

GREATEST CURE FOR RHEUMATISM IS "FRUIT-A-TIVES"

"I HONESTLY BELIEVE IT," SAYS MR. MILLS.

Known, P.Q., Oct. 12, 1909.

For many years I suffered from severe Rheumatism and the attacks were very distressing and prevented me from doing my ordinary work.

I tried many remedies and physicians' treatments, but nothing seemed to do me much good, and I was becoming very nervous for fear I would become a permanent cripple from Rheumatism.

I tried "Fruit-a-tives," and this medicine has entirely cured me, and I honestly believe that "Fruit-a-tives" is the greatest Rheumatism cure in the world.

E. E. MILLS, Asst. P.M., Knowlton, Que.

"Fruit-a-tives" not only strengthens and heals the kidneys—but also regulates the bowels, improves the action of the skin—and thus keeps the blood pure and rich and free from uric acid which causes Rheumatism.

"Fruit-a-tives"—the great fruit medicine—is sold by all dealers at 50c a box, 6 for \$2.50; trial size 25c, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

PAYMENT CEASED

And Wife Traced Lither to St Kitts, to Find Him With Another Woman.

ST. CATHARINES, Nov. 8.—(Special.)—Tracing her husband from Montreal to this city, where she found he had opened a fur store, Mrs. Meyer Lither this afternoon caused his arrest for non-support.

In April last year the couple separated, but but her husband Lither has since that time been paying her \$25 monthly. Last July payment ceased, and Lither disappeared, and it was only recently that the woman traced him to this city, where she arrived today, to find him living with another woman. Police Magistrate Campbell this afternoon adjourned the case till Monday morning.

A GREAT COUNTRY

Capitalist Says 250 Miles of Railway Would Open 2000 Miles of Navigation.

EDMONTON, Nov. 8.—(Special.)—That 250 miles of railway into the north country will open to civilization more than 2000 miles of river and lake suitable for navigation by large steamers, is the opinion of W. Hays, capitalist of Duluth, Minn., who has just returned from a trip into the Athabasca country with A. Volette, the man who is contesting the city's rights to use the great rapids on the Athabasca River for power purposes.

Mr. Hays gives a very complete survey of the country. He says there is timber enough there to supply western Canada for the next half century. Agricultural prospects could not be better, while copper, iron and gold are found, and also petroleum, asphalt, limestone and oil. Fishing could be developed into a great industry.

Charged With Theft

George Kent, 14 Palmerston-avenue, formerly employed by Edward Dyess, butcher, was arrested last night by Detective Newton on a warrant. It is alleged that he collected \$120 for his employer but did not turn it in.

NERVOUS DYSPEPSIA A CURE FOR ALL

Not a Patent Cure-All, Nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think that the weakest of stomach troubles claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this, and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial, will find that nothing is claimed for it that the facts will not fully sustain.

It is a modern discovery composed of harmless vegetable ingredients acceptable to the weakest of most delicate stomachs. Its great success in curing stomach troubles is due to the fact that the medicinal properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy, appetizing, refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food, and take these Tablets at each meal, thus assisting and refreshing the stomach, which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion incorporates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. per package.

HAMILTON HAPPENINGS NO PRESENTMENT YET IN THE FINTON CASE

Grand Jury Spent Whole Day in Hearing Witnesses—Presbytery Debate Church Union.

HAMILTON, Nov. 8.—(Special.)—There is now little doubt that the Finton case will go over to the next session, which will be held in January. The inability of the defence witness, Mrs. Spera, the accused man's sister, and Dr. Silverthorne, the Toronto doctor who is making the serum test on the blood found on Finton's overalls, to attend, will necessitate the adjournment. Up to tonight the grand jury had not brought in their bill in the Finton case. They spent the whole day in hearing witnesses in this case.

This afternoon a conclusion was reached in the case of Paul V. Maw, in which the plaintiff sought to recover damages for the erection by Maw of a fence on his property by mistake. The judge awarded \$25 to Paul, but gave the defendant costs. The jury in the action of Freeth v. Kennedy, brought in a verdict for the defendant. Freeth asked for \$5000 from Kennedy for damages he received by being run into by a runaway horse belonging to the defendant.

Albert New, who failed to come up for trial at the last county court, appeared before the judge and was allowed out on bail, provided he promised to come up for trial at the next county court.

At the meeting of the Hamilton Presbytery this afternoon, discussion took place over the question of church union. The speakers criticized the special committee appointed by the general assembly to deal with this subject. Rev. Dr. Smith of St. Catharines said the committee appeared to be withholding information. Sir Taylor, who started the discussion, said that the basis of union should be submitted to the sessions and congregations, even the general assembly did not approve of such action. Sir Thomas Taylor's resolution carried.

