The Hamilton Office of The Toronto World is now located at 40 South McTavish Street, near to the Hamilton Fire Insurance Office, on the corner of West Main Street.

The World's growing business in Hamilton necessitated larger premises. Ample space is now provided for the increased needs of Canada's brightest newspaper.

The new office provides for a reporters' room, counting room, manager's office, and distributing room. The rapidly increasing circulation of The Toronto Daily and Sunday World in Hamilton will now be taken better care of, by means of the increased accommodation.

The location is ideal for a newspaper office, within one block of the corner of King and James streets, close to the public library and other public buildings, and within a stone throw of all the principal car lines.

News items, formerly handed in at the old address, will be received at the new office; the increased facilities will enable The World to improve the Hamilton edition, and give better attention to Hamilton affairs.

The Hamilton edition, advertising and business affairs will be under the control of Mr. A. B. Jones, the local manager, and the Hamilton editor, Mr. M. J. C. Smith.

The usual prompt and careful attention to all enquiries will be given. The telephone connections are No. 1946.

WANT PROHIBITION FOR ALL ONTARIO

Campaign Will Shortly Be Started, Says Miss McClung.

TO HIT GOVERNMENT

Greeks in Canada and U.S. Organize to Force Country Into War.

By a Staff Reporter.

HAMILTON, Ont., Oct. 18.—Ontario is shortly to be plunged into a campaign for total prohibition, according to a statement made here last night by Mrs. Nellie McClung, in her address on "Canadian Ideals" delivered before a large crowd at First Methodist Church.

Her statement was welcomed by President Wylie of the Ontario Young Men's Christian Association of Toronto, who told of the arrangements now being made for the campaign. He stated that prohibition is fast spreading eastward in Canada, and that Ontario would likely be the next province invaded, and further stated that action had already been commenced by the formation of the citizens' committee of 100 prominent Ontario business men, which was formed at Toronto last Friday.

It has been estimated that nearly 50 per cent of the people of Ontario are in favor of total prohibition, and as the only means of obtaining it is thru the government, steps will be taken to petition the government asking that either a referendum be passed, or the prohibition law be extended to Ontario.

In order to do this, however, it is necessary to change the government, and if so, steps will be taken along these lines.

Mrs. McClung has been urged to make a tour of the province and deliver lectures in favor of prohibition in every city and town. Last night she was unable to give an answer to this request, but will do so within a couple of days.

Greeks Organize for War.

All over Canada and the United States the Greeks are commencing to take a serious interest in the war, and are organizing for the purpose of gaining enough strength so that they will be able to dictate to the king and cabinet. Peter F. Christopher of this city is one of the leading organizers, and recently made several trips to the larger cities of the United States and Canada for the purpose of instilling into his fellow-countrymen the necessity for immediate action on the part of Greece in the present great struggle.

The organization has been completed here, and last night the following message was sent to King Constantine of Greece:

"Your humble subjects, residents of the City of Hamilton, Province of Ontario, Canada, wish to convey to your majesty their sincerest wishes for success in your undertakings, and a general expression of loyalty. It is also the desire to express our willingness to return to our native soil at once to take up arms in the defence of our country, and particularly so against Bulgaria and the Teutons. We are heartily in accord with the views of your previous premier, Venizelos. We have also determined to support the Serbian treaty, for the honor of Greece and all her subjects, who have always fought for liberty and Christianity."

Support Venizelos.

A message was also sent to ex-Premier Venizelos, requesting him to support his former cabinet as strongly as possible, and to use his influence towards the declaration of war by Greece against Bulgaria and Turkey.

The Greeks of this city feel that Greece will enter the war on the side of the allies. For thousands of years the people of Greece have fought for liberty and Christianity.

SPORTSMEN MAY CONTINUE WORK

Largely Signed Petition Asks Executive to Reconsider Decision.

WOULD BE A CALAMITY

Splendid Work Already Done is Appreciated by Canadian Soldiers.

There is hope that the Canadian Sportsmen's Patriotic Association will "finish its work." As the result of the wall which went up from the Toronto and Niagara, Khaki, both in Toronto and at Niagara, have been learning of the decision of the association to disband, Sgt. Major Taylor, who recently returned from the front, inaugurated a petition among the citizens, to supplement one now under way among the soldiers themselves, urging the president, H. G. Griffith, to call the executive of the association to decision to close its patriotic work.

Among the more prominent of those who are backing the petition are Chief Justice Sir William Muir, J. C. C. Stewart, J. R. Ross Robertson, H. H. Dawson, R. C. Leat, Col. C. G. Caldwell, J. T. White, R. S. Cassels, Charles Miller, C. M. Macdonell, M.P., Dr. W. A. Burr, Dr. Geo. Graham, Dr. Guinane, Major F. S. Biggs, Major Leg. Reed, J. A. Real Calamity.

"It would be a real calamity—one that would be personally felt by our brave boys at the front—if this patriotic association were to be put out of business," said Sgt. Major Taylor, who has been in the field, in training camps and on the battlefields most loved by the soldiers of the Red Cross and the Sportsmen's Patriotic Association. These organizations personally, and their feeling toward the men in the skin to skin. There are few men in the world who are regarded with the same respect and admiration as the men of the front as is Crown Attorney Griffith, as the head of the association, and his unique and very real movement for the well-being, comfort and enjoyment.

It is understood that the petitioners are endeavoring to prevent any meeting of the executive of the Sportsmen's Association this morning with a view to considering their petition.

Lodge of Odd Temples was held last evening in the C.O.F. Hall, East Jackson Street, and drew a record attendance of members and visitors. Five new members were admitted.

introduced the fire commissioners, vigorously protesting against the delay. "Those who are responsible for the delay should get out of the city," he said.

If much talk is an indication the aldermen are more than ordinarily anxious to have the fire department all in favor of the best scheme for welcoming and caring for returned soldiers. The suggestion that the fire department should be moved from one city to another as the season changed. The objection to this was that there would be too much work for one man, and too much favored having a squad of soldiers view to caring for the returned men. It was finally decided, however, to appoint a special committee, composed of Alderman Maguire, Mr. E. Sanford, in the afternoon Lady Aberdeen attended a reception given in the hall by the local Council of Women.
