Caretaker of the Armoury Loses His Job

AFTER 15 YEARS' SERVICE.

The Retiring Caretaker is Not a Liberal, the New Man Is.

Orders Said to Have Come From Ottawa to Make the Change—Braby, the Englishman Upon Whom Papers Were Served Charging Wife Desertion, Denies the Story Told by the Alleged Wife — General News From the Ambitious City.

Hamilton, July 13.—(From The World's Staff Correspondent.)—This week sees the last of the engagement of genial Caretaker Harris of the Armoury, after 15 years' faithful service, and his displacement by Sergt. H. Marris of the XIII. Battalion. Col. Moore refused to-day to give any reason for the change, but it was learned tonight that the order for Harris' discharge came from Ottawa. Marris is an ex-member of the Bisley team and one of the eight who won the Kolapore Cup at the time of Her Majesty's visit. The new appointee is a Liberal, which Harris is not.

Braby Denies His Alleged Wife's Story.

John Braby, the Englishman who was followed from England yesterday and served with divorce papers by his alleged wife, denies the woman's story, and says that the object of her pursuit was to gain control of his two children, who have lately come into money. He states that he has been four times to England since coming out here, and that the suit for the dissolution of his marriage comes up in London this month.

Suing a Toronto Man.

Miss Mary Fairweather, 166 Cannon-street, is suing Manager A. H. Keith of the Vinyl Heeling Company of Toronto, for $2000 for encroaching upon her territory of exclusive rights of sale.

Sympathy Aroused.

A great deal of sympathy is aroused in the city over the cause and death of Minnie Gillies, referred to in this morning's World. The girl's death was hastened by her worry about her mother's wretched surroundings. Dr. Creelman generously attended the girl free of charge. Rev. W. F. Wilson, Wesley Church's warm-hearted pastor, procured a coffin for the dead girl this morning, and the funeral is likely to be largely attended.

THE EPWORTH LEAGUERS

Particulars of the Big Convention Which Opens in Toronto To-Morrow—Many Thousands Coming.

The third Epworth League Convention, which opens in this city to-morrow, is a most notable event, not only in the history of Toronto, but in that of Canadian Methodism.

It is officially stated to be the largest gathering of Methodists ever held anywhere. The principal branches of Methodism which will be represented are the Methodist Episcopal Church, the Methodist Episcopal Church South and the Methodist Church of Canada.

Prominent Men in Attendance.

Among the distinguished ministers and laymen of the Methodist Episcopal Church who will take part in the Toronto convention are: Bishops Ninde, Fowler, Newman, Hurst and McCabe; David H. Moore, D.D., editor of The Western Christian Advocate, Cincinnati; Arthur Edwards, D.D., editor of The Northwestern Christian Advocate, Chicago; J. F. Berry, D.D., editor of The Epworth Herald, Chicago; J. M. Buckley, LL.D., editor of The Christian Advocate, New York; Rev. E. A. Schell, Chicago; Rev. S. J. Herben, LL.D., assistant editor of The Christian Advocate, New York; Rev. A. B. Riker, D.D., Charleston, W.Va.; Rev. Homer Eaton, D.D., New York; Governor Atkinson of West Virginia, Governor Hastings of Pennsylvania, and Mrs. Clinton B. Fisk of New York.

The Methodist Episcopal Church South will be represented at the convention by some of its ablest men, among them Dr. S. A. Steel of Nashville, Bishop Duncan, Hendrix, and O. P. Fitzgerald, Dr. J. J. Tigert, editor of The Methodist Review, Nashville, and Dr. W. R. Palmore, editor of The St. Louis Christian Advocate.

The Canadian Methodist Church will be represented by some of its leaders—Rev. Dr. Carman, the general superintendent, Rev. Dr. Potts, Rev. Dr. Briggs and Rev. Dr. Sutherland, missionary secretary.

The attendance will represent all parts of the continent.

