

Former Sheriff Indorses Tanlac

"MONEY COULDN'T BUY THE GOOD IT DID ME" SAYS HON. A. R. ANDERSON

"Money could not buy the good Tanlac has done me, and I gladly recommend it for what it has done in my case," said Hon. Archie R. Anderson, of Houston, Texas Ex-Sheriff of Harris County, recently.

Mr. Anderson is unquestionably, not only one of the best known, but one of the most popular men who ever held public office in the state of Texas. After serving as Deputy Sheriff of Harris County for twelve years, Mr. Anderson was elected Chief of Police of the city of Houston. He had occupied this office only a short time when the Sheriff of Harris County died. Mr. Anderson's friends persuaded him to make the race for the unexpired term of Sheriff to which he was easily elected. He was honored with re-election seven different times and served the people in this important office for fifteen consecutive years. Then Mr. Anderson declined re-election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of that interesting and prosperous city.

"I was in a run-down condition," continued Mr. Anderson, "and had no appetite at all. I could hardly sleep at night and never felt like getting up in the mornings. I was so tired. I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food. I had to take my coffee without sugar, as when I drank it with sugar, I would just belch for hours. I would bloat and swell up like I was poisoned and suffered with neuralgic pains of the worst sort, and nothing seemed to help me only in a temporary way. I just can't tell you how I did suffer for the past four years and up to the time I began taking Tanlac, a few weeks ago.

"When I read the testimonials of some who had been relieved of troubles like mine I just felt like I couldn't make a mistake by taking Tanlac and it has done even more for me than I had expected. I began to feel better after taking my first bottle and have just now started on my third and I'm a different man already. I sleep like a log now and eat just any and everything I want without the slightest discomfort afterwards. I am glad to endorse Tanlac because it does the work and I'm telling all

The Prince Invests In War-Saving Stamps

Not the least amongst the many gracious acts performed by the Prince of Wales during his brief stay in Ottawa was to invest in a complete certificate of War-Saving Stamps. His Royal Highness was delighted to find that in Canada, War Savings Stamps are on sale similar to those that are so popular in England. It was his intention to call at the Post Office and make his purchase of the stamps in the regular manner, during his stroll around Ottawa Incognito, but pressure of other engagements prevented this being done. The Stamps were therefore sent to him at Government House and the sale, duly made, in cash, by the Secretary of the National War Savings Committee. The Prince was quite willing that his investment should be made known and kindly sent the following letter, with permission to publish it, to Sir Herbert B. Ames, Chairman of the National War Savings Committee, Government House, Ottawa, 1st September, 1919.

Dear Sir Herbert, I am pleased to be the holder of a "Canadian War Savings Certificate." I am delighted to find that in Canada you have War Saving Stamps on sale, similar to those we have in England.

I wish the War Savings campaign every success. I remain, Yours sincerely, (Signed) Edward P."

Catarrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O., Glats, 75c.

my friends just what I'm telling you. I never felt better in my life than I do since taking Tanlac. I am willing for you to publish my statement and let every suffering person who may wish, benefit by my experience with this great medicine." Tanlac is sold by E. J. Morris, Newcastle, N. B. (Advt.)

A CRIPPLE FOR THREE YEARS

Helpless in Bed With Rheumatism Until He Took "FRUIT-A-TIVES"

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont. "For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.

Finally, I decided to try 'Fruit-a-tives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place".

Sugar Prices Fixed By New Order

Montreal, Sep. 3.—The Board of Commerce yesterday issued its order concerning the sugar inquiry. The order, in addition to providing shipments by the refiners in combination of 2,000 tons of sugar for the purpose of Western Fruit Growers, dealt with its recently promulgated embargo upon the export of sugar. It further provided for fair prices for sugar, which prices are made applicable to the refiners, wholesalers and retailers. The embargo has been modified so as to permit the export of sugar which was the subject of a bona fide binding contract for sale to persons abroad, heretofore made, provided that no such shipments shall be made which will prevent any refiner from manufacturing and supplying for domestic consumption the amount of raw sugar previously allocated to that factory for that purpose.

The board further orders that hereafter and until the board shall, if necessary as the result of changed conditions, otherwise order any price on sales for consumption in Canada, shall be deemed an unfair price which exceeds a price arrived at on the following basis:

1. Refiners—All sales by refiners may bear a net profit not greater than two fifths of one cent per pound, it being estimated that such profit will ensure from sales at net eleven cents per pound which sale price will include a commission of not more than five per cent., payable by the refiners to wholesalers, or other distributing to the retailers and other trade.

2. The wholesalers—All sales by wholesalers may produce not more than five per cent. commission mentioned. This five per cent. commission will be paid to the wholesalers by the refiners, and will be included in the refiners' list price. The refiners' list price will be that at which the wholesalers will sell to the retailer.

3. Retailers—All sales by retailers by a profit not greater than the last listed retail price of the refiners which produces the sugar, plus the actual freight paid or payable, and plus one cent per pound as the refiners' net only profit.

If the export market is ultimately forbidden to the companies they may apply to the board for reconsideration of domestic prices.

In brief the result of this fixation of prices or rather of profits, by the board, is that the utmost profit that can be made by the refiners is two fifths of a cent per pound, but, because, according to refinery practice, sales are frequently made below actual cost of production (this being the result of market conditions affecting the raw product), out of this two fifths of a cent per pound, the refiners will have to pay their losses during non profitable periods. The wholesalers' profit is limited to five per cent. The utmost profit that a retailer may make is one cent per pound. It is conceived that in actual practice, it will be only occasionally that the various profits mentioned will be made in full.

