years against defects in material or workmanship. Our Side Blocks and Top Pins are made specially for us, so as to insure uniform quality. In No. 12 Galvanized Line Wire we never carry anything but the best.

We stock nothing but first quality materials. And we stock them in large quantities.

Notwithstanding our large increase in business, our facilities are such that we are able to handle all orders promptly and satisfactorily. A Price List will be mailed on request.

### NO. 3 BULLETIN

Our latest book on telephones has just been printed. It contains the latest, most authentic information on construction and operation of telephone lines. Also shows the most up-to-date equipment. Ask for the No. 3 Bulletin.

If you haven't a copy of our famous book, "Canada and the Telephone," profusely and graphically illustrated by a leading artist, we will be glad to mail you one, too.

### FREE TRIAL

If your company is going to replace some old phones with new ones, or is just starting a system, ask us about our FREE TRIAL OFFER, whereby the quality and efficiency of our telephones can be judged before spending a dollar.

20 DUNCAN STREET, TORONTO

## Buy this DAIN PRESS for Heaviest Work

**B**UILT with particular attention to the needs of the man doing custom baling, it will stand the knocks of transportation and hard wear. Best of material gives strength, and durability.

The Dain Belt Power Press has large capacity and combines many time and labor-saving devices, which makes it the most profitable hay press to operate. It makes neat, smooth square-ended bales.

One of the greatest advances in hay press construction is the Dain automatic condenser hopper.

The feature of condenser hopper and self-feed working together increases capacity and decreases cost of operation by requiring less labor than other machines.

Pitman is I-beam steel, rigid and substantial. Plunger is all iron and steel, therefore not affected by damp weather or wet hay.

Gears are large and have strong heavy teeth. Pitman is operated by twin drive gears insuring

true, perfect application of power. Long shaft bearings of the finest quality of babbitt metal hold shafts in perfect line and insure proper meshing of gears, which lessens friction and saves power.

Fly wheel runs smoothly. Is large and heavy so it carries plunger over heavy part of stroke. Friction clutch gives perfect control.

The Dain automatic tucker folds every charge of hay, making smooth, neat and square-ended bales. Blocks are inserted automatically by self-feeder, and are conveniently located for operator.

Baling case is carefully constructed as it must stand terrific strain in forming bales. Heavy steel angles and plates are used reinforced with trusses, and all liberally riveted and bolted.

## Cow Profits

**C**OW comfort and cow sanitation result in more cow profits; and this alone should induce any farmer or dairyman to install our Sanitary Steel Stalls and Stanchions. They allow free passage of light and air in a stable and ensure perfect sanitation and ventilation—a result impossible with any wooden equipment.

### Louden's Stalls and Stanchions

are actually cheaper than wood. Louden Stalls of heavy tubular steel with malleable fittings, have no flat surfaces for dust to accumulate and no rough or sharp corners to injure or chafe the cows. Louden Stanchions give cows the greatest possible comfort and freedom, yet keep them perfectly lined up. Latch easily opened or closed with gloved hand yet is completely "cow proof."

### Louden's Barn Equipments

include Feed and Litter Carriers, Hay Tools and Louden's Bird-Proof Barn Door Hanger. Send for complete catalogue. It is cheaper to put LOUDEN QUALITY into your barn at first than to experiment with inferior equipment.

Write to-day for our Catalogue of modern labor- and money-saving equipment.
