Fire at Centreville.—A house and barn occupied by Mr. R. S. Thorpe, at Centreville, were burned on Saturday night last. The contents of the barn were consumed. A portion of the furniture was saved. The inmates had a narrow escape. The fire is said to have originated in the barn. A spark from a candle is the cause assigned. We have not heard whether the premises were insured or not.—Western Chronicale.

A WOMAN AND TWO CHILDREN PICKED UP AT SEA-ABRU-TAL MURDER.

From the Panama Star and Herald.]

At a place named Bahai Honds, in Chiriqui, near Les Palmas, in a Veraguas, a boat was picked up, in which were a woman and two children, all of whom were nearly dead from hunger and thirst.

After they had been cared for with alleviatives, the eldest became sufficiently colcollected to explain that his father left Ponosi in Los Santos, with his wife and the children some days before they were found and that the currents carried them away from land; that one night they reached an island while there was light, and that the father, in spite of his feeble state from hunger and thirst, pulled the oars until they reached the shore; that they called out asking for succor, and that some men come out and told them not to approach. The man insisted and on going on shore and relating his situation, the barbarous fellows fell on him with sticks and beat him to death. They then tumbled the corps into the boat, and pushed it out to sea.

One of the children died from debility, and the mother was nearly dead. They hoped to obtain from her the details of the occurrence as soon as she should recover. It is not yet known what Island is referred. From the Panama Star and Herald.]
