London Globe, Which Said He Had, Seized by the Police.

PARIS, Nov. 7.—Lord Kitchener, British secretary of war, before leav-ing for the near east, conferred with Premier Briand, Minister of War Gailleni and Gen. Joffre.

This despatch contains the first hint of the route taken by which Lord Kitchener is proceeding to the Orient. It apparently bears out the report in London that his mission includes an effort to co-ordinate the work of the general staffs of the allied armies.

LONDON, Nov. 7. - "Lord Kitchener, at the request of his colleagues, has left England for a short visit to the eastern theatre of war."

Almost simultaneously with the an nouncement of Lord Kitchener's proposed visit to the east, the authorities seized the printing plant of The London Globe, together with the issues of yesterday and today. This is the first action of the kind taken by the authorities since the outbreak of the war, against a daily paper in the United Kingdom. Some weekly United Kingdom. Serbs Hold Firm and All Attacks by the Enemy Have Been Repulsed.

ONDON, Nov. 7.-A division of 25,000 Bulgarians is attempting to envelop the French force in the Vlandovi region, according to information from Bulgarian soldiers obtained by a Greek outpost in the Belasica mountains, at the junction of the Greek, Serbian and Bulgarian frontiers, says a Reuter's despatch from Saloniki. Heavy artillery and rifle fire has been heard at the outpost station.

A Serbian official is quoted as declaring the Serbs are holding firm at Babuna Pass, where all Bulgarian onslaughts have been repulsed. The pass is said to be piled deep with Bulgarian dead. At one point more than 1000 Bulgarians were caught between a crossfire and annihilated.

An important British contingent was landed Saturday at Saloniki, where additional landing facilities have been granted the allies after negotiations with the Greek authorities.