The works committee this evening appointed a sub-committee to go into the whole matter of regulating the erection of lighting standards on the streets. This was brought about by the application of the Hamilton Gas Light Co. for permission to place lamp posts before the Wright House.

A report by Inspector McAndrew in favor of a twice a week collection of garbage in the summer with single horse rigs, which would save the council about \$2000 a year, was sent along to the council. The committee which waited upon the street railway company in regard to new tracks reported that the company did not favor laying a track along Ferrie-street. The company, however, promised to look after the Oliver Plow employees, who would be likely to want a track on Ferrie-street.

Sitting rooms will be made at the city yard on John-street, and at the property given by C. S. Wilcox on West Cannon-street.

Rev. Dr. Fletcher, pastor emeritus of McNab-street Presbyterian Church, was this evening presented with a cheque for \$1200, to-day being the fiftieth anniversary of his entry into the ministry. The presentation took place at a reception to the doctor, given in McNab-street church. The gift was made by Dr. Fletcher's friends and the members of the Hamilton Presbytery. The doctor was pastor of McNab-street for thirty-two years, was a moderator of the Presbyterian General Assembly, and is at present clerk of the Hamilton Presbytery.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates \$1.50 to \$2 per day. Hanrahan, proprietor. Phone 1465.

Game and Fishery Inspector Kerr is out after hotelmen and restaurateurs who are serving food to their customers without a license. He saw a duck dinner advertised at the Raymond House, Burlington, last week, and was present when a number went in to enjoy this dainty. The proprietor of the hotel, E. A. Truman, could not produce a license.

FAVOR A CIVIC PLANT

If the City Can't Purchase the T. E. L. Company.

High Park Property Owners' Association last evening passed the following resolution:

"That this association approves the city council making an offer for purchase of the Toronto Electric Light Co. on a fair basis, but if this is impossible the association places itself on record as approving any action council may deem necessary for the establishment of a municipal plant."

It was felt that the Bell Telephone Co. should, if anything, reduce the rates, and the danger that exists through the Yinc at Queen-street and Dundas-street. The attention of the civil authorities will be directed to the foul odor from sewers and abattoirs in the neighborhood of the station, which will also get into touch with similar associations.

Aids. McCarthy and McCausland were present at the meeting, which was the largest yet held.

OBITUARY.

J. T. Thompson.

John T. Thompson, for over 50 years a railwayman, is dead, aged 77. He was connected with the G.T.R. during the Fenian raid, and after serving this company for over 25 years, joined the old Credit Valley Railway, and ran one of the first trains out of Toronto to Orangeville. His later work was with the Canadian Pacific Railway and at the time of his death he was on the superannuation list. He is survived by three sons and one daughter, Fred W., connected with the Central Press Agency, Toronto; John T. and James C., both of Chicago, and Mrs. John L. Day, Montreal. He was a member of Zeta Lodge, A. F. & A. M.

MORE CHAUFFEURS OUT

One Thousand More Pilots of Taxicabs Join the Express Company Strike.

NEW YORK, Nov. 8.—(Special.)—Today was expected to mark time in the strike of express company drivers and helpers, owing to the apparent disposition of the labor leaders to postpone consideration of the general strike question until after election, unexpected interest was injected into the sympathetic movement in aid of the strikers to-day by the announcement that 1000 additional taxicab chauffeurs had joined the strike. This made, according to Secretary Forster of the International Brotherhood of Teamsters, a total of 2300 taxicab drivers, despite the fact that 900 "taxicabables" employed for the most part by smaller companies, which had made agreements with their men, went back to work to-day.

WANTED ON EIGHT CHARGES

Chase After Racinni Lasted Over Three Years and Covered Continent.

OTTAWA, Nov. 8.—(Special.)—After a chase which lasted for over three years, and extended over a large stretch of the continent, Ralph Racinni, who has been in Ottawa since last spring, has been captured by Inspector Baur of Washington in the barber shop of the Russell Hotel, where he has been employed under the name of Ralph Bennett.

Racinni is wanted in Washington on eight charges of grand larceny. Extrajudicial proceedings were begun at the court house before Judge MacTavish, but were adjourned.

PROCEDURE AT CORONATION.

(Canadian Associated Press Cable.)

LONDON, Nov. 8.—At the coronation on June 22, the Canadian Associated Press understands that as to the procedure of the ceremony the King will adhere to precedent. There will be no disposition to excel in any of the historic characteristics by adding courtly or military displays. The only possible alteration in the program will arise from a specially expressed desire from the overseas dominions to be more comprehensively represented.

