

THE VIRTUAL TRADE COMMISSIONER

The Virtual Trade Commissioner is a personalized gateway to the Canadian Trade Commissioner Service. By registering as a Canadian exporter or a Canadian company ready to implement your export strategy, you can:

- receive a tailored Web page, and meet the trade commissioners responsible for your industry in the markets you have selected.
- obtain direct access to a network of trade experts in Canada and around the world.
- obtain trade services, business leads, information on upcoming missions and events, as well as news and market reports.
- find market information and receive advice on doing business in your target markets, as well as practical and relevant information to help you plan a visit.
- benefit from easy access to the services of our partners, Agriculture and Agri-Food Canada, the Canadian Commercial Corporation (CCC), Export Development Canada (EDC) and Canadian Heritage. This host of trade tools and services will allow you, among others, to insure a deal, to obtain a credit profile for a foreign buyer, or to strengthen your tender bid with a letter of reference from the Government of Canada. Moreover, arts and cultural companies and agri-food businesses may obtain funding and access specific market information, as well as export and financial advice.
- receive the latest information available for your sector and target markets through an email notification.

The Virtual Trade Commissioner is a service which allows Canadian companies to find all the resources they need to succeed internationally. For more information, or to receive your own Virtual Trade Commissioner, visit www.infoexport.gc.ca.

Your opinion counts!
