HARPER'S MAGAZINE. **ILLUSTBATED**

The Magazine will celebrate the fourth Centenary of the Discovery of America by its Re-DISCOVERY, through articles giving a more thorough exposition than has hitherto been made of the RECENT UNPRECEDENTED DEVELOPMENT OF OUR COUNTRY, and especially in the GREAT WEST. Particular attention will also be given to DRAMATIC EPISODES OF AMERICAN HISTORY. The FIELD OF THE NEXT EUROPEAN WAR WIL be described in a Series of Papers on the L'anube "From the Black Forest to the Black Sea," by POULTMEN BIGELOW and F. D. MII-LET, illustrated by Mr. MILLET and ALFRED LET, illustrated by Mr. MILLET and ALFRED PARSONS. Articles also will be given on the German, Austrian, and Italian Armies, illustrated by T. De Thulstrup.

Mr. W. D. Howells will contribute a new novel, "A World of Chance," characteristically American. Especial prominence will be given to Short Stories, whie will be contibuted by T. B. Aldrich, R. L. Davis, A. Conan Doyle, Margaret Land, Miss Woolson, and other popul writers.

Among the literary features will be Personal Reminiscences of Naths if L. Hawteone, by bis college class-math and life-long friend, Horatio Bridge, and a Perschal Memoir of the Brownings, by Anne Thackeray Ritchie.

Larm and Household. TO KEEP IRON PIPES FROM RUSTING.

A simple and economical way of and they are liable to be dishedge tarring sheet iron pipes, to keep rem their position, thrown off and them from rusting is as follows:
The sections as made should be coated with coal tar and thee filled sufficiently high—and have all the with light word sharings and the with light word shavings, and the roosts on a level, instead of making letter set on fire. It is declared that them steplike; that is, one higher Name he effect of this treatment will be then the other. Bamble foot, lam - Newcist 19, Sept. 29, 1891. to render the iron practically proof ness of the join's and other adments against rust for an indefinite period, are of en due to high roosts, and it ied.
Id take these Pills rendering future painting unnecessits to their seeking kefty perches that sary. In proof of this assertion, the writer cites the example of a chimney of these trop erected in really doubtful if rooss are at all r 1866, and which, through being necessary in a poultry-house, as For sale by all druggists, or will be sent upon treated as he describes, is as bright those who have tried the plan o and sound to-day as when erected, providing litter for the hens, and though it has never had a brushful cleaning it away daily, report that THE DR. WILLIAMS MED. CO.

Drockville, Ont though it has never had a brushful of paint applied to it since. It is the hens keep in much better cors of paint applied to it since. It is suggested that by strongly heating the iron after the tar is laid on the outside, the latter is literally burned in the after two north and and of long and a valuable for the tar is laid on the outside, the latter is literally burned into the metal, closing the pores and removal of the roosts will render the rendering it rust proof in a far more interior of a positry-house more complete manner than if tar itself and applied been cured. Indeed to strong is my faith of the effect, that I will come Two BOTTLES FREE with a VALUALIEE THEATISE on this disease to any sufferer who will rend me their EXPRESS and P.O. address T. A. SLOCUM, M. C., 186 A/ELAIDF ST., WEST, TORONTO, ONT. cold iron, according to the usual practice. It is important, of course

him too when I say that his name is Tello d'Apery, for Tello has a very large circle of acquaintances, this New Vork boy of fifteen.