Origin of the League.

The Epworth League was organized at Cleveland, Ohio, in May, 1889, by the consolidation of five young people's organizations then existing in the Methodist Episcopal Church. The oldest of these was the Young People's Methodist Alliance, which was formed at the Desplaines camp meeting Aug. 25, 1883. At the time of the consolidation it had 410 local societies and 17,000 members. The second society was the Oxford League, which had been organized in 1884 through the efforts of Rev. Dr. (now Bishop) J. H. Vincent. The third society was the Young People's Christian League, organized by Rev. J. T. Twombly in 1887. The fourth society was the Young People's Union, which originated in the Detroit Conference late in the year 1887, and the fifth was the North Ohio Conference Methodist Episcopal Alliance, organized in 1888. The spontaneous growth of these various organizations indicated that the time was ripe to start a society that would include all the young people of the church. A meeting was called at Cleveland, and representatives of each of the five societies were in attendance. The colors of the Young People's Methodist Alliance—a white ribbon with a scarlet thread running through it—were adopted as the colors of the Epworth League, and the Maltese cross as the badge. John Wesley's words, "I desire to form a league, offensive and defensive, with every soldier of Jesus Christ," were adopted as the sentiment of the league. At the end of the first year there were 1820 chapters, at the end of the fourth year 10,200 chapters, at the end of the seventh year 16,302 chapters, and now, including the junior leagues, there are about 25,000 chapters.

The League in Canada.

This is the youngest organization, but it is growing rapidly, and now has about 2000 charters and nearly 100,000 members. Its officers are: Rev. A. Carman, D.D., General Superintendent, Belleville, Ont., President of Epworth League Board; Rev. A. C. Crews, Wesley Buildings, Toronto, Ont., general secretary; J. W. Flavelle, Toronto, general treasurer; William Johnson, Belleville, Ont., 1st vice-president; Rev. W. J. Ford, LL.B., Clinton, Ont., 2nd vice-president; Rev. W. R. Wood-worth, Woodstock, Ont., 3rd vice-president; J. S. Deacon, Milton, Ont., 4th vice-president; Rev. C. W. Watch, Brighton, Ont., 5th vice-president.

The convention at Toronto will no doubt give increased impetus to the League in Canada.

The Two Previous Conferences.

The first international conference was held at Cleveland, O., in 1893. About 5000 attended. The second international conference was held at Chattanooga, Tenn., in 1895, when 15,000 attended. The third is to be held at Toronto. Several places have asked that they be selected for the fourth, among them Omaha, Detroit, Seattle, Indianapolis, New York City and Philadelphia.

The Opening Day.

Simultaneous openings with addresses of welcome will take place to-morrow afternoon at 2.30 in Massey Hall and in the Metropolitan Church. At 8 o'clock meetings will be held in Massey Hall, Metropolitan Church, Cooke's Church and the Horticultural Pavilion. On the following day the departmental conferences commence.

Canadian Jubilee Contingent Arrive at Montreal.

WELL TREATED IN ENGLAND.

Bronzed by the Weather and Looking Like Old Campaigners.

They Think No Part of the Jubilee Show Was Equal to the Canadian Contingent—Real Estate Transfers for June Show a Very Large Increase Over the Same Month Last Year—Remains of the Late Canon Bourgeault Deposited Beneath the Cathedral—The Election Saw-Offs.

Montreal, July 13.—(Special.)—The Scotsman, with the Canadian Jubilee military contingent, reached port to-day. Lieut.-Col. Mason of the Royal Grenadiers and Major Pellatt of the Queen's Own, both of Toronto, expressed themselves as highly delighted with the treatment accorded them in England. Both these well-known officers are browned by the weather and look quite like old campaigners. They are of the opinion that no part of the show was equal to the Canadian contingent. The contingent were met by Lieut.-Col. Starke and a number of Montreal officers.

A Smoker to Highlanders.

