Each other. Grocers and general store-keepers will find a profitable adjunct to their business in a line of our celebrated cigars. Once get a customer into the way of dropping in for a good cigar and you'll be surprised at the result. He comes in to buy only groceries and one of our fragrant LA CADENAS may catch his eye. He comes in for one of those satisfactory LA FLORAS to smoke on his way to the office and some new arrival in groceries tempts him into a purchase. See how it works? Profit both ways.

He may make a selection from other and less expensive brands such as

Mercantile Summary.

PROFESSOR SELWYN has pronounced the recent petroleum find near Edmonton, N.W.T., to be a genuine one. The only thing that remains to be settled is its extent; this will remain in doubt until settled by boring.

ACCORDING to the Cowansville Observer, a buyer for J. C. Warrington, of Montreal, bought in the last half of June in that vicinity 3,500 boxes cheese, amounting in value to about \$21,000.

THE Dominion Organ and Piano Co., of Bowmanville, have shipped one of their English case organs to Sir Francis de Winton, of the Duke of York's household. It will make one of the many presents given to the Princess May.

A NEW railway scheme is projected in Quebec. The town council of Joliette have taken steps towards the granting of a \$25,000 bonus, to aid in the construction of a road between their town and the City of Quebec.

A MEETING was held last week of the creditors of Thompson Bros., the large cheese operators of Prescott, whose suspension we recently noted. An offer of 20 cents on the dollar was submitted at the meeting, but the most of the creditors were not disposed to accept this settlement, and three inspectors were named to investigate matters, and if possible trace out the assets the firm apparently had six months ago. No close statement of liabilities has yet been arrived at, but it is calculated that they will aggregate some \$90,000, of which about \$13,500 are secured. Assets nominally figure at about \$43,000.
