## THE BILL OF EXTRAS

The Attorney-General of New Brunswick has the most official salary of \$2,100, yet Mr. Pugsley, the new Minister of Public Works for the Dominion—in that position has regularly obtained from the Treasury for his services annual payments ranging from \$7,500 to \$10,000 a year, the extras amounting to two or three times the salary. It was never quite clear what he did for his stated salary since a large part of his legal services to the province were paid for in fee such as a leader of the bar might expect if he were in private life. When he came to Ottawa on affairs of the province he received a legal fee when he went to the Privy Council to argue a public case, he received a counsel's reward. He settled the succession taxes when wealthy men died and took five per cent. of the proceeds as his fee. When Mr. Pugsley was a member of the house not holding office charges were made that the government was paying two prices for steel highway bridges. Mr. Pugsley appeared before the committee as counsel for the government and was paid by the Treasury a high daily fee. Having a government majority on the Committee he secured a verdict, and then went into the Legislature as a member to speak and vote for the majority report. During his time of service as Provincial minister Mr. Pugsley continued his private practice, which was probably the largest and most remunerative of the province.

When Mr. Pugsley left the Provincial Government there were large financial obligations coming due. At last winter session he explained that this money could be borrowed easily at three and a half per cent. Meanwhile a large part of it was floating in the banks. Since then the banks have declined to make further advances and demanded repayment of overdrafts. In consequence the new Premier has been obliged to float a loan at five per cent., which is the highest rate of interest paid by a Canadian province or any loan floated during the last ten years and more. Mr. Pugsley had evidently made his escape at the right moment for himself. He does not get the Railway Department as was the original intention, but becomes Minister of Public Works, which department last year expended over nine million dollars. This will give him a fair opportunity to exercise his remarkable gifts as a distributor of public funds.

## THE NEW REMEDY

Take It Now That Vacation Days Are Fast Approaching.

Thousands of men and women are anxiously looking forward to the vacation days that come in June, July and August—not so much for the pleasure or enjoyment as for the chance of getting rid of their ill health.

To thoroughly drive away troubles of the stomach most people think they have to make a business of it with dieting, exercise, and perhaps a vacation.

But Mi-on-a stomach tablets taken with regularity, in a very few days will drive away indigestion, dizzy spells, distress after eating, headaches, sleeplessness, and the many other symptoms of bad digestion and sluggishness of the digestive organs that keep people from enjoying themselves.

Day after day, at work behind desks or in the factory with poor sunlight and air, soon results in sluggishness of the entire physical and mental apparatus. The first slight symptoms of indigestion can be easily cured, but when they are allowed to increase without any help, then the stomach complaints become hard to shake off.

Strengthen the whole digestive system with Mi-on-a and you will soon find that both stomach and bowels do their work as they should.

C. H. Gann & Co. sell Mi-on-a in 50 cent boxes and guarantee to refund the money if the remedy does not give complete satisfaction.

A cruel story runs on wheels, and every hand oils the wheels as they run.

## A HARD CASE OVERCOME.

No longer necessary to suffer from muscular rheumatism. Every case can be cured. Ferrozene is unfailing, as proved by David Johnston, of Ormston, Ont. "My wife was a dreadful sufferer," he writes. "For two years she could do very little work. Her knees and joints swelled, causing torture. To get up or down stairs was impossible. She took box after box of Ferrozene and rubbed the sore place with Nerviline. Improvement started and she mended fast. To-day she is quite cured and we thank Ferrozene for her recovery." No remedy more popular with doctors than Ferrozene; it does cure, 50c. per box at all dealers.

## ANNOUNCEMENTS.

At the Brisco Opera House—

"SIDE TRACKED" FAIR NIGHTS.

"Side Tracked" contains enough entertaining diversity to keep an audience in continual hilarity, and runs the gamut of sensation, farce, melodrama and variety. A murder is committed, and a theatrical company give part of an entertainment at a railroad station, a pretty lunch counter girl falls in love with a tramp who eventually becomes as attractive a lover as any girl could want. Pretty girls sing and dance themselves into popularity, and "Side Tracked" moves along without a dull moment, with the sobriety and the tramp in the lead. Sensational climaxes are found in the scenes of railroad contrivances.

The tramp's first appearance is from the door of a passing freight car, and later he is seen riding on the cowcatcher of an engine.

A funny Irish policeman and a Dutch laborer from their posts. The medleys and dances are well arranged, and the show in its entirety is most entertaining.

At the Brisco Theatre, this city, Fair Nights.