Sergt. Williams and six men of the Toronto Highlanders have tendered a highly successful smoking concert this evening in the Victoria Armory. The boys will leave for home to-morrow morning.

Deals in Real Estate.

The Sun Life Insurance Company have just purchased the Waddell block, adjoining their own fine Building, for $65,000, thus securing the entire space facing on Notre Dame, John, Hospital and St. Alexis-streets. The company has now an area of 7060 square feet, the quantity purchased for the sum mentioned being 4000 feet.

There were 129 real estate sales recorded in this city during June, the amount being $726,977. During the corresponding month of last year 96 transactions were recorded, amounting to $275,301.

Other Montreal News.

Rev. Canon Bourgeault, vicar-general and administrator of the diocese since the death of the late Archbishop, was buried to-day beneath the Cathedral and alongside of Mgrs. Lartigue, Bourget and Fabre.

It is now believed that the contested election saw-offs were arranged between Sir Charles Tupper and Sir Wilfrid Laurier before the Premier's departure for England.

The C. M. B. A.'s Pleasant Picnic.

The city branches of the Catholic Mutual Benefit Association held a most successful picnic yesterday at Oshawa, going down by the Garden City. The picnic was the best the Toronto branches have yet had, the weather being perfect, the lake smooth and the attendance large. D. A. Glionna's orchestra helped to make the sail pleasant and played at Lakeside Park where the picnic was held. A program of games, some events, foot races, bicycle races and athletic sports was keenly contested. Owing to the hard work of a good committee, and Chairman Warde, Secretary Day and Treasurer Boland, everything went off promptly and without a mishap, and it was a well-pleased party that arrived back in the city about 9.30 p.m.

A New Departure by the Wabash.

The Wabash Railroad now runs its own solid trains from Buffalo to Chicago, St. Louis and Kansas City, passing through Niagara Falls, St. Catharines, Hamilton, Woodstock, London and Chatham. These trains are the finest ever seen in Canada, being vestibuled from end to end. Wabash trains reach more large cities than any other railroad in the world. Time tables and detailed information of this most wonderful railway from any R.R. agent, or J. A. Richardson, Canadian Passenger Agent, northeast corner King and Yonge-streets, Toronto.

The Peninsular Park Hotel—Big Bay Point—Lake Simcoe, situated as it is at the junction of Kempenfeldt Bay and Lake Simcoe, 500 feet above Lake Ontario, is the coolest and most delightful resort to spend your holidays. Excellent accommodation; fishing, bathing and boating unexcelled. Special rate of $1.50 per day or $8.00 (eight dollars) per week, during July. Boats meet the Muskoka express daily: also 5.15 p.m. train on Saturdays. For further information apply M. McConnell, 40 Colborne-street, Toronto. ed

Unusually Good.

It is whispered that the ale and porter manufactured by the Eaton Bros. Brewing Company of Owen Sound (Limited) is unusually good this summer. This explains why there is such a run on their goods. Messrs. Eaton Bros. deserve great credit for placing on the market such a health restoring stimulant as their XXX Porter, which is highly recommended as a tonic.

S. Ackerman, Commercial Traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

SHAW'S FAKE SCHEME.

Continued From Page 1.

very cheap ones. He would support Ald. Shaw's motion.

Ald. Woods instanced the trouble experienced in getting a pavement on Arthur-street under the present system. He favored submitting the question to the people.

Ald. Allen had studied the question carefully and had come to the conclusion that the local improvement system should be abolished.

Ald. J. J. Graham spoke briefly in opposition to Ald. Shaw's motion.

Ald. Shaw took exception to the statement that under his plan Ward 3 would be called upon to pay 42½ per cent. of the cost of street maintenance. He pointed out that the property on streets in Ward 3 that would be exempted from payment under his plan was assessed for $26,675,208, leaving $29,638,000, which did not by any means represent 42½ per cent. of the whole. If the local improvement system was so good, why was it not extended to street lighting and street watering? The people had abolished it as far as these services were concerned long ago, and they were now seeing the evils of its application to roadways and sidewalks.

