Third Review Conference of the Parties to the Convention
on the Prohibition of the Development, Production and
Stockpiling of Bacteriological (Biological) and Toxin
Weapons and on Their Destruction

The General Assembly,

Recalling its previous resolutions relating to the complete and effective
prohibition of bacteriological (biological) and toxin weapons and to their
destruction,

Recalling also its resolution 45/57 B, adopted without a vote on
4 December 1990, in which it noted, inter alia, that, at the request of the
States parties, a Third Review Conference of the Parties to the Convention on
the Prohibition of the Development, Production and Stockpiling of
Bacteriological (Biological) and Toxin Weapons and on Their Destruction would
be held at Geneva in 1991 to review the operation of the Convention, with a
view to assuring that the purposes of the preamble and the provisions of the
Convention, including those related to the negotiations on chemical weapons,
were being realized,

Noting with satisfaction that, at the time of the Third Review
Conference, there were more than a hundred and fifteen States parties to the
Convention, including all the permanent members of the Security Council,
