

BAKER'S ELEMENTARY MUSIC BOOK,

Comprising a variety of Songs, Hymns, Chants, &c. Designed for the use of Public and Private Schools. By BENJAMIN F. BAKER.

"This little Work is designed for Children, as its title indicates. MR. BAKER is an accomplished and successful Teacher of Music in our Public Schools; and his experience in teaching Children to sing, has enabled him to prepare a work adapted to their wants. The introductory part is simple and comprehensive; and, in the hands of a good teacher, cannot fail to lead the learner to a thorough knowledge of the science of Music. The Songs are for the most part lively and interesting, containing just and moral sentiments; and the Music is admirably adapted to them. We commend it to the attention of all those interested in school education." — *Atlas*.

"The Book is prepared with knowledge and judgment, and is admirably adapted to the purposes for which it is designed; and our Committee, wisely regarding the interest of our Children, have authorized its use in those Schools of which MR. BAKER has the care." — *Mercantile Journal*.

"We have examined this Work, and do not hesitate to recommend it to all who are desirous of obtaining a useful book. The Elements of Music are arranged in the most natural and convenient order for the use of Singing Schools and Private Classes. After a few Introductory Remarks, the Scale is introduced to the learner, and explained in the author's peculiarly plain and happy style. Next in order is the Staff, Clefs, Notes, Rests, &c. The whole Work is regularly laid out in the most comprehensive form, illustrated with appropriate Remarks and Examples. The Examples on the transposition of the scale, are the most plain and the easiest for the pupil to understand of any we have ever seen. The Book also contains about one hundred and twenty pages of Music, 'designed for the use of Public and Private Schools.' Teachers of Music will find this a very useful text-book, as it will enable them to go through with the Elementary department of instruction in one half of the time which it usually requires." — *World of Music*.
