---

# WINDSOR .. SALT ..

---

..**PROF. ELLIS, M.A., M.B.**, Professor of Applied Chemistry, Toronto School of Practical Science, states :

“ The sample contained, practically, 30 per cent. less impurity than any one of the eight samples of Canadian, American and English Salt which I analysed at the same time.”

As salt is used in all food it is important that when used for domestic purposes it should be free from lime, and other impurities. Windsor salt is guaranteed to be free from all such impurities.
