

T. EATON CO.

TO-DAY WE CLOSE AT FIVE O'CLOCK.

Kangaroo Boots

How quickly the feet get tired and sore when the weather is very warm depends a great deal on the kind of boot you wear. Some leathers are better than others in keeping the feet cool. That is why Kangaroo leather is such a favorite for summer wear. It is soft, pliable and porous and about the coolest leather we know of. It is as soft as kid, will wear twice as well and doesn't chip or peel off like so many fine leathers do. Let us introduce our \$3.00 Kangaroo Boot:

Men's Kangaroo Boots; made of genuine Australian kangaroo leather; Goodyear-welted soles; three styles, viz: Elastic sides or laced, in plain wide toe, or laced boot with toe cap, full round toes; sizes 6 to 11; boots that usually sell at five dollars we give you for \$3.00.

Hammocks at Ninety-nine Cents.

The well-known and always reliable Palmer Hammock. A line we bought to sell as a special at \$1.35, but for good reasons we offer on Thursday at a big fraction less:

100 only: Palmer Hammocks, full size, close woven style, fitted with pillow, balance and head and foot spreaders; our special price was \$1.35; Thursday, 99c.
