uerday 21, Wednesday 25, Thursday 26, Friday Toronto. Friday Monday Adhesive, At the place of each appointment, our friends are requested to make their arrangements, in view of our spending the whole afternoon and evening of the day named for their respective localities -- this will allow time for the delivery of a public lecture illustrative of our principles and mode of action; and also for a meeting of the Division in order to promote the still more rapid, and safe advancement o our honored Institution.

For the public lecture, take either the afternoon or evening; as the one or the other, shall be deemed the most suitable. When considered advisable the public meeting may be made a Demonstration, or Fostival, and the regalia worn. Let the time not occupied by the public meeting, Demonstration of Festival, be spent in a meeting of the Division, in considering the important questions now on the table of the Grand Division, and to be decided in October next. Other matters of local and general interest also require attention.

Wherever we have occasion to spend a Sabbath, the friends may, as heretofore, make two or three appointments for the public worship of God, that we may proclaim the Gospel, for the establishment of peace on earth, and good will to man.

ROBERT DICK, D. G. W. P.

Toronto, 4th August, 1850.

N. B. Eight or more suitable applicants from any village or neighborhood, will be formed into a Division of our Order, presenting themselves, for that purpose, at any of our Meetings. R. D.
