Nashua Savings Bank With Three Millio

Deposits Shut Up.
Nashua, N.H., March 27.—Great Nashua, N.H., March 27.—Great consternation was caused here yesterday by the closing of the Nashua Savings Bank by order of the Bank Commisioners. The bank is one of the oldest institutions of the kind in the city. There were nearly \$3,000,000 on deposit, and much of this is the savings of the working people. It is believed the assets are sufficient to pay the depositors in full.

At 10 o'clock this morning 10 prisoners who have been convicted in the Sessions will receive their sentences from Judge McDougall. In the charge of theft against Charles Slough and his wife a verdict of not guilty was given. The only evidence which would connect H. Hollingshead with the crime of arson, with which he stood charged, was that of a chum, John McGroority. McGroority swore that on the evening of Jan. 2, 1894, he saw Hollingshead apply a match to the stables of Thomas F. Wallace, Woodbridge. The stables were entirely consumed. As McGroority has several convictions against him, his testimony was deemed insufficient for conviction, and His Honor instructed the jury to bring in a verdict of not guilty.

To Do Away With Lent. To be Away With Lent.

It is understood that a petition has been sent from certain parts of Cahada to the Congregation of the Propaganda asking that, owing to the severe climate and for other reasons, the customary Lenten season, extending from Shrove Tuesday to Easter, be done away with and that instead Catholics in these dioceses be required to observe every Friday ceses be required to observe every Friday in the year as a day of fast and abstin-ence and not merely as fast days as at present.

Panama, March 27.—The Government has issued a bulletin claiming a victory over the rebels at Boyaca. It was a costly one, however, for out of the 2000 troops under General Reves, which formed the expedition, 500 dropped off through fatigue or disease during the march, and of the remaining 150%, who gave battle to the rebels, 700 were killed before the victory rested (with the Government forces).

Ben Tillet Sues for Libel. London, March 27.—The trial of the action for libel brought by Ben Tillet, the labor leader, against The Morning (newspaper) began in the Court of Queen's Bench to-day. The ground of the action was an article in The Morning which asserted that Tillet had used his position as secretary of the Dock Laborers' Union to draw an extravagant salary out of the funds raised from half-starved

The Italian Campaign in Africa Rome, March 27.—The Government is informed that the Italians quietly occupied Andriagat Monday night. The inhabitants of the place went out to meet the Italian soldiers, and no resistance was made to the occupation of the town. A flying column has been sent out to watch the movements of Ras Mangascia.

Dyspepsia and Indigestion is occasioned by the want of action in the biliary ducts loss of vitality in the stomach to secret the gastric juices, without which digestion cannot go on; also, being the principal cause of headache. Parmelee's Vegetable Pills taken before going to bed, for a while, never fail to give relief and effect a cure. Mr. F. W. Ashdown, Ashdown, Ont, writes: "Parmelee's Pills are taking the lead against ten other makes which I have in stock."

London, March 27.—President Cleve-land has awarded the captain of the British steamer Durham City a pair of marine glasses, with a suitable inscription, in recognition of his services in rescuing the crew of the American schooner Alice T. Baird last October.

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.
