British Fire Stopped Enemy

GERMAN RAIDS REPULSED WITH HEAVY LOSSES

LONDON, August 21—Strong German detachments drove back British covering patrols northwest of High Woods, on the Somme front, this morning, but were stopped when they came under the fire of the British positions west of the wood, says today's War Office statement. Bombing attacks on High Wood were repulsed.

The statement follows:
"After a heavy bombardment, three hostile bombing attacks were made this morning on High Wood. All were easily repulsed.

"Northwest of High Wood some of our covering patrols withdrew before strong detachments of the enemy, but these detachments were unable to make any progress when they came under fire from our positions west of the wood.

"During the night we effectively shelled portions of the enemy's position, whilst the enemy bombarded our trenches in the vicinity of Pozieres and the area of northeast Contralmaison, using gas shells freely.

"Northwest of Hulluch (north of Arras) and east of Le Plantin, the enemy attempted to raid our trenches. Those raids were driven back with loss to the enemy who only succeeded in reaching our lines at one point from which he was quickly driven out again.

Near Givenchy the enemy exploded a mine near one of our forward saps but caused us no casualties, and we made use of the crater as a defensive post. Further north we liberated gas successfully against the enemy's positions as two places."

British Have Captured Mile of Ground in Balkans

They Also Took Fortified Work at Feracheval, After Serious Resistance From the Bulgarians—The Allied Forces Have Launched a General Offensive Along Entire Saloniki Front

NEW YORK, August 21—The journal today has the following from Saloniki:
The occupation of more than a mile of ground along a front of nearly three miles in the region of Lake Doiran, and the capture of a fortified work at Feracheval, south of Doldzeli, was announced in an official report today by the British Balkan Headquarters. The British official report says:
"On the Doidan front during the night we advanced 2,000 yards, and occupied these new positions without encountering resistance. Our troops took the work at Feracheval, south of Doldzeli, after serious resistance from the Bulgarians.
"On the Struma front the enemy is showing signs of activity in the direction of Demirhissar. He is reported to have crossed the frontier at numerous points, and to have penetrated into Greek territory in the neighborhood of Sarichaban, east of Kavala."

BATTLE ALONG WHOLE FRONT

PARIS, August 21—A general offensive along the entire Saloniki front was launched on Sunday by the Allies, according to an official statement issued by the French War Office. The Serbians have captured the first line of the Bulgarians on the left of the battlefield, but have lost the town of Banica, south of Floina.

On the centre and right wings heavy fighting is in progress. The British-French forces have crossed the Struma and are attacking Bulgarian positions northwest of Seros. The text of the statement follows:
"On August 20th the Allied forces at Saloniki took the offensive on the entire front. On the right wing the Anglo-French forces have crossed the Struma and are attacking the enemy on the Kavalki-Kelentra-Topalava front (northwest of Seros.) They are in contact with a position strongly held by the enemy at Barakii (eight kilometres southwest of Demir-Hissar).

Russian Drive Progressing on Stokhod Line

PETROGRAD, August 21, via London—The Russians have made further advances at some points along the Stokhod line, where they broke through the Austro-Hungarian defences last week, the War Office announced today. The capture of more than thirteen hundred men in this region in two days is reported.

PETROGRAD, August 21, via London—The Russians are pressing forward vigorously through two of the Carpathian passes which lead to Hungary. Following the announcement last week of advances in the vicinity of Korosmezo, which is just over the border in Hungary, the War Office today reported gains in the pass east of this region, leading south from Kutu. The capture of Jablonitza and Fereskul on the Cheremosh River, which forms the boundary between Galicia and Bukovina, is announced. Jablonitza is about twenty miles north of the Hungarian border.

On the Caucasus front the Russians have captured a series of heights and taken prisoner a large number of Turks. It was announced officially here today.

RUSSIANS SUDDEN THRUST

PETROGRAD, August 21—By suddenly shifting his attack to the Stokhod River front, near the east of Kovel, General Brussiloff has caught the Germans off their guard, and is driving westward for substantial gains. Realizing that General Bothmer's army had been crushed, the Germans began stripping their northern front of every available man and sending them southward to defend Lemberg. It was while this troop movement was under way that General Brussiloff struck further north with his right wing. His flanking attack menaces both Kovel and the German army at Pinsk.

BABY'S GREAT DANGER DURING HOT WEATHER

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed aid. Baby's Own Tablets should always be kept in homes where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the troubles, comes suddenly the prompt use of the Tablets will cure the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Ont.

GERMAN TRENCHES CAPTURED

Paris, Aug. 16—The Entente Allies, after a brisk combat today, captured a line of German trenches on a front of 1,500 metres to the north of Maurepas in the Somme region, according to the official communication issued today.

The statement adds that the French troops occupied all the German positions east of the Maurepas-Clery road, and that in addition German trenches, 1,200 metres long, to the south of Belloy-en-Santerre, were captured.

The text of the statement:
"On the Somme front this afternoon, after an intense artillery preparation, we launched an offensive which brought us important gains, north of Maurepas, assisted by the British, we captured one entire line of German trenches on a front of 1,500 metres, reaching at certain points road."

The Long Day's Close

(Willis E. Bloomfield, Verses Parables.)
"The long day draweth to a close,"
Yet ere its end
We still have time to pluck a rose
To give a friend.
There yet is time, ere drops the sun
Below the west,
To speak a cheering word to one
By fear oppress;—
Time yet for many a little deed
Of kindness,
To help our brothers in their need;
Or soothe and bless.

"Will seem perhaps we cannot spare
From our own woe
Time to relieve another's care;
Believe not so?"

We who have suffered should be strong
To rise above
Our pain and grief; to sing a song,
To work, to love;

That whose falters on Life's road
May see and hear,
And hear his seeming heavy load
With freshened cheer.

So may our day draw to its close;
Life's sunset gun
Calling us to well earned repose
And God's "Well done!"

Losses of Austrians Enormous.

London, Aug. 18—According to the elaborate calculations of Colonel Gablonski, the Russian critic, the Austrian losses in June and July, reached the enormous total of 830,000 men. Of this number he figures 400,000 were casualties. By the end of this month, Colonel Gablonski estimates the Austrian losses against the Russians and Italians will aggregate a million men.

"I hear your fell out with the bank."
"Yes; I lost my balance."