Ald. Scott, seeing that the whole discussion was as to whether the local improvement system was to be abolished or retained, withdrew his motion in the meantime so as to get a straight vote on the question.

Lost on a Tie Vote.

After several of the aldermen had a few more words to say about the question, the question was put on Ald. Shaw's amendment, and the vote stood as follows:

Yeas—Ald. Shaw, R. H. Graham, Dunn, Leslie, Allen, Woods, Beale, Frame, Russell, Carlyle, Burns—11.

Nays—The Mayor, Ald. Lamb, Scott, Spence, J. J. Graham, Lynd, Hallam, Saunders, Sheppard, Crane, Preston—11.

The motion was thus lost in committee on a tie vote. The absentees were Ald. Hubbard, Gowanlock and Rutter.

The committee rose without reporting, and Ald. Lamb jumped up and moved that the Council adjourn. Ald. Shaw protested against such tactics. He moved that the committee rise and report. Ald. Lamb persisted in moving for an adjournment, but when he saw that Ald. Scott, Lynd and others were prepared to back up Ald. Shaw he withdrew his motion. The report of the committee was then presented to Ald. Hallam, who was acting as President of the Council, and another vote taken in Council on Ald. Shaw's amendment with exactly the same result as in committee.

Ald. Preston moved in amendment that legislation be obtained to empower the City Engineer, when authorized by Council, to construct a standard pavement when the same was necessary on any street and charge the same to the property benefited and that any extraordinary repairs required during its lifetime should also be borne by the property.

Ald. Preston was prevailed upon to leave this as a notice of motion, as the members were not prepared to discuss this proposition at present. It will be discussed at the next meeting of Council.

Ald. Scott's amendment had only two supporters, the mover and Ald. J. J. Graham.

A Surprise for the Mayor.

The Mayor was pleasantly surprised by being called upon by Ald. Lamb on behalf of all the members of the Council to accept a beautiful silver cup presented to his baby daughter, Alexandrina Victoria Fleming. Ald. Lamb made the presentation in appropriate terms and the Mayor thankfully accepted the gift on behalf of the latest addition to his family. The design of the cup is commemorative of the Diamond Jubilee and bears the following inscription:

"Presented by the Aldermen of the City of Toronto to Alexandrina Victoria Fleming, infant daughter of R. J. Fleming, Esq., Mayor, commemorating her birth, April 13th, Diamond Jubilee Year 1897—60th year of the Glorious and Illustrious reign of Her Most Gracious Majesty Queen Victoria—1837-1897."

Sympathy and Condolence.

Ald. Lamb, seconded by Ald. Crane, moved that the City Council desire to convey to Mr. Alderman Hubbard and his relatives an expression of its sincere sympathy and condolence on the occasion of the death of the worthy Alderman's father. The deceased gentleman was a resident of Toronto upwards of 60 years, and he had attained the extreme age of nearly 100 years. During his long residence in the city he enjoyed the respect and confidence of his fellow-citizens, and his demise is sincerely regretted by those in our midst who had the pleasure of his acquaintance.

The motion will be placed on the minutes as found.

A Few Motions.

Ald. Scott, seconded by Ald. Lamb, moved that the Mayor be asked to issue a notice requesting all citizens to decorate their residences and places of business in honor of the Epworth League Convention. Carried.

Ald. Lynd, seconded by Ald. Russell, moved that the City Engineer be requested forthwith to consider the advisability of continuing Dovercourt-road cars westerly on Queen-street to Dufferin-street and thence southerly to Springhurst-avenue and westerly along the avenue, so as to connect with the Parkdale railway station. Referred to the City Engineer.

