MR. ASQUITH'S GUARD

Premier Played Golf While Policemen Kept Watch.

LONDON, Sept. 12.—Golfers everywhere will sympathize with Mr. Asquith in the difficulties he had in obtaining a game owing to fear of the suffragettes. Mr. Asquith was guarded while playing over Littlestone Links today by five policemen in plain clothes under a command of Scotland Yard officers. The Premier and his opponents the two caddies, and the half dozen guardians made an imposing body as they strolled around the course.

The presence of this gallery probably put the players off their game, for they took over three hours to complete the round. One policeman afterwards said he considered it the slowest game he ever witnessed. The only interesting moment was at the seventeenth hole, where one of the players (it was not suggested that it was Mr. Asquith) was bunkered, but managed to get his ball out with a great effort, and then crawled out himself on all fours.

After this I shall use safety razors, declared Mr. Smith, with much emphasis. They are no good, John, scoffed Mrs. Stubbs. No good. What do you know about them. A great deal, I tried to sharpen a lead pencil with that new one you bought and it wouldn't even make a dent.

FINE YACHT WAS BURNED AT CARLETON

Dr. B. Sproul Loses His Gasoline Launch on Sunday.

INSURANCE \$1,800.

Dr. and Mrs. B. Sproul and a party of friends went to Carleton Sunday in the doctor's fine gasoline launch to enjoy the day at the sea shore. They tied the boat to the Carleton wharf and all except Mrs. Sproul went up to Carleton. About seven o'clock Mrs. Sproul, who was asleep in the cabin, was awakened by smoke and found the boat in flames and she immediately fled to the wharf and summoned help, but nothing could be done to save the boat, which was burned to the water's edge. Mrs. Sproul had a narrow escape.

The boat was one of the best fitted up in the province, and Dr. Sproul will be a heavy loser, although there is \$1,800 insurance. The boat cost him over \$2,500.

Mr. H. Stanley, who was at Carleton, brought the ship wrecked party to town in his launch.

Why it Will Pay You To Buy Invictus Shoes

You'll know the difference between good and bad leather only after you've worn it. It's then that the inferior leather shows its defects, both in looks and wearing qualities.

When you buy a pair of shoes you are at the mercy of the maker. If he puts inferior leather into them he's going to lose your future trade.

But if he uses good, high grade selected leather, it means that your purchases won't stop with the one pair—you'll become a permanent buyer.

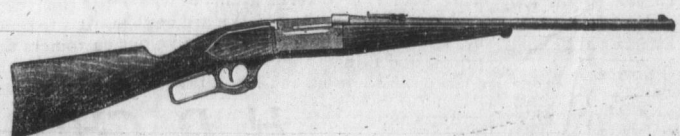

Men who buy one pair of INVICTUS Shoes keep on using

them from year to year. Because INVICTUS Shoes are made of the best selected leathers, by skilled workmen, on modern machinery, over stylish, up-to-date lasts.

They're made with the object of giving the maximum of wear and comfort that any shoes can give.
