Amatite ROOFING

Saves Labor and Money

A roofing that has to be painted every year or two is a constant care. Suppose you should neglect to paint yours in time. The chances are that when you did remember, (which would probably be when you discovered it leaking) it would be too late to paint or patch. You would need a new roof.

Now you can avoid all this bother and expense by buying Amate, which needs no painting or coating of any kind.

We will send you a sample free. Write for it to-day and settle the question for yourself. It will only cost you a postal card and will save you many

dollars in the end.

Amate comes in convenient rolls ready to be laid on the roof. Anyone can do the job. Liquid cement to seal the laps and large headed nails are supplied free in center of each roll.

We wish you knew as much about Amate as we do; you'd buy it every time. It's the kind of ready roofing that makes satisfied customers.

Send to-day for a free sample to nearest office. That tells the story.
