Murder and Looting in a Hold-Up on the California Oregon Express.

Yankees Defeat the Giants in Second Game—A Directorate will be Appointed if Stresemann Bill Falls through—Lloyd George Predicts a Union of Britain and United States—Nine School Children Killed by a Train in Ohio.

TRAIN ROBBERY.

REDDING, Cal., Oct. 11. A train number thirteen, the South Pacific Railroad's crack San Francisco passenger and mail train held up by two train robbers just as it emerged from tunnel number seven, in Siskiyou Mountains, on California-Oregon line to-day. Three men were shot and killed and the mail car was dynamited and looted. The robbers escaped with an undetermined amount of loot.

DISSOLVE REICHSTAG IF BILL FAILS TO PASS.

BERLIN, Oct. 11. President Ebert this afternoon invited Chancellor Stresemann with authority to dissolve the Reichstag in the event that the Government's authorization Bill giving the Chancellor authority in the dictation of measures of economic rehabilitation fails to command the necessary two-thirds majority in that body.

STRESEMANN LEGISLATION NOT YET THROUGH.

BERLIN, Oct. 11. The storm signal is flying over the Reichstag building, although less than a week has elapsed since Chancellor Stresemann's laboriously resuscitated coalition ministry was again induced to office. The four parties constituting the coalition group, which it was believed would command sufficient majority to enable the Chancellor to put through his dictatorial legislation,

failed to-day to mobilize enough deputies to give Dr. Stresemann's authorization law the needed constitutional sanction.

Discord in the ranks of the Socialists and the successful filibustering of the Nationalists and Communists forced the Coalition leaders to take refuge in having the final vote postponed until Saturday. Unless the Coalition in the intervening time fortifies its voting phalanx in plenary session, it may be taken for granted that the present Coalition Cabinet will be succeeded by a Directorate equipped with dictatorial authority, according to the constitutional prerogatives at President Ebert's disposal as defined by the Republic's charter.

YANKEES DEFEAT GIANTS IN SECOND GAME.

NEW YORK, Oct. 11. Babe Ruth crossed with a mighty tread to-day the threshold of the world's series glory that has been barred to him for two years, driving out two thundering home run thrusters in successive innings, a feat unparalleled in championship baseball. Ruth was the dynamo in the powerful attack that enabled the New York Yankees to turn the tables on the Giants and capture the second game of the series by a score of four to two. It was a spectacular triumph for the Yankees whose punch master John McGraw's strategy. It was a brilliant day for Herb Pennock, the fragile left hander who twirled the Giants into subjection in a masterful fashion,

and for Joe Dugan, the fleet-footed third sacker, whose marvelous defense play brought him repeatedly into the limelight. Opposed to Pennock were McQuillan, who was bombed into retirement in the fourth inning, and Jack Bentley, who except for Ruth's circuit clout, pitched capably for the rest of the game. Aaron Ward, the second sacker for the Yankees, scored the first run in the second innings with a home run in the same innings. Irish Meusel, for the Giants, tied the score with a home run. Ruth's first crash opened the fourth innings and the Yankees increased their advantage to two runs when Pipp scored. Ruth made a second homer in the fifth, and the last score of the game was made by the Giants in the sixth when Groh scored.

U.S. AND BRITAIN CAN IMPOSE PEACE.

ST. CATHERINE'S, Ont., Oct. 11. "If the United States and Great Britain were in league to impose national peace on the world, it would be the greatest thing that could happen," Hon. David Lloyd George declared to newspapermen in an interview to-day. "I believe it is coming and you'll have no peace in the world until it comes. All the little European nations want it. It need not be a written agreement, merely an understanding that they will stand together for peace and must save it. It would be quite unnecessary for them to fire a gun or even a revolver. The moment these two great nations come together they can force national peace."

THREE OF DAGHILD'S CREW ARE KILLED.