Mr. John Tyrrell

Scratched Until I Tore The Flesh

"It was in the latter end of the year 1903 that a nasty itch came through my skin, and I scratched it until I tore the flesh. I tried several ointments to no effect. I went to a skin hospital. They advised me to go to the Hospital, but I refused. I could not sleep with the constant itch. I was that way until on about the month of January. One day I chanced to see in the papers a one like mine, but I gave it no credence. At last I said, 'I will try the Cuticura Remedies.' With the first wash and Cuticura Ointment I used, I found their effects. I got one box and a return of the same, and in less than one week the skin was all right, and left no traces after it. I have not had a return of the same since, and I shall always praise the Cuticura Remedies as being the means of my cure."

(Signed) JOHN TRANKLIN, 94, Scotland Road, Liverpool.

In a further letter Mr. Tyrrell adds: "The first appearance of my skin eczema was a burning itch which I tore and left my body legs and arms a mass of sores. It caused sleepless nights, but now I can sleep as well as ever."

Cuticura Soap and Ointment

are sold by druggists everywhere. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free Cuticura Book on skin diseases.

Send your AUTOMOBILE MONEY OUT OF CANADA WHEN YOU CAN GET BETTER VALUE AT HOME.

A third of the money you must spend for a car made out of the country goes to the Customs, and the car you get cannot be a higher grade, more up-to-date, more satisfactory, car in any way than the Canadian made Russell, no matter where you buy or what you pay for it.

RUSSELL "30," \$2350 Specially Equipped

has the same high-grade steel, the same world-famous bearings, the same extreme care in the machining and fitting of parts as the cars made in the United States and Europe. But with these special designs for the work ahead of it which cars cannot have, it is made without special knowledge of the hardships of Canadian roads. Full standard construction.

Send for the New Catalogue.

AMERICANS HOPEFUL OF REACHING AGREEMENT

Tariff Commissioners Sat Two Hours Yesterday, But Would Not Say How Things Were Going.

OTTAWA, Nov. 8.—(Special.)—The third tariff conference between Hon. W. S. Fielding and Hon. William Patterson, representing Canada, and Henry M. Hoyt, Charles M. Pepper and Hon. J. C. Foster, representing the United States was held this afternoon and lasted from 4 to 6 o'clock. This is the most prolonged sitting yet held, and the fact that the negotiators were engaged in their task for two hours leads to the natural deduction that definite proposals were under consideration.

The commissioners, however, courteously declined to throw any light on the problem of how they occupied the time. It was gathered, however, that the commissioners do not anticipate negotiations for some time. One of the American negotiators remarked that he did not expect to go back to Washington for quite a spell.

This would indicate that the commissioners of the United States have reason to hope that they will at these preliminary meetings be able to set a satisfactory basis for an agreement with Canada. The Canadian Manufacturers' Association is anxious to find out what is going on here in the city to-day of R. Breadner, tariff expert of the association, who will keep an eye on the proceedings.

SALE OF THE LATE DR. WADE'S CHOICE OLD FURNITURE.

All yesterday afternoon there was no busier place in the city than Messrs. C. M. Henderson & Co.'s Art and Galleries, 87 and 89 East King-street. A large number of buyers, including a number of the most prominent of local collectors, attended the disposal of the late Major Orchard's pictures, which proved very successful, prices ranging from \$5 to \$250. Even greater public interest was taken in the choice examples of Canadian and English furniture and rare old French furniture belonging to the estate of the late Dr. John W. Wade, the greater part of which was also on exhibition. As illustrating the business methods of Messrs. Henderson & Co. it may be mentioned that immediately on the conclusion of the picture sale about 5 o'clock, the inner room was at once cleared and the remainder of the valuable furnishings unloaded and in place.

Not for some considerable time has so favorable an opportunity been afforded Toronto citizens to acquire really rare and choice specimens of the finest French, English and Canadian workmanship in artistic furniture. Conspicuous among it is a magnificent mahogany inlaid mahogany china cabinet, mounted in gilt ornate bronze, of equal interest is a carved Louis XV. sofa, with chairs to match, the set forming one of the most important in the collection. Another noteworthy article is a mahogany Chippendale china cabinet, silk lined and inlaid with mother of pearl.