Ald. Lynd, seconded by Ald. Russell, moved that, in view of the present inefficient and unsatisfactory lighting of the streets lying to the north of Bloor-street and west of Dovercourt-road, the Fire and Light Committee be instructed to consider the lighting of such streets at their next meeting, and, if possible, to provide for a better and more efficient service being instituted thereon.

Ald. Burns, on behalf of Ald. Hubbard, gave notice that he would move that a special committee be appointed, consisting of Ald. Leslie, Lamb, Shaw, Saunders, R. H. Graham, Scott and Hubbard, to suggest, consider and report to the Council such amendments as they may deem proper to the present local improvement act, so far as it may apply to the roadways and sidewalks of the city.

Ald. Scott moved that the Engineer be instructed to take the necessary steps to extend the street railway system by a line on Dufferin-street between the Queen-street subway and King-street west. Carried.

Ald. Sheppard moved that the Fire and Light Committee be instructed to look into the fire alarm system and other fire protection in connection with the main building at the Exhibition. Carried.

William Harris, used for abattoir purposes, for a period of ten years from January, 1898. Several others were passed for providing funds for improvements.

The Council accepted the invitation of the Highlanders' mess to be present with them after the reception to the champion teams.

Among the communications was one from the City Engineer stating that the date of the completion of the York-street bridge depended entirely upon the C.P.R., with whom the city had had trouble about certain grading that had been found improper. An order from the Railway Committee for the completion of the work will be asked for.

Ald. J. J. Graham presented a petition for a gravel roadway on Dovercourt-road.

Park Additions.

The Mayor announced that he had an option on two properties that he considered would make very valuable additions to the city's park area. It was agreed that the members of the Council should visit these properties on Friday at 2 o'clock and discuss the proposition at the meeting of the Council on Monday next.

On motion of Ald. Leslie, the Grand Army men who will assemble in Buffalo next month will be invited to visit Toronto on Friday, Aug. 27.

To Prevent Drownings.

At the Mayor's suggestion, Ald. Lamb, seconded by Ald. R. H. Graham, moved that the city secure a tug to convey boys under 17 years of age free across the Western Gap from Queen's Wharf to the sand bar, where they could swim to their heart's content and without danger, the tug to cost not more than $6 per day and to run between the hours of 2 and 9 p.m. The members of the Council, without exception, considered this a good scheme, and at Ald. Lynd's suggestion an active man, capable of taking care of the boys, will be hired during the hot weather to preserve order and teach the boys to swim if they desire to learn. Ald. Scott asked as to the city's liability in case of a drowning, but the Mayor assured him that the city would not be liable in any way.

A man will also be detailed to patrol the stretch marked out on the Don for bathing and chains will be attached to Queen's Wharf to prevent drownings.

At Ald. Crane's suggestion stakes and ropes will be placed in the water off the sand bar. With these precautions, it is hoped that drowning accidents will be less frequent.

That Horse Again.

The reports of the committees wee passed without much discussion. Ald. Lynd moved to strike out the recommendation to purchase a horse, buggy and harness for Western District Fire Chief Davis. He thought that if Davis could not get to all fires from the hall he was located at he should be moved to a more central hall. He could not see why Davis should have a horse any more than the other district chiefs. In committee Ald. Lynd found only two supporters for his motion to strike the recommendation out—Ald. Spence and Russell. In Council he pressed his motion again, with the following result:

Yeas—Ald. Lynd, Lamb, Allan, Spence, Russell, Hallam—6.

Nays—Ald. R. H. Graham, Leslie, Dunn, Scott, Shaw, Woods, Frame, Crane, Sheppard, Burns, Saunders—11.

The recommendations for sidewalks on John, Winchester and Isabella-streets were referred back.

Ald. Lynd asked that Ald. Lamb, in addition to the information contained in report No. 28 of the Board of Control, give the cost of a pavement made of 8 or 10 inches of stone or sand.

Tarte Inspects the Island.