PHILADELPHIA, Pa., Oct. 11. Three of the crew of the British steamer Daghild were killed and several others injured in the explosion of a boiler while the ship was proceeding down the Delaware to-day, bound from this city to Sydney in ballast. The dead are firemen. The steamer was proceeding to this city to-night under one boiler. The Daghild is owned by the Dominion Coal Company.

STEAMER SINKING AT SEA.

MIAMI, Fla., Oct. 11. The steamer City of Everett is sinking about 150 miles west of Tortugas, according to wireless messages received here to-day. S. O. S. calls went out from the ship at 7 o'clock. The steamer Comal, which is about 75 miles from the scene of the disaster, is rushing to her assistance.

ARGENTINE ANXIOUS OVER BRITISH PREFERENCE.

BUENOS AIRES, Oct. 11. The proposals made at the Imperial Conference in London, to give preference to British Dominions and Colonies in British purchases of meat and other food products, have caused anxiety in Argentina, as 96 per cent. of this country's meat production is marketed in Great Britain, in addition to large quantities of cereals. The

newspapers, however, publish reassuring interviews, including one with Minister of Agriculture Le Breton, who said, "The free trade policy that has always been maintained by Great Britain, combined with the desire of the British people to obtain what is necessary to their life under most advantageous conditions, such as production in our country is able to afford them, gives assurance that the recommendations in question will not have great consequence."

FEARED LOST WITH ALL HANDS.

KEYWEST, Oct. 11. But little hope is held out here for the crew of thirty of the tanker City of Everett, which sank this morning, one hundred and fifty miles west of Dry Tortugas. The Mallory liner Comal reported she had reached the spot where the Everett went down, and was unable to find any trace of the Everett's lifeboats.

NEW BRUNSWICK MAY FOLLOW QUEBEC.

QUEBEC, Oct. 11. Referring to liquor legislation before the Reform Club here, Premier Veniot, of New Brunswick, stated he was in favor of adopting the system in force in Quebec. "I believe we will soon have in New Brunswick control of liquor by the state and that we will create a liquor commission as exists in Quebec Province," he said.

NO FURTHER HELP FOR THE HOME BANK.

MONTREAL, Oct. 11. After deliberations lasting more than an hour a delegation of the Home Bank depositors which waited on the Canadian Bankers' Association to-day failed to obtain any further concession from that body than

what has already been announced. The bankers were not prepared to assume the liabilities of the Home Bank and did not consider it their business to put any recommendations before the shareholders of the various other banks. The Banks were quite willing to face any situation that might arise out of people losing faith in the Banks, through the refusal of bankers to further intervene on behalf of Home Bank depositors, even if an agitation were to arise on this subject.

FIVE DEAD AS RESULT OF COLLISION.

WILLIAMSPORT, Pa., Oct. 11. Five persons lost their lives and five others were injured at Hepburnville, near here, to-day, when a Pennsylvania Railroad train struck a Williamsport-Trout Run bus. Two were killed outright and three died in hospital.

NINE SCHOOL CHILDREN KILLED.

CLEVELAND, Ohio, Oct. 11. The General Superintendent's office of the Pennsylvania Railroad Company here received reports that nine school children were killed and several others injured when a passenger train struck a bus carrying children to school.

Sufficiency

New York.—(By Canadian Press)—Pigs is pigs and rabbits is rabbits, according to Ellis Parker Butler, but too many rabbits is too many, according to Mrs. Charles Randall, of No. 854 Grand Avenue, Jamaica. Woodland backs up against Mrs. Randall's garden. A few mornings ago she saw a forlorn rabbit sitting on her back doorstep, and threw it a few scraps. Next morning the rabbit was back with a companion. She fed the two. Twenty-four hours later the rabbit had two companions and they greedily ate the lettuce and cabbage leaves she threw. Yesterday morning seven rabbits sat appealingly on the doorstep when Mrs. Randall opened the door. It took time and a neighbor's dog to convince them enough is enough.