DOG FED TRAPPED FRIEND

Massachusetts Farm Agent Tells Remarkable and Touching Story of Canine Affection.

In the Telegram, Worcester, Mass., John E. Dearth, field agent of Worcester county farm bureau, tells this story of the intelligence, sympathy, affection and clever understanding on the part of a dog, which came under his observation in a recent visit to Princeton:

A Princeton man who is fond of horses and dogs owns a finely bred hunting dog and he missed it for several days. He made inquiries all around, but no one had seen anything of the animal, and after a week the owner gave it up as lost. One of the farm hands was rambling through a chopped off wood lot a few days later and came upon the dog, caught in a steel trap set for a skunk. Both fore paws were held in the jaws of the trap and the dog could not escape.

But in spite of its terrible predicament it was not emaciated, and although in pain had not gnawed its forelegs as most animals will do when they are in the torture of a steel trap. Strangest of all, scattered all around were bones and scraps of meat. Several hen bones and beef bones, with shreds of meat still clinging, were under the captive's nose, and it was chewing a bone when the farmer discovered its plight.

The trapped dog was carried home in the arms of the man who found it, and then, a little later, the owner went to the trap to see who or what brought those bones and scraps of dog food to the suffering captive. While he stood silently regarding the little heap of bones and scraps, another dog from his own kennels came through the brush with its jaws filled with chicken bones, meat trimmings and other cleanings from the kitchen garbage pail. The dog dropped its load close to the trap and sniffed around as if it were worried.

Calling the dog after him, the owner went back to where the injured dog was licking its wounds. When the other dog saw the rescued animal it barked, capered around, wagged its tail most off, and then lent its own moist tongue to the healing process on its friend's sorely bruised paws.

Empires That Have Fallen.

Six empires have disappeared within the memory of living men, remarks a writer in the Brooklyn Eagle. Nearly 800,000,000 people, close to one-half the world's population, have been released from the shackles of imperialism since 1871. History has no parallel for such changes. In the retrospect of history 50 years are but a flash in the march of the ages and yet since 1871 the doctrine of republicanism has been embraced by half the world. Not all the preceding 2,000 years of mankind's march toward liberty records such progress. Six empires have laid down crown and scepter since Theodore Roosevelt became the exponent of the strenuous life. Three have died, one was murdered, the other two are in exile, while of the three still living, only one, the boy emperor of China, is still enjoying the luxuries that sweeten life for those in high places. It was Napoleon III who led this debacle of imperialism. Dom Pedro of Brazil was next and the last of the Manchu dynasty followed. The crash of the three remaining European empires, Russia, Austria-Hungary and Germany, resulted from the war for democracy. When it comes to mere kings, memory cannot recall them all, for they have tumbled everywhere from Hawaii to Portugal, from Saxony to Bulgaria.

Record Apple Profit Seen.

The apple growers in four northwestern states will receive \$21,000,000 for their 1918 apple crop, according to reports from those states. This is considerably the largest sum they have ever received for their apples and is not due to the large crop, as the 1918 crop was not a record crop. The larger returns from the Northwestern orchards the last year is due mainly to the exceptionally high prices that have been and are being received.

A fair estimate on the 1918 production in Washington, Oregon, Idaho and Montana puts the apple crop at 18,500 cars. A car of apples this year means 156 boxes, as against 630 in former years. This gives a total production of approximately 13,980,000 boxes.—Rural Life.

World's Wheat Consumption.

Per capita consumption of wheat for all purposes during the ten years, 1902-1911, averaged 8.80 bushels per year in France, 8.20 bushels in Belgium, 6.31 bushels in the United States, 6.21 bushels in Italy, 6.17 bushels in the United Kingdom, 4.00 bushels in Austria-Hungary, 4.29 bushels in the Netherlands, 3.38 bushels in Germany (rye consumption being high), 0.85 bushel in British India, and 0.52 bushel in Japan, rice consumption being high in the last two countries.

The Better Kind.

"Don't you think pilot gunboats when they go to sea in a fog ought to take signal guns?" "I should think they could thread their way better with needle guns."

Tightwad.

"Why don't you ever call me up?" "Since they put in metered service I'm not so liberal with my conversation as I used to be."

American Wheat Fields.

The wheat field of the United States in 1918 was four-fifths the size of the kingdom of Austria and more than eight times the size of Belgium.

Webster on "Morale" MORALE (Mo-rah' n. (F. See Moral, at the moral condition, or the condition in other respects, in far as it is affected by, or dependent upon, moral considerations, such as equi, spirit, hope and confidence; mental state, as of a body of men, an army, and like. HAT is Dr. Webster's definition. Many of us know the word only in its war-time application. Webster dwells firstly upon the usage of the word "morale" as applied to the common-place happenings of every-day life. His allusion to its reference to an army comes later. And Webster is correct—meticulously so. It was their private-life morale that made such splendid soldiers of our boys when the time came for them to do the khaki. It was that, and that alone, that made them take the first step, and it was that which carried them through to victory. If their every-day morale had been neglected, the Army could have done little with them and success would not have crowned their efforts. It is the many little incidents of your daily routine that make up your morale—the morning shave, your clean linen, polished shoes, brushed clothes. Webster speaks of zeal, spirit, hope and confidence. It is by attention to the small details of your personal appearance that these may be attained. The Gillette Safety Razor enters as much into the morale of every-day life as it did into that of the trenches. It helped our soldiers to maintain their confidence and bearing. It will do the same for you. The Gillette Safety Razor makes the daily shave come easy—there is no pulling or scraping—no honing, or stropping—just five minutes of perfect shaving comfort. And, afterwards, a chin that tells of morale and self-respect. Sold at most stores catering to men's needs. MADE IN CANADA.
