

ACKNOWLEDGMENTS

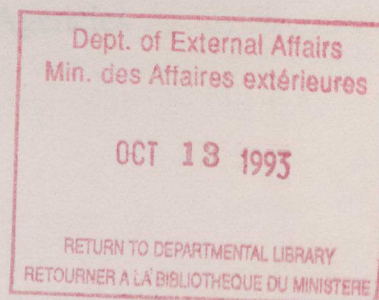

Many people contributed to the production of this Guide. At the risk of inadvertently omitting anyone, the individuals outside of the Canada-United States Trade Center who provided invaluable information and contributed significantly to this work are identified in Appendix B. Not mentioned are the people who, with the promise of anonymity, agreed to be interviewed for the case studies. Thanks are extended to each of these individuals.

Recognition is also given to the many individuals within the Trade Center who assisted in the preparation of the Guide. These include Ana Becker, Bidhan Chandra, Sungjae Choo, Ted Egan, Theresa Ford, Paul Hinz, Pat Randall, and Mary Beth Reidy. Each of these individuals provided professional assistance in assembling data and information for the Guide, and Pat Randall assisted in preparing the final manuscript.

Finally, special thanks are given to Carl Rockburne and Mary Mokka at the Canadian Consulate in Buffalo for their encouragement and valuable assistance. In addition, the Canadian Consulate in Buffalo and the State University of New York at Buffalo are acknowledged for their financial support in preparing this document.