Hon. J. Israel Tarte, Minister of Public Works, accompanied by Government Engineer Coste, R. B. Tyrrell, resident engineer, Mayor Fleming, Ald. Lamb, Hallam, Saunders, Leslie, Preston, Lynd, Graham, Beale, Woods, Crane, Russell, City Engineer Keating and Assistant City Engineer Rust, yesterday inspected the eastern breakwater and the southern shore of the Island. After a thorough inspection Mr. Coste gave it as his opinion that the erection of four or five groynes on the south shore at a cost of $1000 each was absolutely necessary. Mr. Tarte agreed with him and the work will, no doubt, be done without further delay.

THE ISLAND ORGAN STOPPED.

Was it Because it Played "St. Patrick's Day in the Morning"?

The organ on the merry-go-round at Centre Island has been innocently grinding out the tuneful strains of "St. Patrick's Day," regardless of the proximity of the Glorious Twelfth. Thus it has evidently made for itself an unrelenting enemy, for early last week the roller containing the tune was rendered useless by a generous application of vitriol, which almost ruined it. The roller was fixed up, however, but it was again ruthlessly damaged and, on the advice of Detective Slemin, it was locked up in the engine house. Once the lock was burst open during the night and on Sunday the roller was further knocked out. On Monday the vandal endeavored to finish his work by applying tar to the long-suffering roller, which was still being kept locked up. Last night, but last night a watch was kept and the organ's enemy was caught by P. C. Myles, while trying to demolish the roller with an ax. The prisoner is Benjamin Stokes, a man of years of age, who lives at 234 Simcoe-street, and he was brought over to Police Headquarters. Unless he escapes he will appear in the Police Court to-day. The prisoner is an engineer employed by the city at the Island.

Imperiant Move by Turkey.

Berlin, July 13.—The Frankfurt Zeitung's Constantinople correspondent says it is reported that a treaty was concluded at the Yildiz Kiosk to-day between the Roumanian and Turkish Governments by the terms of which Turkey will secure military assistance from Roumania in the event of Bulgaria's developing warlike designs. Ratifications of the treaty will be exchanged next week. It is understood that one of the great powers helped to arrange the treaty.

If the news contained in The Zeitung's despatch is true, it may be regarded as an important move on the part of Turkey, as it was believed in some quarters that the powers meditated using the Bulgarian army as a means of coercing the Sultan into acceptance of the terms of peace offered.

A Midnight Hanging.

Hartford, Conn., July 13.—Thomas F. Kippie was hanged to-day. The drop fell at 12.36 a.m. Thomas Kippie was a Scotchman, 41 years of age. On the night of Friday, Jan. 31, 1896, Kippie killed his wife by stabbing her.

BICYCLES FOR HIRE BY THE DAY, week, month or season at lowest living prices. Ellsworth & Munson, 211 Yonge-street, opposite Albert.

RE SINGER'S HYGIENIC BICYCLE saddle—of 129 Queen west. After riding on it all day, I dismount, feeling as fresh as at the beginning of the season, the case expecting any snap in the way of work, and will take no other. Call and see one at the Singer Manufacturing Company's show room, but this will not be a necessary measure upon the part of those who develop at practice. Second place in the list is no easy effort will be made to secure that position. The Capitals are the favorites of the league, and will have a big obstacle between Cornwall and the championship, and for the benefit of those who are not familiar with the game, hurday hoped again to see the Cornwall Jerseys of Toronto lacrosse fame. The performance of Dominion Day, when Cornwall failed to do so after having defeated Toronto was almost as much a surprise as the dismal failure of the Capitals against the Shamrocks. This was a case of ill-will towards the Capitals on the part of the Cornwall players because of the beating they received at the hands of Cornwall. Cornwall will therefore have to defeat Toronto on the 24th to wipe out the defeat of the 6 to 0 whitewash. The game will be played with the University of Toronto. Session begins in October.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellogg's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints. ed
