# Germany Approaching Bolshevism. New York Harbor Strike Threatened.

Italians and Jugo-Slavs May Quarrel---Senator Lodge  
Expresses Strong Opinions---Premier Clemenceau  
Back to Work.

## GERMAN NATION DEMORALIZED.

BERLIN, Feb. 28. (By the A.P.)—The German nation is demoralized, says a leading authority here. The strong impression made by the present demoralization of the German nation. The stranger arriving here quickly passes from surprise to disgust on witnessing the evidence of individual greed which alternates with those of dull apathy and threatening social revolt. The conditions of the poorer classes is truly desperate. Apart from the scanty official rations, food is only obtainable from illicit traders at extortionable prices. The total unemployment is estimated at 450,000, many of whom do not desire work having been demoralized by the war service. Discontent is growing, the Spartacist movement is rampant, and if the present situation lasts long the psychology of the masses will inevitably lead to Bolshevism. The west end of Berlin presents a relatively normal appearance, although even here a second glance reveals the superficiality of things. Much that appears genuine is out upon investigation to be a disguise. For example paper tablecloths are used in the leading hotels, the linen ones having been commandeered as bed sheets. The situation from April to June will be critical. The Allies possess in the control of food supply the means of strengthening the party of order without incurring the expense of occupation or the odium of interfering in internal politics.

## SPARTACUS IN CONTROL AT MUNICH.

LONDON, Feb. 27. The situation at Munich is grave, according to the Berlin Vossische Zeitung, which is quoted in a Havas dispatch from Basle. Spartacist forces are not only masters of all public buildings and transportation services in the city, but have also seized the presses on which government bank notes are printed. These presses it is said by the Berlin Lokai Anzeiger are kept busy. Foodstuffs are rationed at Munich the amounts issued to the bourgeoisie being half of these given workmen.

## WILL TRY OTHER MEANS.

PARIS, Feb. 27. There is no longer any question of using on with the Prince's Island conference. Andre Tardieu, one of the French delegates to the Peace Conference, informed foreign newspapers correspondents to-day. He said the Bolsheviks had failed to comply with the conditions laid down by the Entente as to a suspension of hostilities and that the Allies have in view new methods of restoring order in Russia and are examining available means to carry out this purpose.

## ITALIAN-JUGO-SLAV CLASH.

PARIS, Feb. 28. (By the A.P.)—The relations of Italy and Jugo-Slavs are viewed as serious in Peace Conference circles, mainly requiring action by the powers to prevent members of the conference from drifting into a conflict. Differences have been growing and both sides are taking a threatening attitude. An Italian report

## ANOTHER STRIKE THREATENED.

NEW YORK, Feb. 28. A strike of 16,000 Harbor workers, effective at 2 o'clock to-morrow afternoon, was plotted to-day by the Executive Council of the Marine Workers' affiliation, as a result of dissatisfaction with the award of Everett Macy, umpire of the National War Labor Board, granting an 8-hour day without increased wages. The Council telegraphed the War Labor Board withdrawing from its consideration the Union demands as they affect private boat owners of the port of New York. The workers originally had submitted their entire case to the Board, but while the railroad administration, shipping board, army and navy placed their part of the controversy in the hands of the owners of private craft, representing 50 percent of the Harbor's shipping, declined to arbitrate. The proposed strike, like its predecessor called off at the request of President Wilson, would tie up the entire port, including ferry service.

## STRIKES TO BE ARBITRATED ON.

LONDON, Feb. 28. (Via Reuters.)—The Ministry of Labor states that 36 labor disputes are being referred to arbitration this week, including the boilermakers, who claim a 20 per cent. advance, and disputes affecting the engineering and shipbuilding trades.

## LODGE'S VIEWS ON LEAGUE OF NATIONS.

WASHINGTON, Feb. 28. Senator Lodge of Massachusetts, solemnly warned the American people to-day to carefully weigh the constitution of the League of Nations as presented to the Peace Conference at Paris, and to insist upon its fundamental revision. Speaking in the Senate the Republican floor leader declared it his conviction that instead of safeguarding the peace of the world, the League as now planned, would engender misunderstanding and strife. Expressing complete sympathy with the popular demand for an effort toward an agreement for world peace, Senator Lodge said he was not prepared to say that there could not be a concert of nations to safeguard against war, but he insisted that the agreement for such a concert should be drawn up calmly and deliberately when the world was at peace, and not hastily when war still existed. Much time has been wasted, he said, the delays have caused restlessness and confusion everywhere. Germany is lifting her head again. The whimpering after defeat is changing to threats. She is seeking to annex millions of Germans in German Austria, she is reaching out in Russia, and renewing her financial and commercial penetration everywhere. Germany is again threatening, and the only menace of a great war is to be found for the future, as for the past, in Germany. She should be chained and fettered now, and this menace to world peace removed.

## NEW MINISTRIES.

LONDON, Feb. 28. (By Reuters.)—The construction of two new ministries of ways and communications and health, is generally regarded as a far-reaching step towards the reconstruction of national industry and as a healthful augury of the universal determination to realize drastic improvements in the life of the nation. The ministry of transport, which will be the most powerful in the State, will be concerned chiefly with the co-ordination and development of existing transport facilities, and will indeed be a task for superman. It will probably be offered to Sir Eric Geddes. The ministry of health, which will absorb the functions of the present time exercised by the local government board and insurance commissioners, will have a far-reaching scope.

