

AUCTION SALE

....OF....

100 Dorset Horn Sheep and Rams

From the flock of Mr. John A. McGillivray—the greatest prize-winning flock in the world—will take place at

UXBRIDGE, ONTARIO On the Grand Trunk R'y
40 miles from Toronto

FRIDAY, NOVEMBER 8th, 1895

At 1 o'clock p.m.

Mr. McGillivray will then sell forty ram lambs and yearlings from his best rams, which were first-prize winners at Chicago, and prize winners at the Royal and other great English exhibitions as well.

According to Professor Craig, of the Wisconsin Agricultural College, and other well-known authorities, these are the best rams to cross with all the well-known kinds of sheep.

Parties attending the sale can return to Toronto in the evening in time enough to catch the east and west bound trains from the city.

Fairview's Shropshires

Again the leading winners, having won at Toronto, Montreal, and Ottawa exhibitions more first and second premiums than any other flock.

Only a few rams left, and they are good ones. A lot of ewes now being bred to Newton Lord 30983, and of the very best breeding, are offered for sale, at prices to suit customers who want choice sheep at good value.

Come and make your own selection, or write for what you need.

JOHN CAMPBELL,
Woodville, Ont.
