Statement of a question to be submitted to the electors of the Village of Watford at the coming Municipal Elections.

Representations having been made to the Municipal Council of the Village of Watford that it was desirable that a Memorial monument, or tablet in commemoration of officers and men of the Municipality, who lost their lives and who have been on active service during the late War, with the naval or military forces of Great Britain or her allies, should be erected in Watford at the public expense and it appearing to the Council that the amount that would be required to be spent for such purposes would be \$2000.00, and that the same would require to be raised by the levy of a special rate in the year 1923 and the Council realizing it was a matter upon which an expression of the wishes of the electors should be obtained have determined to submit the following question to the electors at the coming Municipal Election namely:

QUESTION: Are you in favour of erecting a memorial monument, or tablet, in commemoration of officers and men of the Municipality who lost their lives on service in the late War, at a cost of \$2000.00?

TAKE NOTICE that the foregoing is a correct statement of the question to be submitted to the vote of the electors of the Corporation of the Village of Watford, at the same time and at the same places as the annual elections of the Municipal Council for 1923, and the Deputy Returning Officers appointed to hold said election shall take the vote and a poll shall be open at each of such places on the day of the annual election of the Municipal Council for 1923, at nine o'clock in the forenoon and shall continue open until five o'clock in the afternoon.

AND that on the twenty-eighth day of December, A.D. 1922, at the hour of eleven o'clock in the forenoon at the Council Chambers in the said Municipality has been fixed for the appointment of persons to attend at the polling places and at the final summing up of the votes by the Clerk.

On the third day of January A.D. 1923 at the hour of eleven o'clock in the forenoon at the Council Chamber in the said Municipality, the Clerk of the said Municipality shall attend and sum up the votes given for and against the proposed question.

Dated at Watford this fourth day of December, A.D. 1922.

W. S. FULLER, Clerk.

INTERESTING NEWS FROM FAR AND NEAR

William Mahon, a former well-known horseman of Bothwell, died in Detroit recently aged 58 years.

In the Chatham General Hospital on Saturday evening Orval L. Pringle, son of Mr. and Mrs. Walter Pringle of Florence, passed away at the age of twelve years. He underwent an operation just a short while ago, and his death came as a severe shock to the family.

While in the office of Dr. A. D. Graham, at Bothwell, waiting to be examined Monday afternoon, Thomas Johnston of Shetland, died of heart failure. He had been feeling ill, and after loading a number of boxes he had brought in to ship, went to the doctor's office, but expired before the latter had seen him.

A very pleasant evening was spent at the home of Mr. and Mrs. W. G. Lawson, Wainstead, a short time ago, when the friends and neighbors took them by surprise and presented Mrs. Lawson with a quilt, Mr. Lawson, a fine leather club box, and Mr. Lawson Sr. with a large leather upholstered chair. The family has now moved to Sarnia. Victor Tait has rented the farm.

Chas. T. Turner, 29, single, was instantly killed at the plant of the Imperial Oil Company, Limited, Sarnia, on Wednesday morning, when he was struck by a counterweight on a coal hoist weighing several tons. His body was practically cut in two. The accident was unprovoked, and it is not definitely known how it happened. His body was not discovered until several minutes later.

Dr. McDonald's drug store, Thedford, was broken into on Friday night by removal of a pane of glass in the door and turning the spring lock. The money from the till was taken, which consisted of a few dollars in silver. A drawer where a considerable amount of money was kept on the opposite counter was overlooked. Various articles were missing. The thief left one of his gloves on the floor.

Mr. Ladell, who is living with her son, George Ladell, Forest, celebrated her 86th birthday on Saturday last. Some 35 of her relatives gave her a "surprise party," and an enjoyable evening was spent. Among those present were her brother, David Lambert, of Wyoming, and her sister, Mrs. Robert Wilkinson of Warwick. Her children and grandchildren presented her with a well-filled purse.

John Smith, 55 years old, a Maidstone farmer, who was found dead in front of a friend's home at Maidstone, was killed by an overdose of poisonous whiskey, a jury at Essex decided. Friends of Smith said he had been drinking at a Maidstone home on Friday night, after which one of the men drove him to his home and left him asleep in a wagon outside his house. Smith died during the night and fell from the wagon seat to the ground, where he was found early on Saturday.

Donald Turk, the two year old son of Mr. and Mrs. Turk Parkhill, was accidentally drowned in the creek near his home on Friday morning. His mother missed the little lad and at first thought that he was with his eldest brother at the barn. Upon finding that he was not there, she went to the creek but did not see any trace of him. She then went down town thinking that she would find him. During her absence the eldest son discovered the boy in a shallow part of the creek where he had apparently fallen in head first while at play. He removed the body to the house and called Dr. Racey but nothing could be done as life had been extinct for about an hour.

Albert Stevenson, Supt. of the Essex County Seed Farms, had a close call for his life, one day last week, when a wild steer, which he was assisting Gordon Mayville to dehorn, broke away. They hadn't roped the animal, which was with others in a box stall. It jumped the door, knocked Mr. Mayville down, and caught Mr. Stevenson in the mouth with one of its horns, carrying him about a dozen feet, before he was released, badly lacerated inside the mouth and on the lips, and also shocked greatly for one of his age. Medical assistance was at once obtained and his injuries attended to, but it will be some time before he is able to be out.

Have you heard about Peps? Peps is a scientific preparation put up in pastille form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles.

Peps contain certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence healing.

Music IS Necessary

Music for everybody

IN the cottage and the mansion; on the farm and in the town—everywhere—the language of Music is inwardly understood by all.

Not the written notes of music; some people understand them and others don't.

But every normal human being understands those pleasant harmonies that fall upon the ear, penetrate the soul and interpret all the emotions of sorrow or of joy.

Then, why stint yourself in Music?

Winter's coming! Long, cold evenings will soon be here. Snow and Sleet and Jack Frost's icy breath will keep you in the house.

But—with plenty of music you'll want to stay indoors—and every hour will be enjoyable.

Prepare now!

Go to your nearest Music Dealer and let him show you what modern science has done to make Music easy to have in plenty.
