SPRING OPENING

Thursday and Friday

OUR complete and authentic collection of Spring-wearing Apparel and yard materials is worthy of your critical inspection.

This Display Will Appeal to the Women Who Understand Dress!

French, English and American Modes in Millinery

The small hat is the notable feature this season. The decorative effects are both bold and striking. The bold shown patterns and colorings of the new Bulgarian order are very conspicuous. This is a most important feature, as the hat simply must have a dash of this bold color; if only a touch it must be there.

The Showing of Smart Gowns, Suits, and Coats Adds Greatly to the Opening Exhibit

Fashion, tiring of the straight lines, has chosen tunics and kindred effects to relieve this straightness. We are showing a most beautiful range of tunics and lace over-dresses.

There is a wonderful display of dress accessories, chosen from the latest and daintiest productions of leading foreign manufacturers. Beautiful new Blouses and Dress Fabrics, exquisite Silks and kindred soft materials, dainty new Laces and Embroideries, in fact everything.

Dressmaking

Miss Truesdale who has charge of our extensive Dressmaking Dept. is now prepared, with a full staff of competent workers, to execute your orders for Spring Suits, Coats or dresses.

Fit, Style and Workmanship Guaranteed

Ogilvie, Lochhead & Co.

The Latest Vogue in

Tailored Suits and Long Coats

On Display in Our Mantle Dept.

Ladies' and Misses' Suits, in all the popular new materials, including Bedford Cords and Whipcords, in plain colors and two-tone effects, also Cheviot and French Serges, in all the leading shades and pretty tweeds.

The Coats are attractively cut in semi-fitted lines, with slightly cut-away or rounded fronts, also strictly tailored styles lined throughout with silk or satin. The skirts are plain, also pretty draped effects.

All Prices From \$10.50 to \$40.00

The New Three-Quarter Coat, with loose back and rounded fronts, in stylish tweeds, blanket cloths, ratine and serges, in all the approved spring shades, also pretty black and white checks and stripes.

Prices \$9.50 to \$35.00

AN EARLY SELECTION FROM OUR STOCK WILL REPAY YOU

Borden's Boomerang

(Continued from Page 1)
annunciation of the entire programme of the opposition, at least from an imperial standpoint.

Effect Was Crushing.

The announcement of the prime Minister last night came with crushing effect, because all afternoon and evening the Liberals from Sir Wilfrid Laurier down, had taunted Mr. Borden with suppressing important portions of the Churchill letters and memoranda. Indeed, to some extent they justified their obstruction upon the ground that the part of the correspondence which was not laid upon the table might prove of great value to their cause.

Mr. Turiff of Assiniboia, was speaking toward midnight when Mr. Borden entered the House. The galleries rapidly filled, the official galleries being occupied by ladies in evening dress. He asked leave of Mr. Turiff to interrupt him long enough to make a brief statement, and then read his correspondence with the first lord of the admiralty. As the reading progressed the Conservatives gave way to unbounded enthusiasm, and the conclusion of Mr. Borden's speech was a signal for uproarious cheers and applause.

Still Obstructing
Nevertheless the house is sitting and may continue to sit until Saturday midnight. The Liberals during the day have been protesting that they were in the fight to the finish and the supporters of the government are determined and enthusiastic. The dissolution talk has faded away, but resort may be had to the closure, although likely not before next week.

On Dec. 18, 1912, Mr. Borden wrote to Mr. Churchill saying: "It has been suggested to me that the construction of large warships of the most modern type has been attended with great difficulties in its earlier stages and that the cost has been excessive. If I am not trespassing too much upon your good nature I would be glad to receive any information along that line so that it would be available if necessary."

Not Practicable.
"On Jan. 23, Mr. Churchill replied giving the following memorandum: The suggestion that the proposed battleships could be expeditiously built in Canada cannot be based on full knowledge of the question. The battleship of to-day has gradually been evolved from years of experiments and experience, she is a mass of intricate machinery and machinery all requiring separate and extensive plants of a very costly nature to cope with the constant changes in design and composition. In addition to this the actual construction of a battleship where high tensile and mild steel are largely used, requires the employment of special riveters and steel workers. These men are difficult to obtain in Great Britain, and it is thought it would be a long time before a sufficient number of efficient workmen of this nature could be obtained in Canada."

Wholly Unwise.
Taking the above points into consideration, it is clear that it would be wholly unwise for Canada to attempt to undertake the building of a battleship at the present moment. The cost of laying down the plant alone would at a rough estimate, be approximately £15,000,000. And it could not be ready for four years. Such an outlay could only be justified on the assumption that Canada is to keep no continuing naval building program to turn out a succession of ships after the fashion of the largest shipyards in Great Britain and Europe.