In breakfast and dining-room furniture attention may be called to a very handsome Sheraton cabinet sideboard, inlaid and with diamond doors. Of special beauty is a Davenport tea set of 22 pieces, decorated with delicately tinted flowers and in perfect order. For the hall no better opportunities could be found than the carved oak table which will be offered and an exceptionally fine grandfather clock in mahogany case and in running order. There is also a massive mahogany bedstead of Gothic design. These mentioned are merely the outstanding features of a collection including old bureaus, secretaries, tables, chairs, beautiful vases, figures and china ornaments, fine old Sheffield electro plate and other decorative and household articles. The collection will be on view to-day (Wednesday) and the sale will commence at 11 o'clock a.m. sharp to-morrow, Thursday.

\$2.10—Buffalo and Return—\$2.10, via Grand Trunk Railway System, Friday, Nov. 11th.

Tickets good going via 4.22 p.m. train, valid returning Saturday, Nov. 12. Remember that the Grand Trunk is the only "double-track line" to Buffalo.

Secure tickets at Grand Trunk city ticket office, northwest corner King and Yonge-streets. Phone Main 4205.

MAY RUN IN ENGLAND.

(Canadian Associated Press Cable.)

LONDON, Nov. 8.—Bob Richardson of the Winnipeg Tribune, made some eloquent speeches during a recent visit, when on several occasions he spoke in the St. Pancras district. He so impressed the Labor and Radical Association of South St. Pancras that he was then and there offered the nomination for the ensuing election. The Canadian Associated Press understands that Mr. Richardson has not yet said whether or not he will accept the offer.

SOCIETY NOTES

Mrs. Edwin James Powell of Palmerston-boulevard is to be the hostess of twin teas on Monday, Nov. 14, and Tuesday, Nov. 15.

The first meeting of the Art Study Club of the Women's Art Association of Canada will be held at 10.30 a.m. to-day in the association's rooms at 394 Jarvis-street, when Mrs. Fenton Arnot will introduce the topic for the winter's work by reading a paper on "The Life and Character of the Greek People."

Mrs. Edwin James Powell and young ladies of the Wagnerian Musical Club are entertaining their friends at a tea on Monday, Nov. 14, at 357 Palmerston-boulevard.

Miss Eleanor H. Shackleton, a sister of Sir Ernest Shackleton, is registered at the Queen's. She is studying systems of nursing, with the intention of taking up the profession herself.

T. A. Meyer, proprietor of the Edwin House, was charged with having men in his bar after hours, but it turned out in court yesterday that they were plumbers, fixing leaky beer pipes.

W. W. Young of the Carpenters' Union left yesterday for St. Louis, to attend the meeting of the American Confederation of Labor.

W. C. Martin, proprietor of the Winchester Hotel, has sworn out a warrant for Herbert Smith, formerly employed by him. The charge is theft of \$854 from his safe. He believes that it occurred on Friday night while he was out of the hotel, and has gone to New York to try to locate Smith.

Charged with theft of jewelry from his employer, T. C. Fenton, jeweler of 31 West Queen-street, Martin Taiger, an engraver, was arrested yesterday by Detective McKinney. A quantity of the property was found at his house at 35 Chestnut-street.

Frank Gibbons, working on a new building on Dupont-street, fell from the second story and alighted on a pile of sand. He was badly shaken up and was taken to his home, 28 Wilton-ave.

A partnership dispute involving \$3000 was begun in the non-jury assize court yesterday before Judge Tetzell. A rent, contractor, is suing his former partner, R. L. Bullen, claiming a share on six houses that he says were erected under partnership. R. L. Bullen says it was his own private contract.

WHAT MAKES A GOOD COMPLEXION?

You are just about to commence the season's programme of evening parties, social events, etc. Why not look your best? Why let your complexion suffer by contrast with other ladies? Why not ensure a good complexion? You can do this on sound natural lines by using Zam-Buk, nature's herbal balm.

Zam-Buk is a skin food; and complexion is purely a matter of skin health. Zam-Buk smeared lightly over the face, each night, acts as a skin tonic. It stimulates the cells beneath the cuticle to healthy action, makes the capillaries and blood vessels work, and the vigorous circulation, thus started, carries away secreted impurities. Wax, sallow deposits are thus removed. Hard pimples growths are softened, and disappear.

That yellow tinge gives place to the pink of health, and the white velvety "look" and "feel" which healthy skin should have.

Isn't this wiser than relying upon talcum powder and cosmetics? These only put on a "complexion" from the outside. It doesn't last. Zam-Buk helps nature to build up a complexion from blood and tissue. It lasts! It won't rub off!

Be wise as well as womanly! Let Zam-Buk help you to look your real best!

Zam-Buk cures skin diseases, pimples, rashes, eruptions, cuts, burns, sores, chapped places, scalds, etc. Price, 50c box, all druggists and stores, or Zam-Buk Co., Toronto.

ZAM-BUK
