Softening of the brain is becoming unaccountably prevalent. BRANFLET—EPP'S COCOA.—GRAPEFUL AND COMFORTING.—The very agreeable character of this preparation has rendered it a general favourite. The *West-India Gazette* remarks:—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills." Each packet is labelled—James Epps & Co., Homoeopathic Chemists, London. dwly

Who is Mrs Winslow?

A S this question is frequently asked, we will simply say that she is a lady who, for upwards of thirty years, has untiringly devoted her time and talents as a Female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest to the mother, and inducing sleep to the child. In consequence of this article, Mrs Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her; especially in this case is this city. Vast quantities of the Soothing Syrup are daily sold and used here. We think Mrs Winslow has immortalized her name by this available article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in praising her blessed name. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs Winslow's Soothing Syrup. Try it, mothers—try it now.—Ladies Visitor, New York City.

Be sure and call for MR. WINSLOW'S SOOTHING SYRUP. Having the fac simile of CURTIS'S FERKINS on the outside wrapper. All others are base imitations.

Bronchitis, Coughs, Asthma
AND all disorders of the THROAT and LUNGS, are relieved by using Brown's Bronchial Trochocids.

I have been afflicted with Bronchitis during the past winter, and found no relief until I found your Bronchial Trochocids.

It gives me great pleasure to certify to the efficacy of your Bronchial Trochocids, in an affection of the Throat and Voice, induced by public speaking. They have suited my case exactly, relieving my Throat, and clearing my Voice so that I could sing with ease.

When somewhat hoarse from cold or over exertion in public speaking, I have uniformly found Brown's Trochocids afford relief.
