### AUTOMOBILE BANDITS HEADING THIS WAY

The automobile bandits that have been terrorizing towns along the Maine border are supposed to be heading this way and the following warning has been sent to border New Brunswick towns:

"Look out for a Ford Sedan, License No. 663220 New York. This License Tag is made of pasteboard on the front of the car. There are four men in this car and all well armed."

"There is also another car. This is also a Ford 1920 or 1923 model. The number of this car is 33-320, Mc. Carrier on left side. There are four men also in this car. Look out for them. They are also well armed."

All the banks and business houses have been notified and special precautions taken. Tuesday night they made a break at Smyrna Mills and one man going through a window was shot at by a watchman and dropped to the sidewalk. He was picked up by the others and carried to their car which rushed away. No doubt the men was badly wounded. Four thousand dollars was stolen at Mars Hills and thousands of dollars worth of goods stolen from stores at other places. It is supposed to be the same outfit that committed the big robbery at Bangor a short time ago. One car was reported at Patten, Me. on Wednesday. Special police are watching the highways coming from the border line.

**GAME PLENTIFUL IS N. B.**  
New Brunswick guides state that owing to the absence of any very large forest fires moose are again to be found in large numbers in the province, and during the summer they become so tame that they were a frequent sight for motorists on the road between Bathurst and Chatham, this road running for many miles through the heart of the woods. Deer are also reported to be plentiful in New Brunswick.

Mr. and Mrs. T. H. Whelan celebrated the eleventh anniversary of their marriage on Thursday, 11th inst.

### NURSES OF N. B. WILL ADVANCE THEIR RATES

A slight advance in nursing rates was decided on at the convention of New Brunswick Association of Registered Nurses held last week in St. John. The rate for general nursing henceforth in the province will be \$4 a day instead of the former charge of \$25 a week. The new schedule of rates for private duty nursing is being drawn up by a committee of the private nursing section and will be announced soon. It was decided to publish the scale of rates for the province owing to the fact that many nurses from United States were coming to the province and charging \$35 a week, often working on the same case with a N.B. nurse who was getting \$25 for the same work. The nurses feel, if widespread publicity is given that the public will realize that N.B. nurses can be secured for \$28 and this will put a stop to employing of U.S. nurses.

### FIVE NURSES ARE GIVEN DIPLOMAS

The graduating exercises of the Hotel Dieu Hospital training school were held Wednesday night in the auditorium of St. Michael's Academy. The hall was taxed to its utmost capacity to accommodate the number of relatives and friends present. One of the principal features of the evening was the lecture on tuberculosis by Dr. H.A. Farris, superintendent of the St. John County Hospital. The address to the graduates was delivered by Rev. Fr. Hawkes, rector of St. Thomas College. He urged them to carry out with them the splendid training they had received at the Hotel Dieu and to uphold the high ideals of their profession.

There were five graduates. The Misses C. McCarron, H. MacEachern; J. Cyr; A. Soucie, and C. Ronan.

The salutation was read by Miss A. Soucie while Miss C. McCarron delivered the valedictory. Miss C. Ronan read a splendid essay on loyalty.

The various musical numbers were of a high order of excellence. Dr. Farris in opening his address congratulated the Rev. Sisters on the splendid type of nurse graduated from the hospital. He told his hearers of the ravages of tuberculosis and he explained the work which was being done in St. John for its treatment and prevention. A large amount of money was being expended in that part of the province he said. Practically nothing was being done in other parts of the province. Dr. Farris said that the mode of treatment differed greatly from the old methods. It was the duty of every nurse to do everything possible to prevent the spreading of the disease.

### PREMIER KING GOES WEST SEPTEMBER 29

Premier King leaves on September 29 on his tour of the west. He will be accompanied by Hon. P.J. Cardin, Senator Haydon and probably H.B. McGivern, M.P. of Ottawa and in the west will be joined by Messrs. Motherwell, Stewart, King and Murray.

### PAYING THE WAY FOR BEAVERBROOK

Lord Rothermere's Evening News contains a special article boosting Lord Beaverbrook which raises the question in some quarters as to whether the latter is aiming at the Premiership or whether Lord Rothermere and Beaverbrook are merely determined to unhorse Stanley Baldwin as leader of the Unionist party and its candidate for Prime Minister in the next general election.

After reviewing the immediate political outlook the article says: "Now if ever is the time for the Conservative shadow cabinet to reveal the constructive lines of the policy they intend to set up against the surrenderist policy of the Laborites. There has been times when I wonder why the

shadow cabinet has not called active modern-minded men like Lord Beaverbrook into its councils. Not even Lord Beaverbrook's opponents deny that he has that glowing youthful outlook so essential to present day politics.

"He is much travelled, has an intimate knowledge of Canada and other parts of the Empire and possesses the gift of seizing upon what is agitating the thoughts of the most active minded men and women of the masses."

This unusually open approval by one who should naturally be a political rival, together with recent information that Lord Beaverbrook's papers are prepared to support the Liberals if the Unionists retain Mr. Baldwin in the leadership seems to indicate an attempt by the Beaverbrook faction to become an influential if not dominant factor in the Unionist councils, especially since he has

been a persistent supporter of the idea that the Unionists should welcome a rapprochement with the Lloyd George wing of the Liberal party.

It is now common knowledge that a score or more Liberals under the leadership of Frederick Guest are actually anxious to link up with the Unionists. This wing being in especially close touch with the Beaverbrook camp.

Such a development added to the possible appeal of a dozen or more Laborites, imbued with the idea of bolstering up a real Empire policy, may result in dramatic developments in the British political field. It is all the more possible, for the younger wing to act since the party's nominal leaders such as Herbert Asquith, Simon and to some extent Lloyd George are giving no lead and Churchill is definitely swinging toward the Unionists.
