

Power Pumping Pays for Itself on the Stock Farm

"WATERING THE STOCK" takes on a different meaning the day you put a **Toronto Engine** on the job. With a tank and the necessary piping and fittings it will keep a constant supply of fresh water, at a moderate temperature, in front of every animal as it stands in the stall. Compared with a drink or two a day from an icy trough, pumped full by hand, this up-to-date method saves more than its cost in better health, more milk, quicker growth and more meat from the same amount of feed—to say nothing of the hours it saves in doing the chores.

The saving in the stables is great enough to pay for running water throughout the house too, with all the comforts of lavatory, bath room, hot water heating and hot water on tap for housework, baths and shaving—in fact, the advantages of a city home.

Toronto Pumping Outfits are provided to suit every possible combination of conditions, and give long service with the least possible attention. Typical outfits illustrated in our Booklet will give you plenty of ideas. The Engine is by no means limited to pumping, but can be connected also with feed cutter, root pulper, fanning mill, cream separator, mechanical milker, churn, grindstone—any machine that needs power.

The shortage of help, and the big money there is now in live stock and dairy products, makes it doubly important for you to install Toronto Power. Write us for illustrated Booklets giving full information about Engines and Pumping Outfits. 23 W

We also manufacture Windmills, Etc.

Ontario Wind Engine & Pump Co. (Western Branch) Limited
Dept. "E" WINNIPEG and REGINA
FOUNDRY PRODUCTS, LIMITED, Calgary, Alta., Distributors for Alberta.

The Farmers' Phone

Gives Unequaled Service
Stock at Regina

KELLOGG Code No. 2839 Farm Line Telephone is especially built for the severe rural line service. It has sturdy, well seasoned, quartered oak cabinet; Kellogg standard long distance transmitter (over two million of one type in use), powerful five bar generator; reliable, durable, receiver with Kellogg Bakelite shell. This telephone gives the most reliable service, with the least amount of repairs. Its use throughout the world proves it the unequalled farm line phone.

We have a stock of these subscriber and profit making telephones at Regina, Saskatchewan, ready for prompt delivery. Here you can buy from us complete supplies, including these splendid telephones and your orders and inquiries will have our prompt, intelligent attention.

Do you need wire, pole or line hardware, tools, batteries, etc., for your spring work?

A selected stock for spring renewals and extensions, with switchboards and telephones, ordered now will mean a saving and enable you to give a better service. Write us today.

We issue a booklet entitled "How to Organize a Rural Telephone Company," and we will forward it on request.