Extracts from Churchill's Correspondence.

Japan's Experience.
The Japanese have taken 20 years in working up their warship building, and now take over three years to build a battleship, and although anxious to build all ships in their own country they still find it necessary to have some of them built in Great Britain.

Spain has developed a shipyard in Ferrol and at Cartagena they have only found it possible to put down second-class battleships of about 15,000 tons (the bulk of the material coming from Great Britain), and the yards are being financed and worked by English firms (Armstrong, Brown and Vickers).

ONE DOSE RELIEVES A COLD—NO RUINING

Pape's Cold Compound cures cold and Grippe in a Few Hours

You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, without interference with your usual duties and with the knowledge that there is nothing else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25c package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine—belongs in every home. Tastes nice.

Children Cry FOR FLETCHER'S CASTORIA

Obituary

Grace McHugh.

The funeral took place yesterday of Grace, infant daughter of Mr. and Mrs. John McHugh, Emily street, from the family residence to St. Mary's church and St. Joseph's cemetery. Rev. Father Padden conducted the services. The floral tributes were beautiful including: Sprays, father and mother, Mr. and Mrs. David Edwards, Mr. and Mrs. George McHugh, Mr. and Mrs. Wm. McHugh, Mr. and Mrs. Jos. McHugh, Mr. and Mrs. A. Crandall, Miss Bella Edwards, Miss Beatrice Steele, Mr. and Mrs. J. D. Montgomery.

The late Mrs. Carey.

The death occurred this morning at the family residence, 38 Niagara street of Mrs. Carey, widow of the late Cornelius Carey. Two sons, one of St. Catharines and one at home as well as two daughters, both of this city are left to mourn the deep loss of a mother. The funeral will take place Thursday from the above address to St. Basil's church and St. Joseph's cemetery.

THE COAL SITUATION.

Next Three Months Coal Will Be Cheap.

Now is the time to order your next year's supply of coal. The price of coal is lowest during April and May than any other time in the year. At present Buffalo harbor is clear of ice and railway companies are busy loading their boats with coal. This is being done to rush the coal to the West as soon as navigation opens on account of the supply getting very low in that section of the country during the past winter. This state of affairs will have a tendency to make coal a scarce article in Ontario. It will pay you to order your coal from F. H. Walsh before May 1st, as after that date all mine-owners advance the prices monthly.

Throughout the past winter several of the local dealers have been buying coal from independent firms in Detroit at an advance in price of \$1.00 a ton over what Mr. Walsh has been paying; therefore, he is able to quote you a better price for April, May and June deliveries, especially car lots for employees of factories. This coal is mined under the city of Scranton, Pa. (guaranteed), and no better coal can be purchased in the world. Mr. Walsh can quote a lower price than most dealers as he is under less expense than any coal merchant in the city. You get coal of quality and quantity, which is full of weight, worth and warmth, when you have Mr. Walsh fill your coal bins. He is already booking orders for next year's supply of coal at prices which will astonish you. If you are not already one of his many satisfied customers give him your next order and be convinced that he sells the best coal in the city and at economical prices and full weight. He is also sole agent for Beaver Brand Charcoal, F. H. Walsh, Coal and Wood Dealer, Phone 345.

Like Magic To Weak Nerves

With the nerves exhausted both mind and body are of little use. You feel tired, worn out and down-hearted, and the organs of digestion fail to perform their all-important functions. Nervous troubles do not go away of their own accord, but gradually grow worse and worse, until some form of paralysis is developed. Dr. Chase's Nerve Food can be depended upon to revitalize feeble, wasted nerve cells as nothing else can. Here is a case in illustration:

Mr. A. Sicard Dana, Sask., writes: "When I began to use Dr. Chase's Nerve Food, on the recommendation of a friend, my system was so much run down that I was weak and exhausted, and could not at times attend to my work. The effect of the Nerve Food was almost like magic: in a few days the weakness wore away and I found strength and vigor being restored to the body."

That cure was effected three years ago, but I generally use the Nerve Food in the spring, as I can find no treatment so effective as a spring tonic.

TRIALS of the NEEDLE

DO NOT GETTING ANY RESULTS FROM THE DOSE YOU ARE TAKING? TAKE A PAIN-PAW! IT DOESN'T SEEM TO BE DOING ANY GOOD.

Strength comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs; and thus builds up the strength. If you are getting "run down," begin taking Hood's at once. It gives nerve, mental and digestive strength.

WANTED—Ladies to do plain and light sewing at home, whole or spare time; good pay; work sent any distance; charges prepaid; send stamp for full particulars. National Manufacturing Company, Montreal.

FASHIONABLE CLOTHES FOR MEN.

1913--SPRING--1913
