"Dodd's Kidney Pills relieved me of kidney disease.'

may find relief.

For ninety per cent, of the ills from which women suffer come from weak or diseased kidneys. They are the organs that strain all the impurities, all of the seeds of disease out of the blood. If they fall in this work the impurities remain in the blood and are deposited all over the body. The results show themselves in weakness, weariness, nervousness, headaches, backache, dropsy and rheumatism.

Ask your neighbor if all these diseases cannot be avoided by using Dodd's Kidney Pills to strengthen the kidneys.
