

No Man Can Convince a Woman

That a Range is all right if she cannot
bake good bread and cakes, or roast
a joint of meat properly with it.

The one argument that will
win every time is that the

“Souvenir”

Range never fails to turn
out bread which is baked to a
turn, and meat roasted so
as to tickle the palate of
an epicure.

**NO SLOW OVENS
NO DREARY WAITS FOR DINNER**

Remember! The Kitchen Range makes or mars the
happiness of the household. So buy a **“SOUVENIR”** and
have the best.
