"THE LAMP,"

New and Improved Series, in Monthly parts, price 9d. Yearly, \$1,75. The Lamp 11 1865.

It is little more than two years ago since the New Series of the Lamp commenced. The great increase in its circulation has been the most convincing proof that satisfaction has been given by the improvements effected in the periodical. It has been the happiness of the Conductor of this Magazine to receive the benediction of the Holy Father on the undertaking. A distinguished Prelate wrote from Rome as follows to the Proprietor of the Lamp: 'I have presented the Lamp to the Holy Father. He was much pleased, and directed me to send you his blessing, that you and all your works may prosper.' We have also had the assurance of the satisfaction of his Eminence the late Cardinal Wiseman, in whose archdiocese the Lamp is published, and whose kind assistance to the undertaking has been evinced several times by the contributions from his pen which are to be found in our columns. We are authorised to say that "His Eminence has been much pleased with the progress of the Lamp, and the position it has taken.

Encouraged, therefore, by the blessing of the Vicar of Christ, which is never unfruitful, and the approval of his Eminence, the Conductor of the Lump looks confidently for increased support from the Catholic public. Much has been done to improve the Lamp; much remains to be done; and it rests chiefly with Catholics themselves to effect the improvement. Our adversaries, and even we ourselves, often point to the well-got up Protestant publications, and ask why Catholics cannot have something as good in point of material, ability, illustrations, &c. Nothing is more easy. If every Oatholic who feels this, and who desires to to see a Catholic Magazine equal to a Protestant one, will take in the former for a year, there is at least a good chance of his wishes being realised. If every priest would speak of the undertaking in his parish once a year, and encourage his people to buy the Lamp instead of the various cheap publications too rapidly making their way among our youth, and our poor-pulications which can hardly be called Protestant, because they have no religion, and often openly teach immorality-the success of the Oathotic Magazine would be assured. It is their immense circulation, and the support they obtain from their respepective political or religious parties, which enables these journals to hold their ground ; and unless Catholics will give their hearty and cordial support to their own periocals in a similar manner, it is impossible for them to attain superiority.

The LAMP has now the largest Oirculation of any Oatholic Periodical in the English language. It contains this week a New Story of great interest, and other articles of sterling merit, with illustrations by the first Artists of the day.

Price-Yearly, \$1,75. In Monthly parts, 9d.

THE SUBSCRIBER having, by a new and special arrangement, been appointed by Mesers. JACQUES & HAY, of TORONTO, their sole and only Agent in THIS CITY, for the Sale by Auction, of their splendid FURNITURE, takes the earliest opportunity of announcing to the Unizens of MONTREAL and the public generally, that he will, from time to time during the ensuing Spring, offer at his spacious and well established premises, No. 267 NOTRE DAME STREET, the various extensive consignments direct from this celebrated establishment, embracing all the new styles of their elegant and elaborately carved and polished BLACK-WALNUT FURNITURE, in every variety and description necessary to meet the demands of modern taste and convenience.

In addition to the Sale at his own Stores, the Sale of HOUSEHOLD FURNITURE and EFFECTS at the private residence of parties declining Housekeeping or removing from the city, will claim epecial attention; and all OUT DOOR SALES of this description are respectfully solicited. Increased facil-ities have been secured, with the view to the effi-cient carrying out this department of the business, in order to cusure the greatest economy and despatch in disposing of property, so that parties selling out can have their account, sales and proceeds immediately after each sale.

Special attention will be given to the Sale of REAL ESTATE and CITY PROPERTY, and as this department of the Auction business is becoming more important with the increase and extension of the City, the undersigned offers the most Liberal Terms to parties wishing to bring their property into the market for public competition.

A great bardship has been felt by both buyers and sellers, the former being taxed illegally with one per cent. on the amount of purchase, and the latter by the exorbitant charge for commission and advertising --Now, the undersigned proposes to do away with this grievance as far as his own business is concerned, by undertaking the Sale of Real Property, on conditions which, it is hoped, will meet the views of all parties, namely -

- 1st-There will be no charge of one per cent to the parchaser.
- 2nd-When bonn fide sales are effected not exceeding £5000, the commission will be £5; and on amounts from £5,000 upwards, only £10, exclusive of the cost of advertising ; upon which the regular trade discount of 25 per cent. will be allowed.
- 3rd-When property is bought in, reserved, or withdrawn, no charge will be made, except the actual disbursement for advertising.

The undersigned avails himself of this opportunity of returning his sincere thanks to the public for the very liberal patronage bestowed on him during the past four years, and trusts, by prompt attention to business and strict adherence to the foregoing programme, to meet a continuance of the same.
