At Peterboro' 15 farmers' wives were fined \$2 and costs each for selling butter in pound prints under weight.

The shank bones of mutton, so little valued in general, if well soaked, add to the richness of gravies and soups for sickroom broths.

An unusual course is being pursued by B. Bell & Son, manufacturers of agricultural implements at St. George. With assets of \$210,000 and liabilities of \$120,000 they are going into liquidation because they were not making money and prospects were not bright. Most cases of this kind occur with the figures reversed.

It Creeps Like A Serpent—Steals through the system like a thief in the night. That's how catarrh acts. Don't trifle with such a scourge. Don't experiment with a doubtful treatment. Time and experience prove that Catarrhzone does cure, that it gives quick relief and so thoroughly destroys the disease, that it dies forever.

Get Catarrhzone in the first place, and your cure is assured. In 25c and \$1.00 sizes at all dealers and guaranteed in every case.

For over six months the young son of Mr. Robert Torry of Durham carried in his foot a piece of glass. It was noticed that a small lump in the sole wasn't going away, so the lad was put under chloroform and the discovery soon made that under the skin, but completely healed over, was a ragged piece of glass, about an inch long and half an inch wide. Some time last fall he stepped on some glass, but, as he supposed, got it all out. That the foot never festered, nor hindered him from work nor play, bespeaks a rugged, clean constitution.

Recently a country doctor in the North of Ireland, a bachelor, who was locally noted for his brusqueness and irascibility, was driving along a narrow lane, or "boreen," when his passage was effectually barred by an old woman, who was returning from the bog leading an ass whose panniers were filled with peats. The woman led the ass to the side of the lane as quickly as she could, but not quickly enough to please the short-tempered doctor. "Augh!" he exclaimed, with a snort of disgust. "Women and asses are always in the way." "I'm glad ye had the manners to put yourself last," said the woman, calmly. The doctor drove on without another word.

A German normal school for Berlin was the request of a deputation consisting of Dr. H. J. Lackner, M. P., Rev. Theo. Spetz, Messrs. H. Krug and George Lang, all of that town, that waited on the Minister of Education Monday. There are large German settlements in Waterloo, Grey, Bruce, Huron and Perth. As a result many children go to the Public schools who speak only German, and the teachers, who in the main, do not understand that language, have difficulty in making progress with their pupils. A German normal school, the deputation claimed, would supply qualified teachers who could speak German, and who, in addition to giving better results along the lines of the regular English curriculum, would serve to perpetuate the German language among the pupils. The Minister has taken the question under consideration.

Under the English law of the eighteenth century women were absolved from any debts on marriage. Fashionable women who had lost heavily in cards sometimes wedded a criminal on the way to the gallows to escape their creditors.

In the olden time a woman in the North of Scotland went to visit her husband who was condemned to be hanged upon the following day. The doomed man began to give his last instructions to his wife preparatory to bidding her farewell, when all at once she broke in upon the conversation and exclaimed:—"By the by, John, whaur will I plant the tatties this year?" The unfortunate man as may be imagined, grew exceedingly indignant at the indifference of his wife and exclaimed, angrily:—"What need I care whaur ye plant them? I'm no likely to need any o' them." "Hech," replied the woman, turning to the warder with a wag of the head; "oor John's huffed because he's going to be hanged the morn," and marched out of the cell.

Don't forget the editor when you have an item. If your wife whips you, let us know and we will set you right before the public. If a youngster arrives at your home and demands raiment buy a quarter worth of 25-cent cigar and come around, and if you are a cash subscriber we will furnish a name for it or her as the circumstances may warrant. If you have a gathering of a few friends in, bring around a big cake, six pies or a ham not necessarily to eat but as a guarantee of good faith. We mention these things because we want the news.

One day recently, Florence, daughter of Mr. Henry Deacon of East Wawamesh aged about eight years, met with a peculiar accident, that girls should take warning from. She and her sister were engaged at the Cream Separator, when Florence had occasion to stoop down for a pail, when some of her curls caught in the Separator cogs, as the machine continued in motion. Her sister seized her quickly but the machine tore the hair from her head, leaving a bare spot about 2 1/2 by 3 inches, that will be very sore for some time. Her father was just outside and hearing her screams, ran, but the hair had been torn from the child's head. Those who are accustomed to working with Separators will now see the danger, and should be on their guard.

It Imparts Strength.—Just think of the enormous strengthening power Ferrozone possesses—consider what it did for H. V. Potter, well known in Kingston. "I was subject to spells of dizziness. For eight months I had intense pain in my right side between the shoulders. I was almost incurable with weakness and lack of vigor. Often I scarcely ate any breakfast and felt miserable all day. Nervous, easily excited, troubled with heart weakness, I was in bad shape. Ferrozone restored and nourished me back to health in short order." Whatever your weakness may be Ferrozone will cure. YOU NEED STRENGTH.

VITALITY IS LACKING AND YOU MUST HAVE A BRACING TONIC AT ONCE.

You're sick and need medicine. Not an emulsion to sicken the stomach, not a dope cure, nor bitters,—but a nourishing tonic that will increase weight, strength and spirits.

Try Ferrozone and watch the result. Because it gives instant effect and steadily builds up new flesh, it is used by thousands in ill-health.

No other medicine contains more nutriment, supplies better building material, makes you feel well and strong, as quickly as it did Mrs. Charles Bernay, of Cloyne, Ont.

HER STATEMENT.

"I was sick."

"I was broken down, had no strength, couldn't eat. I was sleepless."

"My nerves were irritable. I was thin-blooded and continually unhappy."

"I tried Ferrozone."

"It gave me new energy, forage, vim. It brought me comfort, strength—it made me well."

It's by making the appetite good, by instilling iron and ozone in the blood, by fortifying the system with reserve strength that Ferrozone accomplishes so much.

You'll have new life in a week, in a month you'll be like a new being. Try Ferrozone, it always justifies itself, 50c. per box or six for \$2.50 at all dealers.

Thomas Johanson, jr., aged 16, of Hammond, Ind., was walking a cow in his father's barn the other day when he was struck by lightning. The lightning struck the cow first and, glancing off, hit young Johanson, knocking him and a friend named Sorenson, who had been helping him, unconscious. The same bolt stunned three cows. Members of the Johanson family who were standing at the window of the house, saw the bolt descend. They rushed to the barn and carried the unconscious youths into the house. Sorenson soon revived, but Johanson died ten minutes later. The which was first struck by the bolt was uninjured.