## MORE RIOTING IN MUNICH.

COPENHAGEN, Feb. 28. Rioting broke out anew in Munich on Thursday, according to the correspondence there of the Politiken. Three thousand Spartacist soldiers marched to the Parliament buildings in an effort to force the Diet to proclaim a Soviet Republic in Bavaria.

## COLLISION IN NEW YORK HARBOR.

NEW YORK, Feb. 28. The troop transport Aquitania collided while coming up the harbor this afternoon with the freighter Lord Dufferin, which immediately began to sink. The crew was taken off by a police patrol boat. The Lord Dufferin sank in fifteen fathoms of water. She was a vessel of 4,994 tons gross, built in 1898, and was bound out to St. John, N.B. Hazy weather and a strong ebb tide were reported to have been responsible for the collision.

## STRIKES IN GERMANY.

BERLIN, Feb. 28. An official bulletin printed in the Zeitung Mittags describes the strike situation as follows: A general strike prevails in Thuringia and

## Saxony. No disturbances are reported from these sections. Leipzig is in the throes of a general strike, which has also paralyzed railway traffic. The situation in Dresden is normal, and the workmen are not striking. The strike movement in the Ruhr district is receding. A military operation, carried on by troops in Thuringia, Saxony, and the district, is proceeding according to the Government programme.

## FRENCH EVACUATE MANNHEIM.

LONDON, Feb. 28. The French troops unexpectedly evacuated Mannheim on Wednesday, according to a Berlin despatch forwarded by the Central News correspondent at Copenhagen. They also withdrew from Karlsruhe and Rheingau to the left bank of the Rhine, the message adds.

## NEW SPEAKER.

WASHINGTON, D.C., Feb. 27. Representative Frederick H. Gillett, of Massachusetts, was nominated on the first ballot to-night by the Republican Conference as the party candidate for Speaker in the next House of Representatives. Immediately after the ballot was announced, the election of Mr. Gillett was made unanimous on motion of Representative Mann.

## WANT RESTRICTIONS REMOVED.

LONDON, Feb. 28. Merchants and Manufacturers to-day urged the removal of all restrictions on imports and exports between the United Kingdom and the Dominions, thus allowing the same freedom as before the war. They also called upon the Government to declare its policy regarding the encouragement of trade and commerce.

## THE BRITISH WAY.

COPENHAGEN, Feb. 28. (Via Reuters.)—Berlin advises quote General Lettow Vorbeck, ex-Commander of the German forces in South East Africa, as stating in an interview with a representative of the Wolf Bureau at Rotterdam, that he wished to declare on behalf of himself and his men that their treatment by the British, especially during their journey home, was very considerate and tactful.

## BACK TO WORK.

PARIS, Feb. 28. Premier Clemenceau resumed his usual work to-day and appeared to be completely restored to health. He arrived at the Ministry of War at 9:40 o'clock and conferred with Foreign Minister Pichon, Minister of Reconstruction, Lochner. Afterward the Premier received the members of the supreme council of Alsace-Lorraine.

## IN ANOTHER COUPLE OF WEEKS.

PARIS, Feb. 28. The peace conference plans to reach agreement on the more important questions between March 8 and March 15. Capt. Andre Tardieu, one of the French delegates told foreign newspapers last night. He said that the conference had vital problems to solve, the Franco-German frontier, the Adriatic situation, the Russian frontier and the question of the freedom of the seas. All these questions will be taken up and probably completed in a fortnight. Capt. Tardieu asserted that France does not desire to annex the left bank of the Rhine, but only wants guarantees which will prevent Germany from attacking France.

## STRIKE AT MADGEBURG.

BERLIN, Feb. 28. (By the A.P.)—Madgeburg is shut off from railway communication with the outside world as a result of a railway strike. Both socialist parties and trade union officials are endeavoring to prevent the spread of the strike at Leipzig.

## NEW BRUNSWICK LADY TELLS OF DODD'S KIDNEY PILLS.

Finds Them the Best Medicine She Has Ever Taken—Best for Herself and Best for Her Child.

Madras, Gloucester Co., N.B., Feb. 28th. (Special.)—Dodd's Kidney Pills are the best medicine I have ever taken. These are the words of Mrs. Antoine J. Grant, a well-known and highly respected lady who lives here. And it is no exaggeration to say that she values the benefits of a large number of the people of Gloucester County. They have had kidney trouble; they have used Dodd's Kidney Pills; they have found them good.

Mrs. Grant was a sufferer for one and a half years. She was troubled with neuralgia, pain in the back, and palpitation of the heart, and had a pressure or sharp pain in the top of her head. She took just four boxes of Dodd's Kidney Pills, and they did her so much good she is enthusiastic in their praises.

"I have also given Dodd's Kidney Pills to my child," Mrs. Grant concludes, "and I find they are the best remedy for the kidneys. I recommend them to all the world."

If you haven't used Dodd's Kidney Pills, ask your neighbors about them.

## ITALIANS EXPELLED.

PARIS, Feb. 28. A telegram from Rome given out by the Italian delegation to the Peace Conference says that on February 28th the Jugo-Slav command at Ljubljana suddenly announced the expulsion of the whole Italian mission, stationed there in accordance with the terms of the armistice to regulate movements of trains, provisionally Czechoslovaks and Jugo-Slavia. The statement denies that an inter-Allied council of the Entente Powers to negotiate between Italy and Jugo-Slavia are being held at the frontier.
