medicine that can be employed: cleans AYER'S PILLS have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. They correct diseased action in body, and are so composed that obstructions within sheir range can rarely withstand or exade them. Not only do they care the every-day complaints of every-body, blit also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, the safest and best physic for children. By their aperient action they gripe much less than the common purgatives, and never give pain when the bowels are not inflamed. They race the vital fountains of the blood, and streagthen the system by frecing it from the elements of weakness.
