

THE WORLD'S CYCLING UNION

AN INTERNATIONAL LEAGUE TO CONTROL RACING.

Representatives from Many Countries Will Meet in London This Month to Complete the Organization of the Union.

Winnipeg, Nov. 7.—The International League to Control Racing is about to be organized to control the world over and it is to be an international amateur cycling union.

H. Sturmer, a member of the council of the National Cyclists' Union of England, has outlined an association for a general betterment of things and which will serve to make the title, "amateur champion," worth something. Mr. Sturmer has issued an invitation to the ruling cycling bodies of the world to meet in London on the 23rd or 24th inst., and the league is to be formed. Responses have been received from America, Canada, England, Ireland, Scotland, Germany, Belgium, Holland and Denmark, so that a fairly representative meeting is already assured.

The outline of the union, as prepared by Mr. Sturmer, stipulates that only those cycling unions which enforce an amateur rule shall be eligible to membership, the board of the International Union, consisting of one delegate from each country that has already joined, to be sole judge whether the amateur rule of any union desiring membership is sufficiently stringent and properly enforced.

The world's championships will be open to riders of all classes of machines. The prize of the championships shall consist of special gold medals, and in the team race of a shield, each rider competing and being presented with a silver medal recording his performance.

Cyclists Make Money in France. Professional cycling is a paying business in France. Sunday is the day over there and races are so plentiful that many youngsters have given up all other employment and earn their living by racing, \$100 to \$150 per week being a not unusual income.

It is reported that Stephens, the French professional, earned \$100 by his recent 24-hour performance. The Paris to Brast and return race cost about \$4500. Terrou, the winner, is reported to have made nearly \$10,000.

ECHOES OF THE FOOTBALL FIGHT.

Hamilton Papers Admit Osgoode's Supremacy Over the Tigers.

The Hamilton papers honestly acknowledge that the Tigers were beaten by a better team on Saturday. The Times declares that Toronto should not get the credit for Osgoode Hall's victory, and shows its jealousy of the Queen City, ranting on the fact that many of the best players came outside of Toronto notwithstanding the fact that they are all at present legitimately domiciled here.

The Herald commented on the places which owe the championship citizenship as follows: G. A. McKay and Casey Wood belong to Toronto and leave the game with Victory; the two Senklers and Rykert are from St. Catharines and also were great players for Victory; Archie Kerr, the Toronto man, whose football knowledge was gained among the stalwarts of the Royal Military College, and T. F. Semelino, who comes from Brockville and learned to play at Queen's, where Farrell also was a star kicker; Pearson, from St. John's, and G. A. Young from Peterborough and John R. Blake from Galt, have come into prominence only with the legal fiction; Wood from Prescott and H. F. Patterson of Windsor was a great Trinity player, and Copeland from Morrisburg learned his football at Queen's. Is it any wonder Hamilton went down before such an aggregation? And for all that the Tigers had all the best of it at the end.

And the Spectator admits that there is prima facie evidence that the Legions know how to play football, and they are worthy of the name of champions. The Tigers lost because they were fairly out of the game. The defeat was not due to much to poor play by Hamilton as to the brilliant work of Osgoode Hall. The Hamilton knowledge of the country run in connection with the annual sports of the Whitley Collegiate Institute will come off on tomorrow night when the Whitley Challenge Cup will cause a keen competition.

The hands will meet to-day at Slattery's Hall, corner Bloor and Dundas streets, at 8.30 p.m.

Do you play football or engage in the art of boxing? If so, you are acquainted with the advantages in having good materials to work with. The H. P. Davies Company (limited) have secured the sole agency for the celebrated "Grasshopper" brand of goods and sports equipment. The goods are made in the U.S.A. and are of the highest quality. The hands will meet to-day at Slattery's Hall, corner Bloor and Dundas streets, at 8.30 p.m.

ABOUT LAST YEAR'S SURPLUSES.

Ald. Shaw's Equilibrium is Ruffled These Days. He Wants to get a return of last year's surplus, but so far he claims that he has not been able to secure the desideratum.

One item that seems to trouble him most is that relative to the money appropriated for the use of the Receipts Committee. "Now, \$20,000 was appropriated for miscellaneous and \$10,000 for reception," he remarked to the World's Young Man yesterday. "Of the amount under the head miscellaneous, \$10,700 was expended, and in that sum was included the \$8000 voted to entertain the delegates to the National School Teachers' Convention. Now, where is that \$10,000 at present for the use of the Receipts Committee? I have tried to find it and can't. I don't for a moment mean to say that it has been put to any improper purpose, but at the same time I believe it is being used for the purpose of giving the taxes the appearance of being low this year. Then Mr. McEwen's claim is a surprise. The treasurer's report shows a deficit. According to the treasurer's report there was a surplus last year of over \$4000. Where then are we to get that \$20,000 which is to be used from the surplus to pay for the purchase of the new rifle ranges? Ald. Orr asked for a return of last year's surplus. The amount of the surplus, but here five months have passed and still we have not got it. It is a shame.

The fact is the present administration deserves no credit for the lowness of taxes this year and for this reason: The estimates of 1922 were prepared in 1921, and were \$72,000 lower than in 1921 and that, together with the \$127,000 in excess of receipts over last year, would make up something like one mill on the dollar, so that really the low taxes are owing to the last administration," concluded the worthy alderman as he hurried away.

A Night Waterworks Mishap. The valve in the 36-inch main was found to be broken at an early hour yesterday morning. The main leads from the new pumping engine, and the mishap occurred near where the joint was blown out Friday night. "It is one of those unforeseen things," remarked Superintendent Hamilton to the World. "For the prevention of which nothing could be done. It will cause a delay of a day or two, but the city's water supply will not be affected. Wednesday we will again begin repairing the old pumping well and will not stop till we have it in shape."

The Percentage of Street Car Tickets. Judge Macdonald was yesterday morning engaged in hearing the dispute between the city and the Street Railway Company relative to the percentage of earnings. The city holds that it should have share in all tickets issued to the conductors, while the company claims that it should only have a percentage of the tickets collected in the fare boxes. Judgment was reserved.

Hamilton Getting Ready to Fight Cholera. A couple of Hamilton's city fathers were in Toronto yesterday. "Hamilton has decided to put in a disinfectant," said one of them. "We have a few hours in which to get our disinfectant ready. We will begin repainting the old pumping well and will not stop till we have it in shape."

The Toronto Kennel Club. The fall dog show of the Toronto Kennel Club will be held next Tuesday evening in Richmond Hall, and promises to be a grand success. Upwards of 100 entries are expected, and the show will be held in the evening, from 7 to 10 p.m.
