On the same day these three people appeared before Rev. Willis Odell, tor of the Richmond Avenue Church this city, and Holmes was married to one of the women. But, although Wheeler pursued his fugitive family for some time, he could not find them. He began proceedings in the Supreme Court of this city, however, alleging bigamy. The defense is peculiar. New Officers of the Commercial Travelers' Association.

Mr. Wm. Gray Succeeds Mr. John M. Dillon as President.

Excellent Financial Showing of th Society.

The regular general meeting of the Western Ontario Commercial Travelers' Association was held in the rooms lon, occupied the chair, and among others present were Messrs. Alf. Robinson (secretary), Alex. Fraser, Wm. Connor, Sam Munro, Jos. Pocock, W. S. Case, Harry Line, Jas. Smith, C. W. Nicholls, J. M. Logan, E. H. Grenfell, James Granger, A. E. Barbour, J. L. Johnson, James Jeffries, Hazard, F. M. Boyden, W. D. Brock, H. S. Wilcox, R. Hedley, H. B. Ashplant, O. O. Benson, F. B. Crabbe, W. A. Wilson, T. P. Blackwell, W. J. Boyd, W. M. Gray, Charles Perry H. G. Collamore, John T. Green, Gordon Wright

and H. Frank Whetter.

The president, in opending the meeting, congratulated the association on the high degree of prosperity which had marked the conduct of their af-fairs during the past year. The membership had continued to steadily in-crease, and after paying and making provisions for death and accident benefits to the amount of \$6,500, the handsome sum of \$3,442 36 had been added to the reserve fund, making that fund now stand at \$43,171 98. During his two years term of office the total addition had been over \$11,-000. In the past year all investments other than debentures had been sold at a small advance over the amount for which they were included in the last annual statement, and the pro-ceeds invested in debentures of the Huron and Erie and Ontario Loan and Debenture Societies. While the amount of interest would be smaller, there would be no fluctuation in value of the principal, and at the same time this would comply with the requirements of the Legislature as to the investment of the reserve fund. During the year an important conference took place in Montreal be-tween a large deputation of all the commercial travelers' associations in Canada, and the heads of the railroad corporations, and as a result an important reduction in travelers' ing that the wells on the Pallister, Walton and Hallock properties should rates had been effected on several lines in the Northwest, and some valuable baggage concessions gained. "It be obtained as the increase of business may warrant their introduction." In conclusion he said: "It only remains for me to thank the associa-

tion and the officers for the united and very cordial support I have received. During my two years' term all the proceedings have been of a very harmonious nature, and I confidently hope and predict that our future will be still more prosperous, as our benefits are so valuable, and their guarantee, especially as to amount of the reserve fund, are of so substantial a nature.

The secretary read the financial statement for the current year, closing Nov. 30, 1896, which showed receipts of \$43,010 13, and disburser of the same amount, including a balance of cash on deposit amounting to \$6,671 71. The assets are \$45,167 11, and the Habilities (principally provisions for claims not yet proved), to \$1,995 13, making the total amount of the re-serve fund, to date, \$43,171 98.

Then came the nomination of officers for the ensuing year, who were all elected by acclamation. They are as follows: President-Mr. Wm. Grav.

First Viice-President - Mr. C. E. Second Vice-President - Mr. H. G. Third Vice-President - Mr. N. W. Robertson, Hamilton (re-elected).

A Sensational Preacher

Evangelist Moody is Proud of Being

Says John the Baptist and Jesus Christ Created Sensations.

New York, Dec. 7 .- Moody, the revivalist, is a sensational preacher, and is proud of it. In his Cooper Union "I wish I could be a hundred times more so. I am not afraid of sensations. I want to stir up one. The newspapers are looking for sensations all the time. They keep an army of bright, active men on the watch all the time for them. I am ashamed of the time for them. I am ashamed of those ministers who talk against sensational preachers and preaching. "Was there ever a country in which there was such a stir aroused as was occasioned by the preaching of John the Baptist, Entire cities went out into the wilderness to hear him. He

We want something out of the ordinary, something out of the regular order. You will always find order in a graveyard. Go to a graveyard and you will find every man and woman rest-ing there quiet. They are keeping just the same order they did when they were placed there, but I tell you there will be a sensation and shaking up when the resurrection comes."

TO HEAD OFF CANADIANS.

So That They Won't Get Any of the \$4,000,000 to be Spent in Buffalo. Buffalo, N. Y., Dec. 7.- There will be a lively fight in this vicinity if the contractors who are to build the new \$2,000,000 breakwater act under Major Symons' interpretation of the law and employ Canadian labor. Several plans to head off such a movement are afoot. Congressman Mahany will on Monday introduce in the House at Washington a bill providing that no person save a citizen of the United States or one who has filed notice of intention to become a citizen at least one year prior thereto shall be employed on any Government work. The amount of public work contracted for next year in this city amounts to more than \$4,000,000, and J. R. De-barry, inspector of immigration for this port, is preparing to prevent any of this \$4,000,000 being diverted to Canadian pockets.
